EXECUTIVE SUMMARY

This Monthly Status Report covers the reporting period from May 1st, 2025, through May 31st, 2025.

May 2025 was another successful month of operations at the City of LaBelle's Water and Wastewater Project. "SAFETY" is always the number one priority at Woodard & Curran and as of May 31st, W&C staff have worked a total of 1339 days without lost time or recordable incident. In May, all the required monthly safety training was completed on time.

Project staff continue to reach out to new Food Service Establishments (FSE's) to ensure enrollment in the new FOG Best Management Practices (BMP) Portal site and compliance with program requirements.

- On May 2nd, W&C staff submitted the drinking water monthly operation report to the Department of Environmental portal PWS # 5250050.
- On May 2nd, W&C staff submitted the Deep Injection Well Discharge Monitoring Report to the Department of Environmental Protection for UIC Permit # 329487-004-UO/1X.
- On May 2nd, W&C staff submitted the Fluoride drinking water monthly operation report to the Health Department Portal in Tallahassee FL PWS # 5260050.
- On May 7th, The Consumer Confidence Report approved by the Department of Environmental Protection submitted to the city to be published on the website under water reports and a direct link published on the water bills for 3 months.
- On May 14th, W&C and city staff meeting preliminary for the Shady Oaks development.
- On May 20th, W&C engineering internal process and O&M check in.
- On May 21st, W&C engineering water plant alternate source power back up pumps.
- On May 22nd, Maintenance was completed for the Missouri/ Washington lift station generator (budget).
- On May 30th, Status report Labelle WWTP CMAR design. CMAR RFQ is pending review from FDEP. This is a high priority item and must be expedited to limit the impact to project schedule. W&C Fiscal Team is connecting with FDEP to expedite review.

- On May 31st, LaBelle has exported 1.483 million gallons of drinking water to Hendry County Utilities.

1. ADMINISTRATIVE

1.1 Woodard & Curran Regional Office

Woodard & Curran's local office location:
1511 N Westshore Blvd.
Tampa, FL 33607

1.2 Meetings

W&C project staff meet at the Water Plant every morning to discuss and plan the operational events of the day and discuss a daily tailgate safety topic.

- On May 1st, W&C engineering O&M meeting with City staff
- On May 6th, W&C engineering, reoccurring bi-weekly process/O&M check in for LaBelle WWTF project, Krista Forti.
- On May 6th, W&C Scada meeting
- On May 14th, W&C and city staff meeting preliminary for the Shady Oaks development.
- On May 15th, W&C Engineering meeting with City staff engineering and O&M.
- On May 21st, LaBelle Membrane WTF propane powered backup pumps.
- On May 28th, Resiliency Coordination Forum, South Florida Water Management District.
- May 29th, W&C Company Quarterly.

1.3 Vendors

W&C continues to reach out to potential project vendors to continue the Independent Contractor Agreement (ICA) and Purchase Order (PO) process. As invoices are received from the city, W&C starts the application process to create POs for each vendor. In November, the following vendors were added to a W&C PO and/or (ICA) Independent Contractor Agreement.

- PSI Technologies, Jeremy Fisher, 239-645-2698
3520 Investment Lane Unit 33 Riviera Beach FL 33404
- Calusa Environmental, Trina Moore, 863-465-7155
PO Box 1347 LaBelle, FL 33975
- Miller Septic North Environmental Inc. Lydia Billips 386-673-5550

19420 Doris Ln North Fort Myers, FL 33917

- Restoration & Protective Solutions LLC. Peter Giustina II 941-575-1255
12705 Tamiami Trail Punta Gorda, FL 33955
- Advanced Lift station services, Brett 239-292-6406, 1-888-993-5438
1871 Pine Ave Alva FL 33920
- Pittsburg Tank & Tower Group Maintenance Division, Dennis Paquet
dpaquet@pttg.com P: 270-826-9000 Ext: 4604 |F: 270-215-5713 PO Box 1849
Henderson, KY 42419
- CEC Controls Mark Bilbrey MBilbrey@cecontrols.com (Cell 615-207-2409)
5306 4th Ave. Cir. E. Bradenton FL 34208
- DM Integration Solutions, LLC Emily Dunn edunn@dmintegrationsolutions.com
(Cell 207-899-5814) 10716 Bridegate Heights Loop San Antonio, FL 33576
- Porterfield Oil Company Inc. 863-675-0565 1397 SR 29 South LaBelle FL 33935

2. SAFETY

2.1 Monthly Safety Training

Woodard & Curran provides monthly safety training to all employees. Upon being hired, all new LaBelle employees receive an extensive array of health & safety training topics to get them fully up to speed on health and safety requirements. The safety topic for April was "Review the emergency action plan". Additionally, Woodard & Curran staff members hold regular safety meetings. A brief general safety topic will be discussed as well as any unusual conditions existing at the plants and any additional safety concerns that should be considered given those conditions.

Woodard & Curran worked 1369 days without lost time or recordable incident as of May 31st, 2025.

All Woodard & Curran personnel assigned to the LaBelle project are participating in the (SPARKS) program. Employees who stay current on their monthly safety training, participate in monthly safety meetings, and who do not incur lost time from a work-related accident, are eligible to receive a SPARKS bonus at the end of the year. This bonus begins at \$200.00 and can reach \$500.00 based on five successive years of meeting SPARKS' goals.

Monthly Safety training completed by W&C staff in May consisted of:

- W&C Health & Safety Daily Orientation (Tailgate).
- On May 1st, W&C staff participated in a spark's safety meeting on "Eye Safety".
- W&C staff individually participated in the Pure Safety program in May and the safety stand down "Leg Injury and infection", report all injuries no matter how small.
- On May 2nd, Learn share heat stress awareness.

Additional Health & Safety Support Included:

Project	Action Item	Action	Status
La Belle	La Belle: Complete Bloodborne Pathogen Survey	Closed	
La Belle	La Belle: Conduct Evacuation Drill	Closed	
La Belle	La Belle: Confined Space & Fall Protection Equipment Inspection by Competent Person	Closed	
La Belle	La Belle: Evaluate Hearing Protector Attenuation	Closed	
La Belle	La Belle: Inspect and Replenish First Aid Kits	Closed	
La Belle	La Belle: LOTO Authorized and Affected Employees List	Closed	
La Belle	La Belle: LOTO Inventory and Grouping	Closed	
La Belle	La Belle: Perform Non-Entry CSE Rescue Practice	Closed	
La Belle	La Belle: Review & Update Emergency Action Plan	Closed	
La Belle	La Belle: Review and Validate Bulk Chemical Delivery Procedures	Closed	
La Belle	La Belle: Review and Validate Project JSA	Closed	
La Belle	La Belle: Review Confined Space Inventory	Closed	
La Belle	La Belle: Review Injury/Illness Reporting Requirements	Closed	
La Belle	La Belle: Review Lockout Tagout procedures	Closed	
La Belle	La Belle: Review O&M 40 Pound Lifting Limit	Closed	
La Belle	La Belle: Review Pandemic Influenza Response Plan	Closed	
La Belle	La Belle: Review Personal Protective Equipment Hazard Assessment	Closed	
La Belle	La Belle: Update Chemical Inventory	Closed	
La Belle	La Belle: Submit & Review Confined Space Permits	Assigned	
La Belle	La Belle: Submit & Review Electrical Safety Checklists	Assigned	
La Belle	La Belle: Submit & Review Working at Heights Permits	Assigned	
Total			86 %

- In May the LaBelle team completed 86% of its annual safety tasks.
- With the assistance of W&C's Health & Safety Team, the creation of a Job Safety Analysis (JSA's) for the LaBelle project was completed and is in the LaBelle team's folder, for all employees to access.
- In May, there were no "Loss Time" accidents reported at the water or wastewater plant.
- In May, there were no "Loss Time" accidents reported at any of the 24 wastewater lift stations.

2.2 Safety Audit Update

"SAFETY" is always the number one priority at W&C. On October 13th, 2020, and September 11th, 2021, a safety audit was performed at the City of LaBelle's water utilities which recorded 112 findings that yielded a total of 219 action items to be corrected. W&C's goal is to correct all action items in a timely manner, except items that require funding from Capital.

As of May 31st, a total of 219 of the 219 items action items have been completed, currently at 100% completion.

3. SEWER USE ORDINANCE, FATS, OIL AND GREASE PROGRAM (FOG)

3.1 FOG Program Updates for May

- In May, project staff worked onsite with waste haulers at different FSE's to ensure that grease traps are being pumped to satisfy Best Management Practices (BMP's) and maintain compliance with the City's FOG ordinance requirements.
- W&C staff continues to work with numerous Waste Hauler's on manifest interpretation and submittal of forms to the FOG BMP portal site.
- Woodard & Curran staff created an Excel spreadsheet for the city billing office staff and dept. heads to implement/track proper FSE (account) billing.
- Woodard & Curran staff worked with two new FSE's this month ensuring proper grease traps were installed and FOG application were submitted & FOG portal site was updated.
- Woodard & Curran staff have been working with all FSE's in the City to reduce & help ensure proper treatment & removal FOG from the City's infrastructure.

66 Total FSE's

2 new FSE's in process

1 FSE is currently out of compliance

3.2 Environmental Compliance Activity

Woodard & Curran strive for 100% compliance at both treatment plants. Below is a summary of the compliance activity for the month of May.

- On May 2nd, W&C staff submitted the drinking water monthly operation report to the Department of Environmental portal PWS # 5250050.
- On May 2nd, W&C staff submitted the Deep Injection Well Discharge Monitoring Report to the Department of Environmental Protection for UIC Permit # 329487-004-UO/1X.
- On May 2nd, W&C staff submitted the Fluoride drinking water monthly operation report to the Health Department Portal in Tallahassee FL PWS # 5260050.
- On May 5th, Woodard & Curran (W&C) staff performed weekly generator tests on both water and wastewater plants including both drinking water wells mandatory for compliance 62-555.320(4)(a) FAC.

- On May 6th, W&C staff collected wastewater composite and fecal samples for Sanders Laboratories for the Department of Environmental Protection Permit # FLA014283-007 sent to Sanders Environmental Laboratories for analysis.
- On May 6th, W&C staff collected the 1st set of drinking water bacteriological samples, raw water bacteriological samples for 62-555 FAC, and sent them to Sanders Laboratories for analysis.
- On May 7th, The Consumer Confidence Report approved by the Department of Environmental Protection submitted to the city to be published on the website under water reports.
- On May 8th, W&C staff met with Sanders Environmental Laboratories onsite to pull monthly samples on both the upper and lower monitor wells, and the deep injection well samples at the drinking water plant for permit # 98493 329487-004. These are monthly compliance sampling requirements. These samples are coordinated with Sanders Labs on the first Tuesday or Thursday of the first full week of each month.
- On May 12th, Woodard & Curran (W&C) staff performed weekly generator tests on both water and wastewater plants including both drinking water wells mandatory for compliance 62-555.320(4)(a) FAC.
- On May 13th, W&C staff collected wastewater composite and fecal samples for Sanders Laboratories for the Department of Environmental Protection Permit # FLA014283-007 sent to Sanders Environmental Laboratories for analysis.
- On May 13th, W&C staff collected the 2nd set of drinking water bacteriological samples, and the split-fluoride samples for 62-555 FAC, and sent them to Sanders Laboratories for analysis.
- On May 19th, Woodard & Curran (W&C) staff performed weekly generator tests on both water and wastewater plants including both drinking water wells mandatory for compliance 62-555.320(4)(a) FAC.
- On May 20th, W&C staff collected wastewater composite and fecal samples for Sanders Laboratories for the Department of Environmental Protection Permit # FLA014283-007 sent to Sanders Environmental Laboratories for analysis.
- On May 20th, W&C staff submitted the Discharge Monitoring Report for wastewater to the Department of Environmental Protection portal for Permit # FLA014283-007. The annual average for total suspended solids is above compliance. Influent chemical biological oxygen demand is high, into industrial waste levels for the second and third weeks.

- On May 22nd, Maintenance was completed for the Missouri/ Washington lift station generator (budget).
- On April 26th, Woodard & Curran (W&C) staff performed weekly generator tests on both water and wastewater plants including both drinking water wells mandatory for compliance 62-555.320(4)(a) FAC.
- On May 27th, W&C staff collected wastewater composite and fecal samples for Sanders Laboratories for the Department of Environmental Protection Permit # FLA014283-007 sent to Sanders Environmental Laboratories for analysis.
- On May 28th, Resiliency Coordination Forum, South Florida Water Management District, Consumption Use Permit.
- On May 29th, W&C Company Quarterly meeting.
- On May 31st, LaBelle has exported 1.483 million gallons of drinking water to Hendry County Utilities.

3.3 Upcoming Compliance Events

- City distribution valve exercising program (RCM Utilities completed the first week of field work pertaining to the water main isolation valve locating and exercising program.)
- South Florida Water Management District proper abandonment of the surficial wells north water plant, and permit capacity for drinking water plant. Resiliency Coordination Forum future drinking water plant expansion.
- Maintenance program for the Old FL R.V. Park lift station generator (budget).
- May and November, SERCAP hosts a CEU class for certified operator's new cycle.
- PFAS the forever chemicals, quarterly testing will be performed in 2026 on 6 PFAS variations.

4. CONSTRUCTION PROJECTS

4.1 Construction

- Construction continues at Bel Arbor. The city staff administration has assumed the duties with new construction sewer inspections.
- Construction continues at Old Florida RV Park.
- Construction continues at Pulte Homes, Calusa Cove. Lift station became active in April, 2025.

5. PLANT OPERATIONS

5.1 Wastewater Treatment

In April, WWTP had another successful month of operation. In accordance with the FDEP permit, W&C staff collected various compliance samples throughout the month.

Summarized in table 6-1 are the total flows for the influent and effluent as well as key permit constituents. The flows are displayed in Million Gallons per Day (MGD) Table 6-1 below, displays a one year rolling average.

Table 6-1: WWTP Flows and Loads

WWTP Flows and Loads							
Month	Influent Flow MGD	Influent BOD mg/L	Influent TSS mg/L	Effluent Flow MGD	Effluent BOD mg/L	Effluent TSS mg/L	Total Biosolids Transferred Dry Ton
Jun 2024	0.584	377	119	0.577	6.00	5.63	9.19
Jul 2024	0.641	171	116	0.667	6.20	9.72	*

Average	0.494	322.83	158	0.553	6.29	15.26	3.31

Asterisk () denotes no sludge processed during these months.*

Figure 6-1: Effluent Flow vs Rainfall in Inches

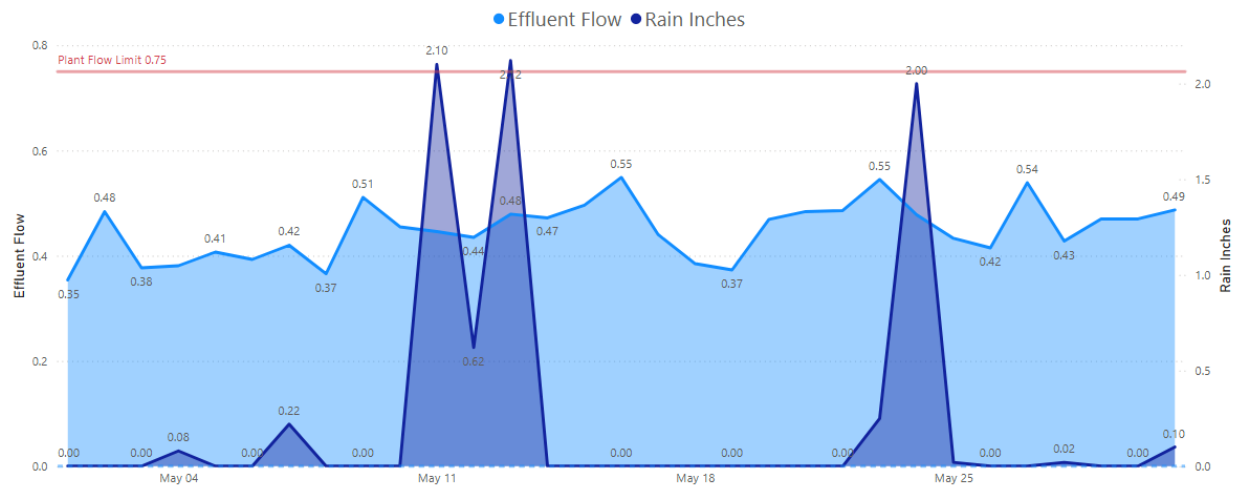

Figure 6-2: Effluent Flow vs Influent Flow (MGD)

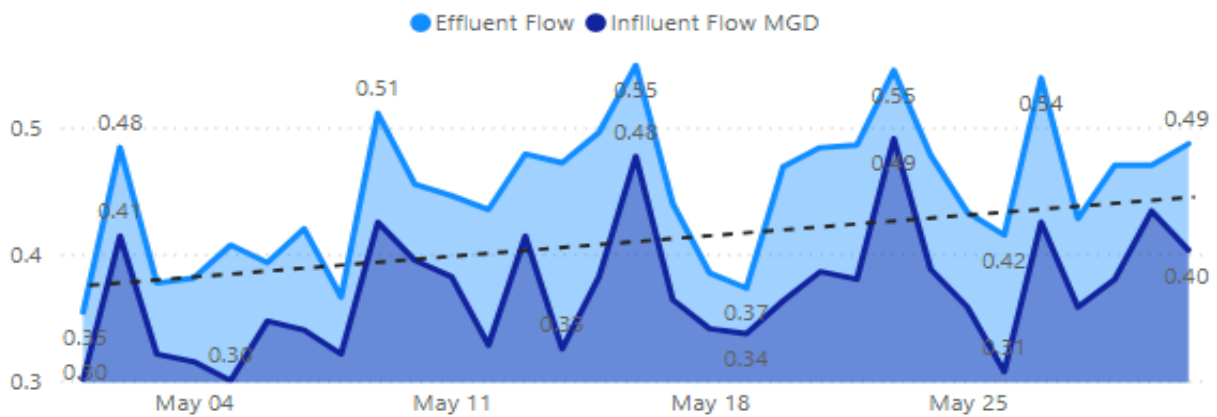

Figure 6-3: Effluent Biochemical Oxygen Demand (BOD)

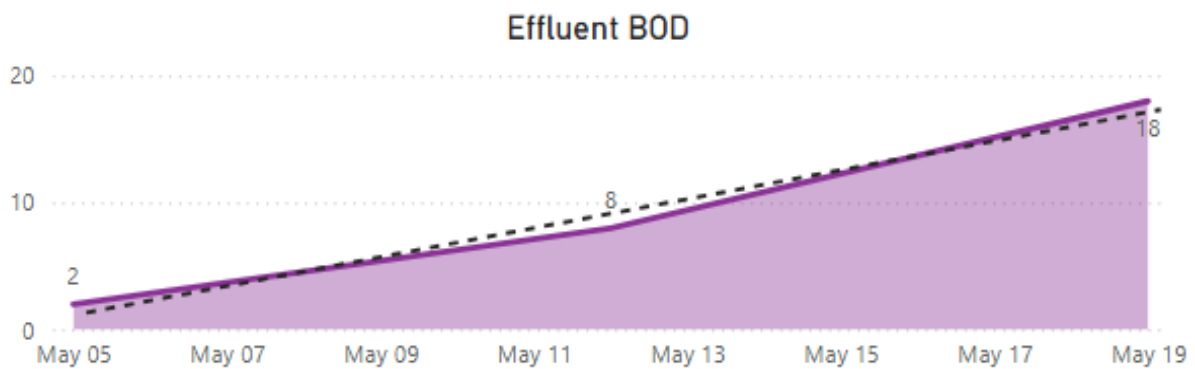

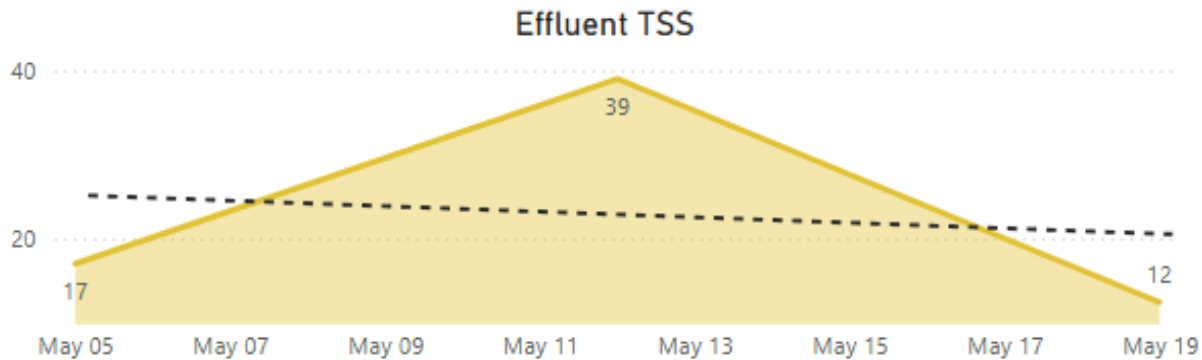

Figure 6-4: Effluent Total Suspended Solids (TSS)

*This graph is awaiting laboratory data from the Laboratory.

5.2 Chemicals Delivered Wastewater Plant

- On May 13th, Hawkins Chemical delivered 769 gallons of Sodium Hypochlorite to the waste plant for disinfection.

5.3 Biosolids

- In May, no biosolids were processed.

Table 6-2: Biosolids

Wastewater Biosolids			
Month	Liquid Sludge Hauled	Liquid Sludge Hauled	Total Biosolids Transferred
May	Gal	Dry Ton	Dry Ton
	0	0	0

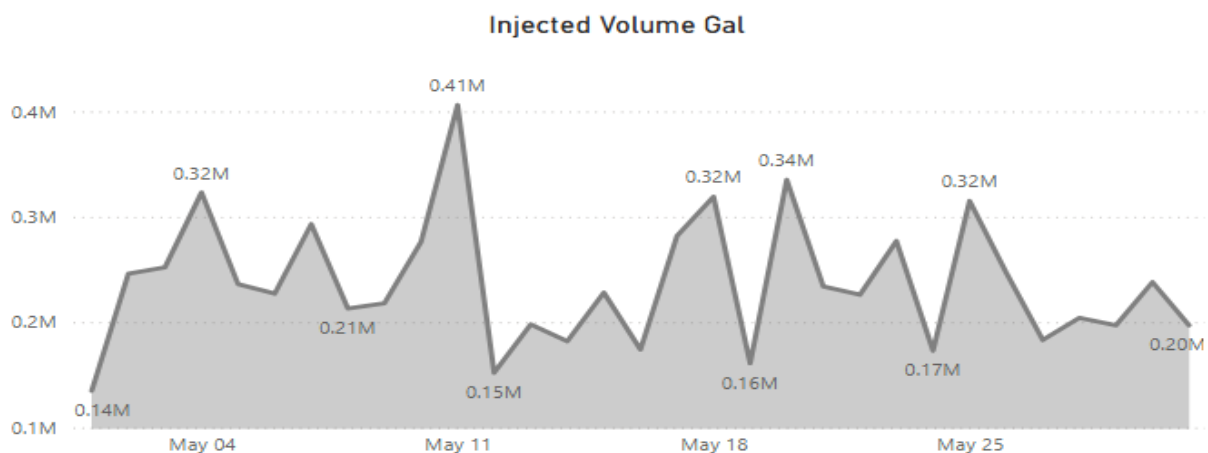

5.4 Water Treatment

Below is a table representing the average MGD of water pumped from the groundwater supply wells and finished treated water leaving the plant. The water loss data derives from the delta between the total treated water leaving the plant and the metered customer usage and is represented in the percentage of water loss. The table represents a 12-month rolling average of the data.

Table 6-3: City of LaBelle Water Production and Distribution

Month	Well 102 Total Flow MGD	Well 103 Total Flow MGD	Total Volume Withdrawn MGD	Finished Water Treated MGD	Total Injection Well Volume MG	Line 11 Water Loss %
Jun 2024	0.625	0.275	0.900	0.738	0.212	11.77
Jul 2024	0.574	0.295	0.870	0.716	0.202	30.46

Total	5.900	5.604	11.461	9.276	2.708	323.94
Average	0.492	0.467	0.955	0.773	0.226	27.00

Figure 6-5: Deep Injection Well Volume

* Instrumentation for the chart above was under maintenance in the month of May preventing data accumulation.

Figure 6-6: Finished Water Flow

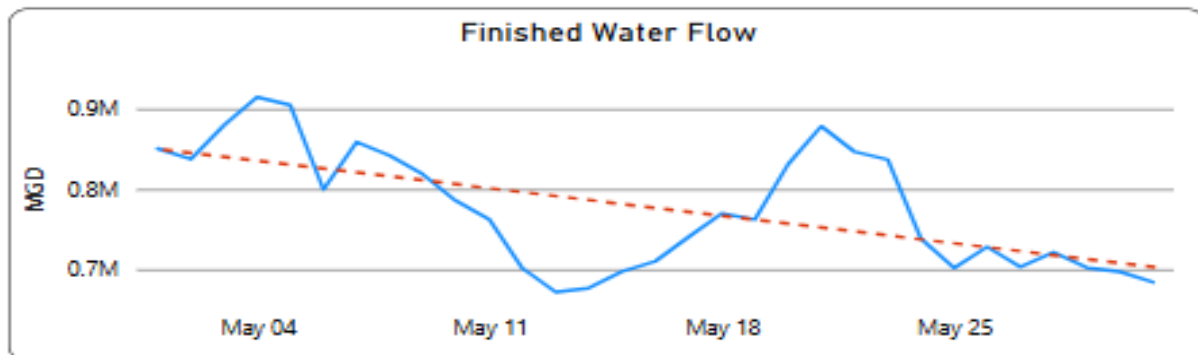

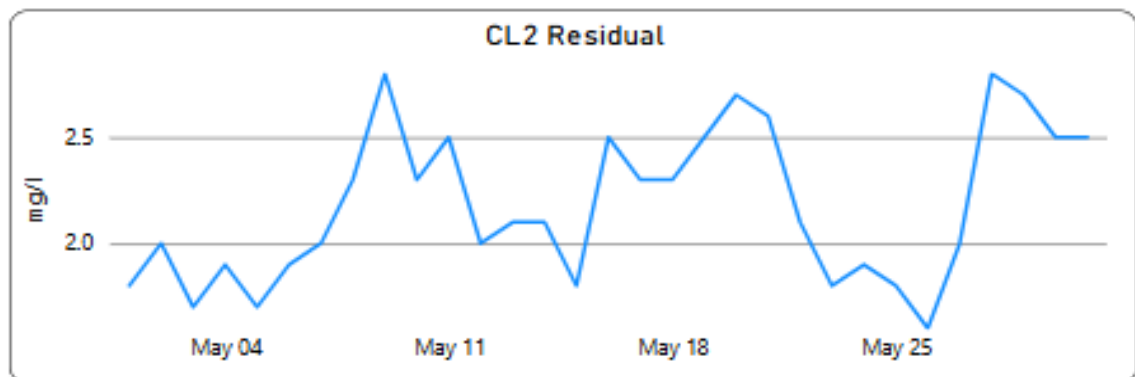

Figure 6-7: Finished Water Chlorine Residual

5.5 Chemicals Delivered to the Water Treatment Plant

- On May 8th, Brenntag Chemical delivered 725 gallons of Sodium hypochlorite to the drinking water plant.
- On May 30th, Air Gas delivered 23,980 lbs Carbon Dioxide to the drinking water plant.

6. CORRECTIVE AND PREVENTATIVE WORK ORDERS

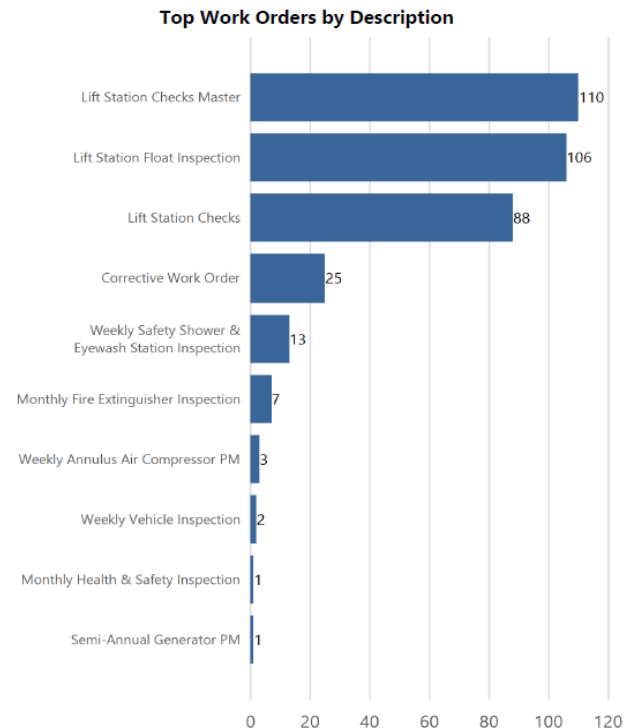

Figure 7-1 Corrective and Preventative Work Order History Report

Maintenance History Report Labelle, Florida

Report Start: 5/1/2025
Report End: 5/30/2025

Work Orders by Type	Total
Corrective Maintenance	237
Preventative Maintenance	96
Inspections	23
Total	356

16.1 Corrective Maintenance Work Orders

- On May 1st, K&B pump installed a rebuilt pump 2 at the Wal Mart lift station. Pump #1 sent off for rebuild. Pumps were damaged from excessive grease, rags and trash. Spare pump was ordered for this station being these are an odd size pump and lead time are long.
- On May 5th, W&C flushed the Dual Zone Monitoring Wells for monthly sampling.
- On May 6th, W&C received one pair of electrical gloves back from certification, send a second pair out for inspection and certification on the 27th of May.

- On May 12th, Thompkins construction on site at the waste plant, preparations for surge tank install.
- On May 14th, Severen Trent Environmental land clearing for surge tank.
- On May 16th, Severen Trent Environmental parts arriving for the surge tank.
- On May 18th, Bleach room breakers continuous tripping at the waste plant. Rainwater has accumulated in the underground conduits and the wiring is shorting out. K & B pump ran temporary alternate wiring, power to the whole building.
- On May 22nd, the bench top pH meter failed at the waste plant. A new one was ordered through USA Bluebook.
- On May 23rd, the bladder tank at the waste plant failed and started leaking. K&B pump came out and installed a new tank.
- On May 27th, City staff repaired a service line at 339 Bridge St.
- On May 27th, City staff repaired a service line at 230 Cottage Ave.
- May 27th, Emily Dunn on site electronic technician for SCADA. Replaced a battery back up on the lime system. Configured an alarm for the lime system, low pH for when the power fails, and breakers trip.
- On May 28th, Porterfield fuel filled generators at the drinking water plant -1000 gals, well #2 -166 gals, well #3 -160 gals, the wastewater plant -268 gals, and the lift station at Missouri St and Washington St. -180 gals.
- On May 28th, W&C staff performed generator inspections at both plants and the supply wells.

Table 8-2: Project Financials for May (Year 4) Tabel 8-2

Budget Category	Month Actual	Month Budget	YTD Actual	YTD Budget	Annual Budget	over (under)	% of budget
Labor (D.L. + FB)	\$40,700	\$56,997	\$380,385	\$455,975	\$683,963	(\$75,590)	56%
Utilities	\$885	\$925	\$5,166	\$7,400	\$11,100	(\$2,234)	47%
Chemicals Costs	\$9,688	\$19,950	\$102,384	\$159,600	\$239,400	(\$57,216)	43%
Maintenance and Repair Costs	\$9,973	\$12,354	\$136,932	\$98,833	\$148,250	\$38,099	92%
Sludge Disposal Costs	\$0	\$7,500	\$30,515	\$60,000	\$90,000	(\$29,485)	34%
Lab Supplies & Equipment	\$5,096	\$5,750	\$47,528	\$46,000	\$69,000	\$1,528	69%
Office Supplies	\$111	\$283	\$2,103	\$2,267	\$3,400	(\$164)	62%
Miscellaneous Expenses	\$9,724	\$5,764	\$67,793	\$46,113	\$69,170	\$21,680	98%
Overhead (G&A of D.L.)	\$10,853	\$15,199	\$101,436	\$121,593	\$182,390	(\$20,157)	56%
Subtotal of Costs for Contract Year	\$87,030	\$124,723	\$874,242	\$997,782	\$1,496,673	(\$123,540)	58%
Fixed Fee for Contract Year 2	\$6,962	\$9,978	\$69,939	\$79,823	\$119,734	(\$9,883)	58%
Total	\$93,992	\$134,701	\$944,181	\$1,077,605	\$1,616,407	(\$133,423)	58%

Table 8-2 highlights the financial status of the O&M Budget for the month of May.

Table 8-3: Transition Budget Status

Total Budget	\$537,032.00
Total Spent as of February 2025	\$437,448
8% Fee	\$34,996
Total	\$472,444
Remaining Balance	\$63,588

Table 8-3 highlights the status of the project transition budget. This budget was created for transitional expenses related to onboarding, implementation of W&C software and programs and the much-needed safety item improvements at the project. The transition budget also funds needed capital items identified at project inception that relate to compliance, operational resiliency, and sustainable delivery of services. Specifically, this work included the purchase, programming, and installation of 6 new Programmable Logic Controllers (PLC's). One at the WWTP and five at the Water Treatment Plant. These items were identified as being key pieces of equipment and due to age, are unsupported by

the manufacturer. The old programs were copied from the existing PLC's and have been reprogrammed and installed in the new units.

In June, City staff requested that W&C purchase a used tractor on behalf of the City of LaBelle Public Works Department. The transaction was \$44,753 and was deducted from the transition budget in July.

In September, the Arc Flash Analysis was completed at the Water Treatment Plant. The remaining balance of the transition fund is \$63,588. **W&C staff will work with city staff to determine how this balance is to be distributed.**

7. STAFFING

7.1 Staffing – Corporate Support

Table 9-1: Corporate Support

Name	Title	Support Provided
Alyson Watson	CEO	Management Support
Brian Bzdawka	Senior Vice President O&M Business Center Manager	Management Support
Marc Thomas	National Operations Leader	Management Support
