Subject: Circle K – US 90 & I-75 De-Minimis Exemption Letter
Project Name: Circle K – Circle K – US 90 & I-75
County: Columbia
Sec/Twp/Rge: S35 T3S R16E

To Whom it May Concern:

The proposed 3.47-acre Circle K – US 90 & I-75 project lies within the previously issued ERP No. 023-226410 and connects into the master project “Gateway Crossing” stormwater system. The project site is located at the northeast corner of the intersection of US Highway 90 and Centurion Court in the City of Lake City, Columbia County, Florida. We understand that this development is under SRWMD ERP No. 023-226410, and is shown as a portion of Basin DA-1 of the Gateway Crossing project. The proposed development will contain the addition of a 2,064 square foot Circle K high speed diesel canopy, with fueling stations, and associated infrastructure to the existing Circle K project constructed in 2016.

The proposed 3.47-acre Circle K – US 90 & I-75 lies within the previously issued ERP No. 023-226410 as stated above. We understand that this site is permitted up to 75% impervious area per ERP No. 023-226410.

As seen in the attached construction plans the Circle K – US 90 & I-75 project is proposing 2.63 acres (+/-114,580 SF) of impervious surface area to discharge into the system permitted under SRWMD ERP No. 023-226410. As the Circle K – US 90 & I-75 project is proposing impervious area less than or equal to the maximum allowed impervious surface area, and is connected to the master stormwater system that was approved in the Gateway Crossing project, ERP No. 023-226410, the project meets the requirements for a De-Minimis Exemption.

If you have any questions, or if you require additional information, please do not hesitate to contact our office at (407) 409-7002.

Very truly yours,

KIMLEY-HORN AND ASSOCIATES, INC.
