Site Specific Amendment to the Official Zoning Atlas (Rezoning) Application

A. PROJECT INFORMATION

1. Project Name: ClearSky - The Sanders Trust
2. Address of Subject Property: SW Real Terrace
3. Parcel ID Number(s): 02579-002, 02579-006, 02579-008, 02579-010, 02579-012, & 02579-013
4. Future Land Use Map Designation: Commercial (Proposed)
5. Existing Zoning Designation: Columbia County Commercial, Intensive ("CO CI")
6. Proposed Zoning Designation: Commercial, Intensive ("CI")
7. Acreage: +/-2.00
8. Existing Use of Property: Vacant Commercial
9. Proposed use of Property: Medical Treatment Facility

B. APPLICANT INFORMATION

1. Applicant Status Owner (title holder) Agent
2. Name of Applicant(s): Brandon M. Stubbs Title: Senior Planner
 Company name (if applicable): North Florida Professional Service
 Mailing Address: 1096 SW Main Blvd
 City: Lake City State: FL Zip: 32025
 Telephone: (386)752-4675 Fax: () Email: bstubbs@nfps.net

PLEASE NOTE: Florida has a very broad public records law. Most written communications to or from government officials regarding government business is subject to public records requests. Your e-mail address and communications may be subject to public disclosure.

3. If the applicant is agent for the property owner*.
 Property Owner Name (title holder): Real Terrace, LLC
 Mailing Address: _____
 City: Lake City State: FL Zip: 32056
 Telephone: () Fax: () Email: _____

PLEASE NOTE: Florida has a very broad public records law. Most written communications to or from government officials regarding government business is subject to public records requests. Your e-mail address and communications may be subject to public disclosure.

***Must provide an executed Property Owner Affidavit Form authorizing the agent to act on behalf of the property owner.**

C. ADDITIONAL INFORMATION

1. Is there any additional contract for the sale of, or options to purchase, the subject property?
If yes, list the names of all parties involved: The Sanders Trust
If yes, is the contract/option contingent or absolute: Contingent Absolute
2. Has a previous application been made on all or part of the subject property: Yes No
Future Land Use Map Amendment: Yes _____ No _____
Future Land Use Map Amendment Application No. CPA _____

D. ATTACHMENT/SUBMITTAL REQUIREMENTS

1. Boundary Sketch or Survey with bearings and dimensions.
2. Aerial Photo (can be obtained via the Columbia County Property Appraiser’s Office).
3. Concurrency Impact Analysis: Concurrency Impact Analysis of impacts to public facilities, including but not limited to Transportation, Potable Water, Sanitary Sewer, and Solid Waste impacts. For residential Zoning Designations, an analysis of the impacts to Public Schools is required.
4. An Analysis of the Requirements of Article 12 of the Land Development Regulations:
 - a. Whether the proposed change would be in conformance with the county's comprehensive plan and would have an adverse effect on the county's comprehensive plan.
 - b. The existing land use pattern.
 - c. Possible creation of an isolated district unrelated to adjacent and nearby districts.
 - d. The population density pattern and possible increase or overtaxing of the load on public facilities such as schools, utilities, streets, etc.
 - e. Whether existing district boundaries are illogically drawn in relation to existing conditions on the property proposed for change.
 - f. Whether changed or changing conditions make the passage of the proposed amendment necessary.
 - g. Whether the proposed change will adversely influence living conditions in the neighborhood.
 - h. Whether the proposed change will create or excessively increase traffic congestion or otherwise affect public safety.
 - i. Whether the proposed change will create a drainage problem.
 - j. Whether the proposed change will seriously reduce light and air to adjacent areas.

- k. Whether the proposed change will adversely affect property values in the adjacent area.
 - l. Whether the proposed change will be a deterrent to the improvement or development of adjacent property in accord with existing regulations.
 - m. Whether the proposed change will constitute a grant of special privilege to an individual owner as contrasted with the public welfare.
 - n. Whether there are substantial reasons why the property cannot be used in accord with existing zoning.
 - o. Whether the change suggested is out of scale with the needs of the neighborhood or the City.

 - p. Whether it is impossible to find other adequate sites in the city for the proposed use in districts already permitting such use. When pertaining to other proposed amendments of these land development regulations. The planning and zoning board shall consider and study:
 - i. The need and justification for the change.
 - ii. The relationship of the proposed amendment to the purposes and objectives of the comprehensive planning program and to the City's comprehensive plan, with appropriate consideration as to whether the proposed change will further the purposes of these land development regulations and other ordinances, regulations, and actions designed to implement the City's comprehensive plan.
5. Legal Description with Tax Parcel Number (In Microsoft Word Format).
 6. Proof of Ownership (i.e. deed).
 7. Agent Authorization Form (signed and notarized).
 8. Proof of Payment of Taxes (can be obtained online via the Columbia County Tax Collector's Office).
 9. Fee. The application fee for a Site Specific Amendment to the Official Zoning Atlas is As listed in fee schedule. No application shall be accepted or processed until the required application fee has been paid.

NOTICE TO APPLICANT

All nine (9) attachments are required for a complete application. Once an application is submitted and paid for, a completeness review will be done to ensure all the requirements for a complete application have been met. If there are any deficiencies, the applicant will be notified in writing. If an application is deemed to be incomplete, it may cause a delay in the scheduling of the application before the Planning & Zoning Board.

A total of eighteen (18) copies of proposed Site Specific Amendment to the Official Zoning Atlas Application and support material, and a PDF copy on a CD, are required at the time of submittal.

THE APPLICANT ACKNOWLEDGES THAT THE APPLICANT OR AGENT MUST BE PRESENT AT THE PUBLIC HEARING BEFORE THE PLANNING AND ZONING BOARD, AS ADOPTED IN THE BOARD RULES AND PROCEDURES, OTHERWISE THE REQUEST MAY BE CONTINUED TO A FUTURE HEARING DATE.

I hereby certify that all of the above statements and statements contained in any documents or plans submitted herewith are true and accurate to the best of my knowledge and belief.

DATA ANALYSIS AND CONCURRENCY REPORT

Application for Amendment to the City
of Lake City Future Land Use Map of the
Comprehensive Plan and Official Zoning
Atlas of the Land Development Regulations

Prepared for:

THE SANDERS TRUST
Strategic Healthcare Properties NationwideSM

Prepared by:

Brandon M. Stubbs, Senior Planner
North Florida Professional Services, Inc.

General Project Information

SUBJECT: A request for a Small Scale Amendment to the Future Land Use Map ("FLUM") of the Comprehensive Plan from Columbia County COMMERCIAL to COMMERCIAL and an amendment to the Official Zoning Atlas of the Land Development Regulations from Columbia County COMMERCIAL, INTENSIVE ("Co CI") to COMMERCIAL, INTENSIVE ("CI") on an approximate 2.00-acre subject property.

APPLICANT/AGENT: Brandon M. Stubbs, Senior Planner for North Florida Professional Services, Inc.

PROPERTY OWNER(S): Real Terrace, LLC.

LOCATION: North of SW Mary Ethel Lane; South of U.S. Highway 90, Five Guys, Panda Express, and Dairy Queen; East of Vacant Commercial Lands; and West of SW Real Terrace, Regal UA Cinema 90, TD Bank, and Planet Fitness; Columbia County, Florida.

PARCEL ID NUMBER(S): 02579-002

ACREAGE: ±2.00-Acres

EXISTING FLUM Columbia County Commercial

PROPOSED FLUM Commercial

EXISTING ZONING Columbia County Commercial, Intensive ("Co CI")

PROPOSED ZONING Commercial, Intensive ("CI")

SUMMARY

The proposal is for two separate; yet, companion amendments and applications. The first amendment proposes to amend ±2.00-acres of the Future Land Use Map of the Comprehensive Plan from Columbia County Commercial to City of Lake City Commercial. The second, companion amendment proposes to amend ±2.00-acres of the Official Zoning Atlas of the Land Development Regulations from Columbia County Commercial, Intensive (“Co CI”) to City of Lake City Commercial, Intensive (“CI”). The subject property is currently vacant.

Existing FLUM of Subject Property

The Columbia County Commercial FLUM Designation is described as follows in Policy I.1.6 of the Future Land Use Element of the Comprehensive Plan:

“Commercial land use. Lands classified as commercial use consist of areas used for the sale, rental and distribution of products, or performance of services, as well as public, charter and private elementary, middle and high schools. In addition, churches and other houses of worship, private clubs and lodges, and other similar uses compatible with commercial uses may be approved as special exceptions and be subject to an intensity of 1.0 floor area ratio.”

Proposed FLUM of Subject Property

The City of Lake City Commercial FLUM Designation is described as follows in Policy I.1.2 of the Future Land Use Element of the Comprehensive Plan:

“Lands classified as commercial use consist of areas used for the sale, rental, and distribution of products or performance of services, as well as public, charter and private elementary, middle and high schools. In addition, off-site signs, churches and other houses of worship, private clubs and lodges, residential dwelling units, which existed within this category on the date of adoption of this objective, and other similar uses compatible with commercial uses may be approved as special exceptions and be subject to an intensity of less than or equal to 0.25 floor area ratio except within the (CG) Commercial, General, (CI) Commercial, Intensive, (C-CBD) Commercial-Central Business District and (CHI) Commercial, Highway Interchange districts being subject to an intensity of less than or equal to 1.0 floor area ratio.

(CN) Commercial, Neighborhood uses shall be limited to an intensity of less than or equal to 0.25 floor area ratio. (CG) Commercial, General, (CI) Commercial, Intensive, (C-CBD) Commercial-Central Business District and (CHI) Commercial, Highway Interchange districts shall be limited to an intensity of less than or equal to 1.0 floor area ratio.”

Existing ZONING of Subject Property

The Columbia County Commercial, Intensive (“Co CI”) Designation is described as follows in Section 4.14.1 of the Land Development Regulations:

“The “CI” Commercial, Intensive category includes one zone district: CI. This district is intended for intensive, highly automotive-oriented uses that require a conspicuous and accessible location convenient to streets carrying large volumes of traffic and shall be located within designated urban development areas as defined within the county’s comprehensive plan. Such activities generally require large land areas, do not cater directly in appreciable degree to pedestrians, and require ample off-street parking and off-street loading space. This district permits certain uses not of a neighborhood or general commercial type and serves the entire county.”

Proposed ZONING of Subject Property

The City of Lake City Commercial, Intensive (“CI”) Designation is described as follows in Section 4.13.1 of the Land Development Regulations:

“The “CI” Commercial, Intensive category includes one (1) zone district: CI. This district is intended for intensive, highly automotive-oriented uses that require a conspicuous and accessible location convenient to streets carrying large volumes of traffic. Such activities generally require large land areas, do not cater directly in appreciable degree to pedestrians, and require ample offstreet parking and offstreet loading space. This district permits certain uses not of a neighborhood or general commercial type and serves the entire City.”

SURROUNDING USES

The existing uses, Future Land Use Map (“FLUM”) Designations, and zone districts of the surrounding area are identified in Table 1. Map 1 provides an overview of the vicinity of the subject property.

Table 1. Surrounding Land Uses

Direction	Existing Use(s)	FLUM Designation(s)	Zoning District(s)
North	U.S. Highway 90/Dunkin Donuts/ Panda Express/Ruby Tuesday	Commercial	Commercial, Intensive (“CI”)
South	SW Mary Ethel Lane/Florida Gateway Arena	Columbia County Residential, Low Density	Columbia County Residential, Single Family-2 (“Co RSF-2”)
East	Regal UA Cinema 90/Planet Fitness	Commercial	Commercial, Intensive (“CI”)
West	Vacant Commercial Lands	Commercial	Commercial, Intensive (“CI”)

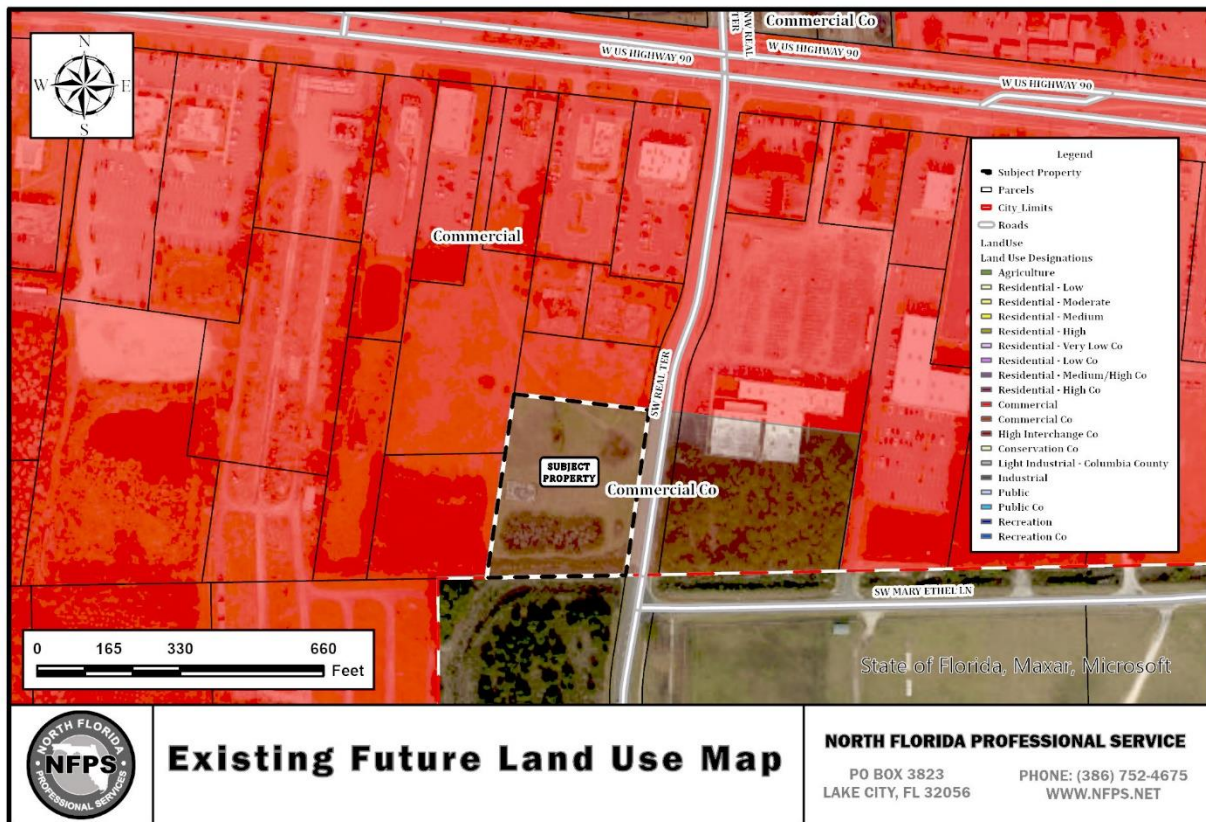

The following Comprehensive Plan Elements have Goals, Objectives, and Policies (GOPs) that support the proposed Future Land Use Map Amendment to the Comprehensive Plan:

- Future Land Use Element
- Transportation Element
- Sanitary Sewer, Solid Waste, Drainage, Potable Water, & Natural Groundwater Aquifer Recharge Element
- Capital Improvements Element

An analysis of Section 15.2.2 of the Land Development Regulations along with a Comprehensive Plan Consistency Analysis have been submitted as an accessory document to this report. According to the analysis, this application is consistent with the Comprehensive Plan and the Goals, Objectives, and Policies (GOPs) therein.

ENVIRONMENTAL CONDITIONS ANALYSIS

Wetlands

According to Illustration A-VI of the Comprehensive Plan, entitled Wetlands, which is based upon the National Wetlands Inventory, dated 1987, and the National Wetlands Reconnaissance Survey, dated 1981, there are no wetlands located on the subject property.

Evaluation: Given the subject property contains no wetlands, there are no issues related to wetland protection.

Map 6. NWI Wetlands Map

Soil Survey

Each soil type found on the subject property is identified below. The hydrologic soil group is an indicator of potential soil limitations. The hydrologic soil group, as defined for each specific soil, refers to a group of soils which have been categorized according to their runoff-producing characteristics. These hydrologic groups are defined by the Soil Survey of Columbia County, Florida, dated 2002. The chief consideration with respect to runoff potential is the capacity of each soil to permit infiltration (the slope and kind of plant cover are not considered but are separate factors in predicting runoff). There are four hydrologic groups: A, B, C, and D. "Group A" soils have a higher

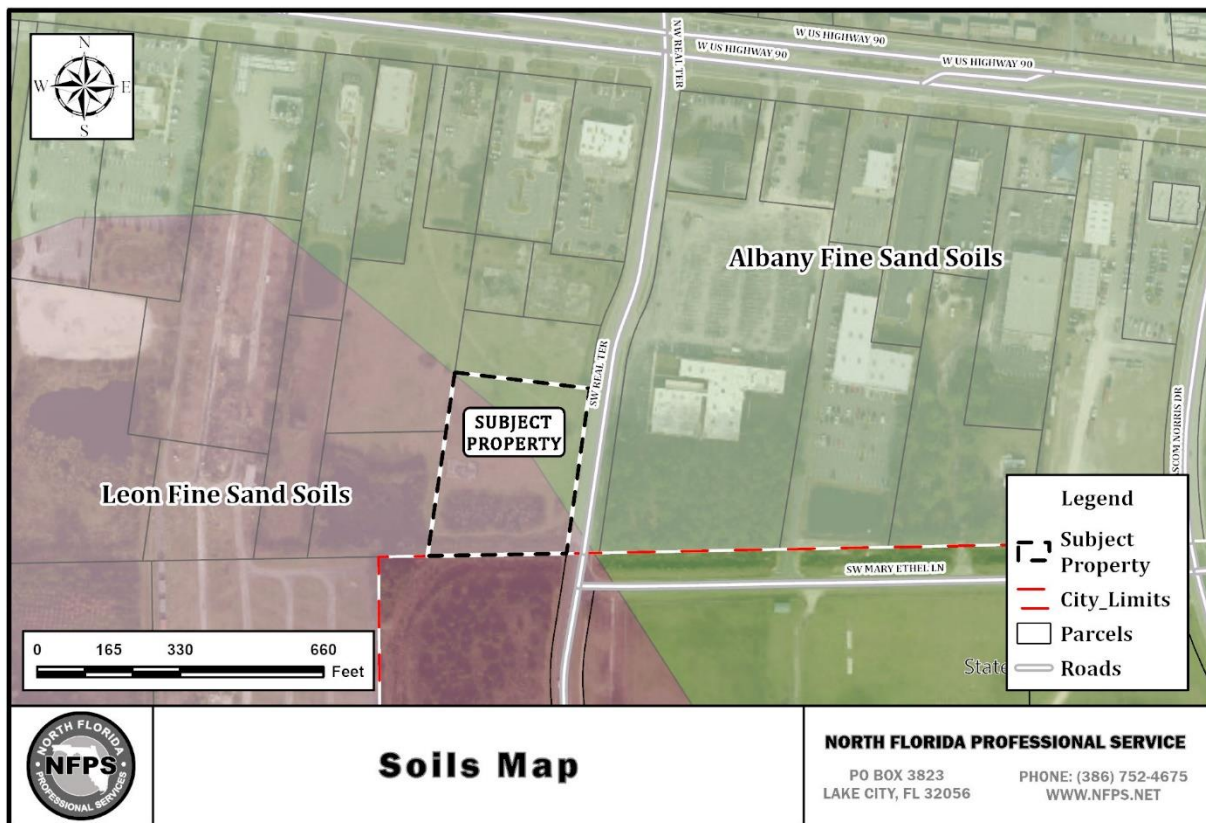

infiltration rate when thoroughly wet and therefore have a lower runoff potential. "Group D" soils have very lower infiltration rates and therefore a higher runoff potential.

There are two (2) soil types found on the subject property:

- 1) Albany Fine Sand soils (0 to 5 percent slopes) are somewhat poorly drained, nearly sloping soils on short hillsides in the uplands. The surface and subsurface layers are comprised of fine sand to a depth of 9 to 25 inches. The subsoil layer is comprised of dark loam sand to a depth of 80 inches or more. Albany fine sand soils (0 to 5 percent slope) have severe limitations for building site development and for septic tank absorption fields.
- 2) Leon Fine Sand soils are poorly drained, nearly level soils in broad flatwoods and in areas adjacent to wet depressions and drainageways in the uplands. The surface and subsurface layers are comprised of fine sand to a depth of 19 inches. The subsoil layer is comprised of fine sand to a depth of 80 inches or more. Leon fine sand soils have severe limitations for building site development and for septic tank absorption fields.

Evaluation: The soil types found on the subject property are Albany Fine Sand and Leon Fine Sand Soils (0 to 5 percent slopes). Both soil types pose severe limitations for building development and severe limitations for septic tank absorption field. During the site and development plan process, the applicant will have to accommodate for the soil types and stormwater. Further, any development shall be required to connect to the Community Potable and Sanitary Sewer Water Systems. At this time, there are no issues related to soil suitability.

Map 7. Soils Map

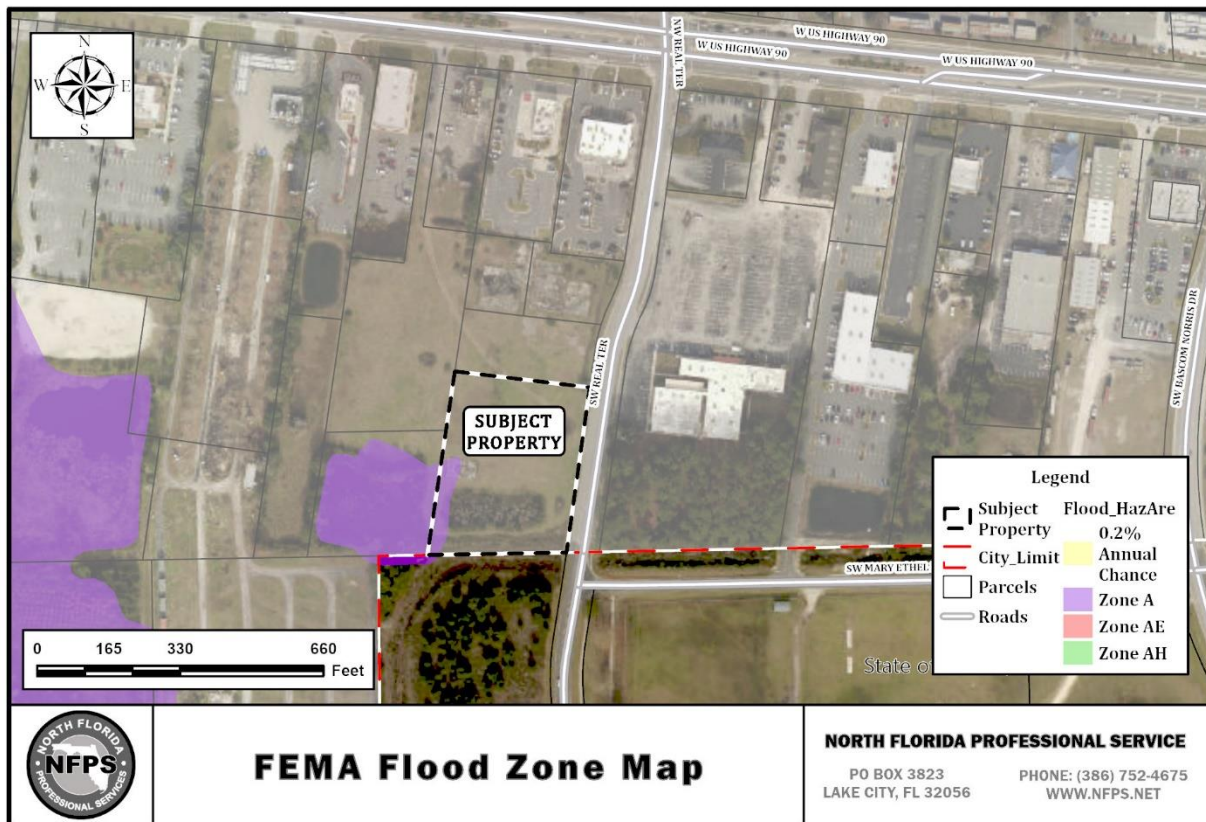

Flood Potential

Panel 0291D of the Federal Emergency Management Agency (FEMA) Flood Insurance Rate Map (FIRM) Series, dated November 2, 2018, indicates that the subject property is in Flood Zone “A” (area inundated by the annual one-percent chance of flood) and Flood Zone “X” (areas determined to be outside of the 500-year floodplain).

Evaluation: While the FEMA Firm Map indicates a very small portion in the southwest corner of the subject property in a Flood Zone “A”, the actual flood zone is located over the existing pond on the adjacent property. The small portion of FEMA flood zone shown on the subject property is due to a discrepancy in spatial data. Therefore, there is no concern of flooding on the subject property.

Map 8. FEMA FIRM Map

Stream to Sink

According to the Stream to Sink Watersheds, prepared by the Suwannee River Water Management District, the subject property is not located within a stream to sink area.

Evaluation: Section 4.2.38 of the County’s LDRs regulates Stream to Sink watershed areas. At this time, there is no concern related to Stream to Sink Watersheds.

Minerals

According to Illustration A-VII of the Comprehensive Plan, entitled Minerals, which is based upon Natural Resources, prepared by the Florida Department of Environmental Protection, 2012, the subject property is within an area known to contain any minerals.

Evaluation: There are no issues related to minerals.

Historic Resources

According to Illustration A-II of the Comprehensive Plan, entitled Historic Resources, which is based upon the Florida Division of Historical Resources, Master Site File, dated 1998, there are no known historic resources located on the subject property.

Evaluation: There are no issues related to historic Resources.

Aquifer Vulnerability

According to the Prime Natural Groundwater Aquifer Recharge Areas Map 2019, prepared by the Suwannee River Water Management District, dated 2000, the subject property is not located in a high Groundwater Aquifer Recharge area.

Evaluation: Given the subject property is not located in a High Groundwater Aquifer Recharge Area, there is no issue related to aquifer vulnerability at this time. During the engineering and site planning phase, special consideration will be given to the design of the site to accommodate the aquifer vulnerability.

Vegetative Communities/Wildlife

The subject property is located within an area not known as a vegetative community.

Evaluation: There are no known wildlife habitats associated with a non-vegetative community; therefore, there is no issue related to vegetative communities or wildlife. However, the subject property should be subject to an environmental impact assessment at the time of development.

PUBLIC FACILITIES IMPACT

Traffic Impact

Table 3. Affected Comprehensive Plan Roadway Segments¹

Segment Number ²	Segment Description	Lanes	Functional Classification	Area Type	LOS
4	U.S. 90 (from I-75 to SW Bascom Norris Rd)	6-D	Arterial I	Transition	D

¹ Source: City of Trenton Comprehensive Plan, Capital Improvements Element.

² FDOT roadway segment number shown in parenthesis (when applicable.) For the purposes of concurrency management, City of Trenton Comprehensive Plan segments that make up a portion of a larger FDOT roadway segment will be evaluated together when determining post development roadway capacity.

Table 4. Existing Trip Generation¹

Land Use	AADT ²	PM Peak Hour ³
Shopping Center ¹ (ITE Code 820)	3,740	326

Maximum Service Volume ²	5,110
Existing Traffic ³	3,372
Reserved Trips ⁴	0
Available Capacity	1,738
Projected PM Peak Hour Trips	0
Residual Capacity	1,738

¹ FDOT roadway segment number shown in parenthesis (when applicable.) For the purposes of concurrency management, City of Trenton Comprehensive Plan segments that make up a portion of a larger FDOT roadway segment will be evaluated together when determining post development roadway capacity.
² Source: FDOT 2023 Multimodal Quality/Level of Service Handbook, Generalized Annual Average Daily Volumes and Generalized Peak Hour Two-Way Volumes for Urbanized Areas.
³ Florida Department of Transportation, District II, Annual Average Daily Traffic Report.

Evaluation: The impacts generated by the development will not adversely affect the Level of Service (LOS) of the roadway segment identified above; therefore, the demand generated by the development is acceptable.

Potable Water Impacts

The subject property is located within a community potable water system service area. The subject property will be served potable water via City of Lake City Potable Water System. The City of Lake City Potable Water System is anticipated to meet or exceed the adopted level of service standard for potable water established within the Comprehensive Plan. Note: Calculations are based upon Chapter 62-6.008, F.S.

The existing intensity allows for a 1.0 floor area ratio. The subject property is 2.00 acres; therefore, the existing intensity would allow for a total of 87,120 square feet of floor area. An average shopping center utilizes approximately 100 per thousand square foot. $(100 \text{ GPD} \times 87.12 \text{ SQ FT}) = 8,712 \text{ Gallons Per Day}$

The proposed density allows for 1.0 floor area ratio. The subject property is 2.00 acres; therefore, the existing intensity would allow for a total of 87,120 square feet of floor area. An average shopping center utilizes approximately 100 per thousand square foot. $(100 \text{ GPD} \times 87.12 \text{ SQ FT}) = 8,712 \text{ Gallons Per Day}$

Net Increase: $8,712 \text{ GPD} - 8,712 \text{ GPD} = 0 \text{ GPD}$

Evaluation: The impacts generated by the development will not adversely affect the Level of Service (LOS) for potable water facilities; therefore, the demand generated by the development is acceptable.

Sanitary Sewer Impacts

The subject property is located within a community centralized sanitary sewer system service area. The subject property will be served sanitary sewer via City of Lake City Sanitary Sewer System. The City of Lake City Sanitary Sewer System is anticipated to meet or exceed the adopted level of service standard for sanitary sewer established within the Comprehensive Plan. Note: Calculations are based upon Chapter 62-6.008, F.S.

The existing intensity allows for a 1.0 floor area ratio. The subject property is 2.00 acres; therefore, the existing intensity would allow for a total of 87,120 square feet of floor area. An average shopping center utilizes approximately 100 per thousand square foot. $(100 \text{ GPD} \times 87.12 \text{ SQ FT}) = 8,712 \text{ Gallons Per Day}$

The proposed density allows for 1.0 floor area ratio. The subject property is 2.00 acres; therefore, the existing intensity would allow for a total of 87,120 square feet of floor area. An average shopping center utilizes approximately 100 per thousand square foot. $(100 \text{ GPD} \times 87.12 \text{ SQ FT}) = 8,712 \text{ Gallons Per Day}$

Net Increase: $8,712 \text{ GPD} - 8,712 \text{ GPD} = 0 \text{ GPD}$

Evaluation: The impacts generated by the development will not adversely affect the Level of Service (LOS) for sanitary sewer facilities; therefore, the demand generated by the development is acceptable.

Solid Waste Impacts

Solid waste facilities for uses to be located on the site are provided at the sanitary landfill. The level of service standard established within the Comprehensive Plan for the provision of solid waste disposal is currently being met or exceeded.

The existing intensity allows for a 1.0 floor area ratio. The subject property is 2.00 acres; therefore, the existing intensity would allow for a total of 87,120 square feet of floor area. An average shopping center generates approximately 2.5 lbs of solid waste per 100 square foot per day. (2.5 LBS x 871.2 SQ FT) = 2,178 pounds of solid waste per day.

The proposed density allows for a 1.0 floor area ratio. The subject property is 2.00 acres; therefore, the existing intensity would allow for a total of 87,120 square feet of floor area. An average shopping center generates approximately 2.5 lbs of solid waste per 100 square foot per day. (2.5 LBS x 871.2 SQ FT) = 2,178 pounds of solid waste per day.

Net Increase: 2,178 lbs per day – 2,178 lbs per day = 0 lbs per day

Evaluation: The impacts generated by the development will not adversely affect the Level of Service (LOS) of solid waste facilities; therefore, the demand generated by the development is acceptable.

Recreation Facilities

The proposed development is commercial in nature; therefore, there is no impact to recreation facilities. The development will have no negative impact to the Level of Service (LOS) of recreation facilities.

Public School Facilities

The proposed development is commercial in nature; therefore, there is no impact to public school facilities. The development will have no negative impact to the Level of Service (LOS) of public school facilities.

Analysis of Section 16.2.2 of the Land Development Regulations

1. Conformity with the Comprehensive Plan and the effects upon the Comprehensive Plan.

Applicant's Response: The subject property is surrounded by urban uses, including commercial uses to the north, east, and west. To the south, there is a rodeo arena and fairgrounds. The proposed land use of Commercial is comparable and compatible with the existing surrounding land use. In fact, the subject property currently has a commercial land use designation; however, the proposed amendment would reclassify the commercial land use designation from a County designation to the City designation. Therefore, the proposed amendment to the Future Land Use Map of the Comprehensive Plan is not only more compatible than the existing land use, but it also brings the land use into compliance with the City's Comprehensive Plan.

Below is a list of Goals, Objectives, and Policies the proposed amendment is consistent with:

OBJECTIVE I.1 The City Concurrency Management System shall make available or schedule for availability the public facilities for future growth and urban development as development occurs in order to provide for urban densities and intensities within the City.

Policy I.1.1 The location of higher density residential, high intensity commercial and heavy industrial uses shall be directed to areas adjacent to arterial or collector roads, identified on the Future Traffic Circulation Map, where public facilities are available to support such higher density or intensity.

Policy I.1.2 The land development regulations of the City shall be based on and be consistent with the following land use classifications and corresponding standards for densities and intensities and shall establish the following floor area ratio(s) to be applied to each classification of land use:

COMMERCIAL

Lands classified as commercial use consist of areas used for the sale, rental, and distribution of products or performance of services, as well as public, charter and private elementary, middle and high schools. In addition, off-site signs, churches and other houses of worship, private clubs and lodges, residential dwelling units, which existed within this category on the date of adoption of this objective, and other similar uses compatible with commercial uses may be approved as special exceptions and be subject to an intensity of less than or equal to 0.25 floor area ratio except within the (CG) Commercial, General, (CI) Commercial, Intensive, (C-CBD) Commercial-Central Business District and (CHI) Commercial, Highway Interchange districts being subject to an intensity of less than or equal to 1.0 floor area ratio. (CN) Commercial, Neighborhood

uses shall be limited to an intensity of less than or equal to 0.25 floor area ratio. (CG) Commercial, General, (CI) Commercial, Intensive, (C-CBD) Commercial-Central Business District and (CHI) Commercial, Highway Interchange districts shall be limited to an intensity of less than or equal to 1.0 floor area ratio.

Policy I.1.3

The City shall continue to allocate amounts and types of land uses for residential, commercial, industrial, public, and recreation to meet the needs of the existing and projected future populations and to locate urban land uses in a manner where public facilities may be provided to serve such urban land uses. (Urban land uses shall be herein defined as residential, commercial and industrial land use categories).

2. The existing land use pattern.

Applicant's Response: As previously mentioned, the subject property is juxtaposed to existing lands uses and right-of-way corridor that are consistent and compatible with the proposed land use. The existing commercial land use designation through the County is being amended to comply with the City's Comprehensive Plan and apply a commercial land use designation through the City.

3. Possible creation of an isolated district unrelated to adjacent and nearby districts.

Applicant's Response: The proposed land use is Commercial. The commercial land use is consistent with the surrounding Commercial land use. If fact, the proposed amendment does not create an isolated, unrelated land use district; rather, compliments and removes an isolated pocket of County Commercial land use that is inconsistent with the adjacent and surrounding uses.

4. The impact of the proposed change upon population density pattern and the load on public facilities such as schools, utilities, streets, etc.

Applicant's Response: The proposed amendment would reduce the tax load on the public by clustering density and intensity in a single cohesive area designed to support such uses.

5. The existing district boundaries in relation to existing conditions on the property proposed for change.

Applicant's Response: The existing land use designation is County Commercial. The proposed land use is commercial. While the existing land use isn't illogically drawn in relation to existing conditions and adjacent land uses, the proposed amendment will provide a city land use designation that is consistent with the City's Comprehensive Plan. Therefore, the proposed land use district boundaries are illogically drawn.

6. Changed or changing conditions which justify the recommended action on the proposed amendment.

Applicant's Response: The proposed amendment is a result of a prior annexation of property from the County into the City; however, after the annexation, the subject property never had the land use and zoning amended to be in compliance with the City's Comprehensive Plan and Land Development Regulations. The changed conditions resulted at the time of annexation. Therefore, it is required that the subject

property undergo a land use and zoning change to apply designations that are consistent with the City's Comprehensive Plan and Land Development Regulations.

7. The impact of the proposed change upon living conditions in the neighborhood.

Applicant's Response: The proposed land use and zoning designation are complimentary to the existing land uses and zoning designations. The proposed amendment is infill development which is always desirable. Further, the proposed amendment will help existing property values and positively influence the existing commercial developments. Anytime infill development takes place, it brings up the value of the surrounding properties.

8. The impact of the proposed change upon traffic with particular regard to congestion or other public safety matters.

Applicant's Response: The subject property is located along U.S. Highway 90, an arterial highway corridor. Urban land uses should be located adjacent to major roadway systems. Further, U.S. Highway 90 has ample capacity to support the proposed development. Therefore, the proposed development will not create or excessively increase traffic congestion or otherwise affect public safety.

9. Whether the proposed change will create a drainage problem.

Applicant's Response: The subject property is currently vacant. During the design and construction phase, the subject property will be development in accordance with the Suwannee River Water Management District Stormwater Management Standards; therefore, the proposed amendment will not create a drainage problem.

10. The impact of the proposed change upon light and air to adjacent areas.

Applicant's Response: The proposed amendment will have no adverse effect on light and air to the adjacent areas.

11. The impact of the proposed change upon property values in the adjacent area.

Applicant's Response: As previously mentioned, the subject property is infill development. The nature of infill development creates better communities and helps revitalize existing developments; thus, increasing property values in the area where the redevelopment and infill takes place. Therefore, the proposed amendment will not adversely affect property values in the adjacent area.

12. The impact of the proposed change upon the improvement or development of adjacent property in accordance with existing regulations.

Applicant's Response: The proposed amendment will encourage improvement and development of adjacent properties in accordance with existing regulations. The subject property is an infill area. By developing infill, it will cause adjacent and nearby areas to improve and develop new developments that meet the Land Development Regulations; thus, remove old nonconforming structures and uses.

13. The granting of special privilege to an individual owner as contrasted with the needs of the overall public welfare.

Applicant's Response: The proposed amendment does not grant any special privileges to the owner as contrasted with the public welfare.

14. Substantial reasons why, if any, the property cannot be used in accordance with existing zoning.

Applicant's Response: The existing land use and zoning of the subject property is a County designation. The proposed land use and zoning designations will bring the land use and zoning into compliance with the City's Comprehensive Plan and Land Development Regulations; thus, allowing future development to comply with the City's regulations and not the County's. Further, the subject property is infill development. Infill development should be where more intense land uses are permitted to keep the proliferation of urban sprawl.

15. The impact of the proposed change with regard to the scale of needs of the neighborhood or the City.

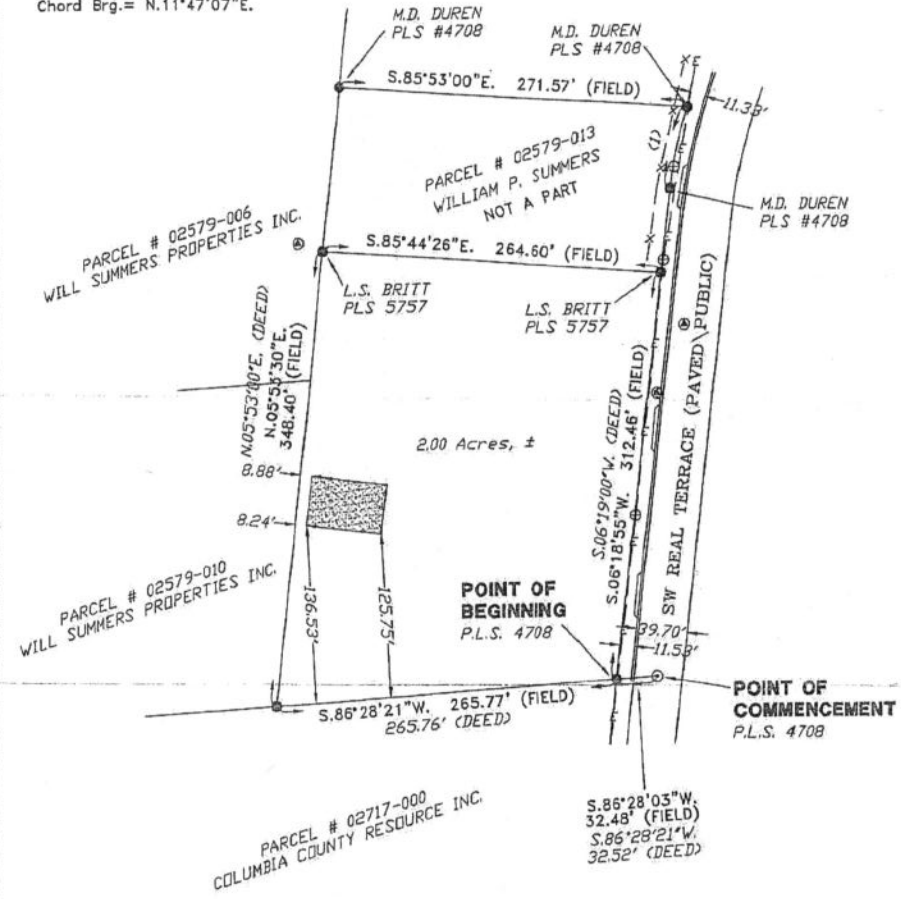

Applicant's Response: The proposed amendments are not out of the scale of the needs of the immediate neighborhood, adjacent area, or City as a whole. Rather, the proposed amendments will bring the land use and zoning designations into compliance with the City's Comprehensive Plan and Land Development Regulations.

16. The availability of alternate adequate sites in the City in districts already permitting such use.

Applicant's Response: The availability for alternative adequate sites is not possible. The subject property is infill and it's difficult to find larger tracts of infill property. The subject property is currently zoned for commercial; however, the proposed amendments will allow the commercial zoning via the City and not the County.

BOUNDARY SURVEY IN SECTION 35, TOWNSHIP 3 SOUTH,
RANGE 16 EAST, COLUMBIA COUNTY, FLORIDA.

DESCRIPTION:
COMMENCE AT THE SE CORNER OF LOT 5 OF LAKE HARRIS FRAMS ACCORDING TO THE PLAT THEREOF RECORDED IN PLAT BOOK 1 PAGE 22, PUBLIC RECORDS OF COLUMBIA COUNTY, FLORIDA, AND RUN THENCE S.86°28'21"W., 32.52 FEET TO THE POINT OF BEGINNING SAID POINT BEING ON THE WEST RIGHT-OF-WAY OF SW REAL TERRACE; THENCE CONTINUE S.86°28'21"W., 265.76 FEET; THENCE N.05°53'00"E., 348.40 FEET; THENCE S.85°44'26"E., 264.60 FEET TO SAID WEST RIGHT-OF-WAY OF SW REAL TERRACE; THENCE S.06°19'00"W., ALONG SAID WEST RIGHT-OF-WAY, 312.46 FEET TO THE POINT OF BEGINNING.

- SURVEYOR'S NOTES:
- BOUNDARY BASED ON MONUMENTATION FOUND IN ACCORDANCE WITH THE RETRACEMENT OF THE ORIGINAL SURVEY FOR SAID PLAT OF RECORD.
 - BEARINGS ARE BASED ON A DEED OF RECORD AND THE BEARING BASIS SHOWN HEREON.
 - IT IS APPARENT THAT SOME PORTIONS OF THIS PARCEL ARE IN ZONE "A" AND MAY BE SUBJECT TO FLOODING. HOWEVER, NO BASE FLOOD ELEVATION HAS BEEN DETERMINED FOR ZONE "A". SOME PORTIONS OF THIS PARCEL ARE IN ZONE "X" AND ARE DETERMINED TO BE OUTSIDE THE 500 YEAR FLOOD PLAIN AS PER FLOOD INSURANCE RATE MAP, DATED 4 FEBRUARY, 2009 FIRM PANEL NO. 12023C0291C. HOWEVER, THE FLOOD INSURANCE RATE MAPS ARE SUBJECT TO CHANGE.
 - THE IMPROVEMENTS, IF ANY, INDICATED ON THIS SURVEY DRAWING ARE AS LOCATED ON DATE OF FIELD SURVEY AS SHOWN HEREON.
 - IF THEY EXIST, NO UNDERGROUND ENCROACHMENTS AND/OR UTILITIES WERE LOCATED FOR THIS SURVEY EXCEPT AS SHOWN HEREON.
 - THIS SURVEY WAS COMPLETED WITHOUT THE BENEFIT OF A TITLE COMMITMENT OR A TITLE POLICY.
 - DIMENSIONS SHOWN HEREON ARE IN FEET AND DECIMAL PARTS THEREOF.
 - THIS SURVEY DOES NOT REFLECT OR DETERMINE OWNERSHIP.
 - THE ADJACENT OWNERSHIP INFORMATION AS SHOWN HEREON IS BASED ON THE COUNTY PROPERTY APPRAISERS GIS SYSTEM, UNLESS OTHERWISE DENOTED.
