Dear Mayor Witt, Councilman Jefferson, Councilman Hill, and Councilman Sampson :

It was with great interest that I watched the unusual turn of events at your council meeting last night. I believe there is hope to address the issue of the city manager vacancy in the very near term with very little strife. Please review the proposal/cover letter attached to this email along with my resume. Thank you for your kind patience in this matter. I am optimistic that the problems related to this vacancy can be behind you shortly with just a little bit of additional attention to some of the information that I have attached

Very sincerest regards,

Dave Lynch 330-770-2833
