

MEETING DATE
2/21/23

CITY OF LAKE CITY

Report to Council

COUNCIL AGENDA	
SECTION	
ITEM NO.	

SUBJECT: Wetland Grant Application

DEPT / OFFICE: Utilities – Wastewater

<p>Originator: Cody Pridgeon, Wastewater Director</p>		
City Manager Paul Dyal	Department Director Cody Pridgeon	Date 2/6/23
<p>Recommended Action: Agree to apply for grant</p>		
<p>Summary Explanation & Background:</p> <p>With the help of Wetland Solutions, Inc. (WSI), the City wants to apply for a grant to convert the South Sprayfield into a treatment wetland in order to meet the new nutrient requirements. If awarded and completed, this would make all three of the City's effluent disposal sites into treatment wetlands and capable of meeting the total nitrogen limit of 3 mg/l. There is also the potential for these wetlands to increase the disposal capacity of the sites.</p>		
<p>Alternatives: Not Approve</p>		
<p>Source of Funds: FDEP Grant</p>		
<p>Financial Impact: \$11,300,000</p>
