**Recommended Action:**

Utilize a portion of the remaining ARPA funds to purchase/replace Ladder 1

**Summary Explanation & Background:**

I am requesting permission to utilize a portion of the remaining ARPA funds to replace our 18 year old ladder truck. This truck was purchased in 2006 and is a 75 foot reach ladder. Due to the age and use, we currently are spending a lot of money each year in maintenance costs in order to keep it in service. This truck with it's limited reach is holding back some of the growth within our City. Currently we can only build a structure that is 6 stories as this is the highest our ladder will reach. The foot print of the Lake City HCA hospital currently does not allow us to reach all areas of the extended floors. This restricts us if there was ever a need for a rescue or to fight a large fire.

Currently the build time after purchase of a new replacement ladder truck is 2 years. It is my opinion that we utilize funds that we currently have in the ARPA in order to purchase this new truck as soon as possible. I am requesting a maximum amount of 1.8 million to replace Ladder 1 immediately.

**Alternatives: continue to fund repairs and limit the growth of our community**

**Source of Funds: ARPA**

**Financial Impact: None**
