re: Tennis Forever Concurrency Impact Analysis

The site is currently vacant. The maximum allowed dwelling units is 88. Two bedroom dwelling units were used for these calculations.

Criteria for analyses:

- Trip generation was calculated per the ITE Trip Generation Manual, 9th edition, ITE code 220
- Potable Water Analysis per Chapter 64E-6.008 Florida Administrative Code, Table I
- Sanitary Sewer Analysis Chapter 64E-6.008 Florida Administrative Code, Table I
- Environmental Engineering: Tampa Typical Solid Waste Generation Rates

Summary of analyses:

- Trip generation: 585 ADT & 55 Peak PM trips
- Potable Water: 17600 gallons per day
- Potable Water: 17600 gallons per day
- Solid Waste: 128 tons per year

See attached Concurrency Worksheet.

Please contact me at 307.680.1772 if you have any questions.

re: Tennis Forever meets of the Requirements of Article 12 of the Land Development Regulations

The Tennis Forever proposed zoning change is consistent with Lake City's requirements of Article 12 of the Land Development Regulations.

- a) Whether the proposed change would be in conformance with the City's comprehensive plan or would have an adverse effect on the City's comprehensive plan.

Analysis: The proposed zoning change is in conformance with the comprehensive plan and will not cause any adverse effects to the plan.

- b) The existing land use pattern.

Analysis: The proposed zoning change would create a multi-family parcel with direct access to SW Bascom Norris Drive. It is immediately adjacent to the sports complex with only a small portion adjacent to single family residential. Other parcels with zoning are located in the area but are also isolated from sites with the same zoning.

- c) Possible creation of an isolated district unrelated to adjacent and nearby districts.

Analysis: Other parcels with zoning are located in the area but are also isolated from sites with the same zoning. No single family residential zoned property would be impacted.

- d) The population density pattern and possible increase or overtax the load on public facilities such as schools, utilities, streets, etc.

Analysis: The site is located on SW Bascom Norris Drive which is an arterial road. The City of Lake City was consulted prior to submitting this application and are aware of the water and sewer demand. Additional students may be present in the district as a result of the development.

- e) Whether existing district boundaries are illogically drawn in relation to existing conditions on the property proposed for change.

Analysis: The proposed zoning change would create a multi-family parcel with direct access to SW Bascom Norris Drive. It is immediately adjacent to the sports complex with only a small portion adjacent to single family residential. Other parcels with zoning are located in the area but are also isolated from sites with the same zoning.

- f) Whether changed or changing conditions make the passage of the proposed amendment

necessary.

Analysis: Housing is needed in the area due to the increase in people moving to the area.

- g) Whether the proposed change will adversely influence living conditions in the neighborhood.

Analysis: The proposed change will not adversely affect living condition in the neighborhood as the only access will be directly from SW Bascom Norris Drive.

- h) Whether the proposed change will create or excessively increase traffic congestion or otherwise affect public safety.

Analysis: Increase in traffic will be on an arterial road.

- i) Whether the proposed change create a drainage problem.

Analysis: No drainage problems will be created with the zoning change.

- j) Whether the proposed change will seriously reduce light and air to the adjacent areas.

Analysis: The site development will not reduction of light or air to adjacent areas.

- k) Whether the proposed change will adversely affect the property values in the adjacent area.

Analysis: The zoning change will not adversely affect property values in the area.

- l) Whether the proposed change will be a deterrent to the improvements or development of adjacent property in accordance with existing regulations.

Analysis: The proposed change will not be a deterrent to improvements or development of adjacent properties as the area.

- m) Whether the proposed change will constitute a grant of special privilege to an individual owner as contrasted with public welfare.

Analysis: The proposed change will not grant special privileges to the owner.

- n) Whether there are substantial reasons why the property cannot be used in accord with existing zoning.

Analysis: The owners wants to construct multi-family housing which is not compatible with the current zoning.

- o) Whether the proposed change suggested is out of scale with the needs of the neighborhood or the County.

Analysis: Overall, there is a need for multi-family properties to service the growth in the area.

- p) Whether it is impossible to find other adequate sites in the City for the proposed use in districts already permitting such use. When pertaining to other proposed amendments of these land development regulations the Planning and Zoning Board shall consider and study:

- i. The need and justification for the change.
- ii. The relationship of the proposed amendment to the purposes and objectives of the comprehensive planning program and to the City's comprehensive plan, with appropriate consideration as to whether the proposed change will further the purposes of these land development regulations and other ordinances, regulations, and actions designed to implement the City's comprehensive plan.

Analysis: The owner purchased this property some years ago and would like to develop it.
