CITY OF LAKE CITY

Report to Council

COUNCIL AGENDA**SECTION****ITEM
NO.****SUBJECT:****DEPT / OFFICE:****Originator: Joseph Helfenberger****City Manager**
Joseph Helfenberger**Department Director**

Thomas Henry

DateJanuary
12, 2021**Recommended Action:**

Authorize City Manager to bring a resolution before City Council to refurbish and improve the basketball courts in Youngs Park.

Summary Explanation & Background:

Currently, there are 1 and ½ basketball courts in Youngs Park that are in very poor condition. There is approximately \$105,000 remaining in the road fund after all the budgeted road work has been completed. This amount of money is not enough to do a whole road. I propose that the City improve the Summerset Cul de sac with approximately \$40,000 of the funds. The remaining funds could be used to refurbish the existing 1 and ½ basketball courts and make 2 full basketball courts. The courts would look very similar to the new tennis courts.

Alternatives:

Leave the funds in the road account for next budget cycle.

Source of Funds:

Use the remaining funds in the existing road budget.

Financial Impact:

Refurnishing of courts and expanding to 2 full courts would cost about \$60,350.00.

Exhibits Attached:

Project estimate and example of the material and colors of the improved basketball courts.

Estimate

Account : 541.63
