The City of Lake City staff has reviewed the application and documents provided for the above request and have determined the following.

- **Planning-** This is a large-scale comp plan amendment and rezoning. This will have to go thru a expedited state review. To other comments at this time.
- **Gas-** Robert is there any utility impact?
- **Public Works-** Storm water?
- **Suwannee River Water Management-** Environmental resource permit (ERP) has not been issued for this site. There are no previous or ongoing compliance issues on the property. An individual ERP would likely be required given the extent of wetlands on the property and proposed commercial activity. SRWMD recommends the applicant schedule a pre-application meeting to discuss permitting requirements.

Staff Recommendation

- Staff finds the petition in compliance with the City's Comprehensive Plan and Land Development Regulations. Therefore, staff's recommended action would be for the City Council to approve Ordinance 2025-2329.
