re: Slay Suites Concurrency Impact Analysis

The site is currently two properties with residential buildings. The buildings will be used as beauty salons. The total area of the buildings is 2500-sf. It is assumed that there are six chairs per building.

Criteria for analysis:

- Trip generation was calculated per the ITE Trip Generation Manual, 9th edition, ITE code 710
- Potable Water Analysis per Chapter 64E-6.008 Florida Administrative Code, Table 1
- Sanitary Sewer Analysis Chapter 64E-6.008 Florida Administrative Code, Table 1
- Environmental Engineering: Tampa Typical Solid Waste Generation Rates

Summary of analyses:

- Trip generation: 28 ADT & 4 Peak PM trips
- Potable Water: 900 gallons per day
- Sanitary Sewer Water: 900 gallons per day
- Solid Waste: 7 c.y. per week

See attached Concurrency Worksheet.

Please contact me at 307.680.1772 if you have any questions.

re: Slay Suites Analysis of the Requirements of Article 12 of the Land Development Regulations

The Slaty Suites proposed zoning change is consistent with the City of Lake City's requirements of Article 12 of the Land Development Regulations.

- a) Whether the proposed change would be in conformance with the City's comprehensive plan or would have an adverse effect on the City's comprehensive plan.

Analysis: The proposed zoning change is in conformance with the comprehensive plan and will not cause any adverse effects to the plan.

- b) The existing land use pattern.

Analysis: The subject properties are one block away from the cross section of SW Baya Drive and W Duval Street on SW Laurel Lane. The properties adjacent to SW Baya Drive are currently zoned for CN in Lake City

- c) Possible creation of an isolated district unrelated to adjacent and nearby districts.

Analysis: The properties adjacent to SW Baya Drive are zoned CN. This rezoning would not create unrelated districts.

- d) The population density pattern and possible increase or overtax the load on public facilities such as schools, utilities, streets, etc.

Analysis: The site will be used for a commercial and will not increase the population density or add additional loads to schools, streets or utilities. The site will utilize Lake City's water and sewer systems.

- e) Whether existing district boundaries are illogically drawn in relation to existing conditions on the property proposed for change.

Analysis: The site is not suited for residential development.

- f) Whether changed or changing conditions make the passage of the proposed amendment necessary.

Analysis: The change will allow for the opening of a business.

- g) Whether the proposed change will adversely influence living conditions in the neighborhood.

Analysis: The subject property will have access to SW Laurel Lane. There will be no negative effect of the living conditions of the neighborhood.

- h) Whether the proposed change will create or excessively increase traffic congestion or otherwise affect public safety.

Analysis: The proposed change will not add a significant traffic load the SW Laurel Lane.

- i) Whether the proposed change creates a drainage problem.

Analysis: No drainage problems will be created with the zoning change. All applicable permits for stormwater management will be obtained.

- j) Whether the proposed change will seriously reduce light and air to the adjacent areas.

Analysis: The site development will not reduce the amount of light or air to adjacent areas.

- k) Whether the proposed change will adversely affect the property values in the adjacent area.

Analysis: The proposed change will not have any adverse effects to the property values of the surrounding neighborhood.

- l) Whether the proposed change will be a deterrent to the improvements or development of adjacent property in accordance with existing regulations.

Analysis: The proposed change will not be a deterrent to improvements or development of adjacent properties as the area has many commercial uses.

- m) Whether the proposed change will constitute a grant of special privilege to an individual owner as contrasted with public welfare.

Analysis: The proposed change will not grant special privileges to the owner as other properties adjacent to SW Baya Drive are also zoned for CN.

- n) Whether there are substantial reasons why the property cannot be used in accord with existing zoning.

Analysis: The proposed commercial use is not allowed in the current zoning.

- o) Whether the proposed change suggested is out of scale with the needs of the neighborhood or the city.

Analysis: The subject property will have small salon shops to serve the community.

- p) Whether it is impossible to find other adequate sites in the city for the proposed use in districts already permitting such use. When pertaining to other proposed amendments of these land development regulations. The Planning and Zoning Board shall consider and study:

- i. The need and justification for the change.
- ii. The relationship of the proposed amendment to the purposes and objectives of the

comprehensive planning program and to the City's comprehensive plan, with appropriate consideration as to whether the proposed change will further the purposes of these land development regulations and other ordinances, regulations, and actions designed to implement the City's comprehensive plan.

Analysis: The adjacent properties are currently used commercially; this rezoning is more in line with the current use of the area.

Please contact me at 307.680.1772 if you have any questions.
