If they do not use the taps in place they will be required to make new ones and
cut and cap sewer and dig to water main and shut off before construction.

Customer Service: Approved Disapproved Reviewed by: Shasta Pelham

Comments: Utility Plan 6.0 dated 05/04/22 references a 1" water meter and an existing 6" sewer tap. A tap application would be required to access city utilities.

The tap fees, impact fees and utility deposits will be calculated upon approval of the tap application. A floor plan with detailed fixture units of the restroom addition
is required. City utilities border the property; locates must be obtained to ensure that the utility infrastructure is not damaged or obstructed.
