CITY OF LAKE CITY

Report to Council

COUNCIL AGENDA	
SECTION	
ITEM NO.	

SUBJECT: South Airfield Drainage Study

DEPT / OFFICE: Airport

Originator: Laura Kraft		
City Manager Paul Dyal	Department Director Ed Bunnell	Date 6/12/2023
Recommended Action: Accept Airport Improvement Program (AIP) Grant from FAA for South Airfield Drainage Study in the amount \$148,500.00.		
Summary Explanation & Background: <p>The South Airfield Drainage Study encompasses approximately 260 acres of the airport property. This study will include permitting, data collection, topographic survey data to locate existing drainage structures, stormwater modeling for developing a drainage network as well as ensuring the current drainage infrastructure will support future developments at the airport.</p> <p>FAA - \$148,500 State - \$13,200 Local - \$3,300 Total \$165,000</p>		
Alternatives: <p>The city would need to secure a loan to achieve the requirements needed to implement an extensive stormwater drainage study of this magnitude.</p>		
Source of Funds: AIP Grant		
Financial Impact: \$3,300		
Exhibits Attached: FAA Grant Agreement
