---

**Tia,**

Could you please put this with our application and put us on the agenda for January?

We are reapplying for our beer permission.

Thanks

Shellie

**Subject:** Request for Reconsideration of Beer Permit for Swamp Cabbage Festival

Dear City Commissioners,

We are writing to reapply for our beer permit for the upcoming Swamp Cabbage Festival and to clarify any misunderstandings regarding last year's event.

During last year's festival, the LDRC board requested to sell liquor alongside beer. We informed them that they needed to go through the proper channels for approval, and we agreed to allow it as a trial.

After the festival, we discussed the matter with Mayor Julie Wilkins and expressed our decision not to include liquor sales at future events.

We believe beer sales alone are a better fit for the festival, and we are committed to sticking with this moving forward.

There is documentation confirming that LDRC obtained the necessary permissions for liquor sales last year. At no point did we operate outside of the established process or act without proper authorization.

We respectfully request to be placed on the agenda for the January meeting to discuss this matter further and to reconsider our beer permit.

The income generated from beer sales is essential for covering festival security costs and other increased expenses this year.

Thank you for your time and understanding. We look forward to addressing any concerns and working together to ensure the success of the Swamp Cabbage Festival.

Sincerely,  
Shellie Hunter
