CITY OF LAKE CITY

Report to Council

| COUNCIL AGENDA | |
|----------------|--|
| SECTION | |
| ITEM NO. | |

SUBJECT: Design & Install of Safety Features at Lake City Gateway Airport

DEPT / OFFICE: Airport

| | | |
|---|---|--------------------------|
| Originator: Laura Kraft | | |
| City Manager Paul Dyal | Department Director Dee Johnson | Date 4/25/2023 |
| Recommended Action: Create and execute a Resolution (Exhibit D) authorizing the DOT to assist financially via the Public Transportation Grant Agreement (PTGA). This PTGA covers 80% of the estimated project cost of \$300,000.00. The city will be responsible for 20% or \$60,000.00 max. | | |
| Summary Explanation & Background: The airport is in need of new security fencing for the parking lot area near Med-Trans and dumpsters. Transients are dumping waste into dumpsters and employee's vehicles are getting damaged. More cameras are needed especially around FBO and hangars. All remote controlled gates are old and need replacing. Access control into the FBO needs to be updated. Improved lighting around FBO, hangars, and parking lots are a must for security reasons. | | |
| Alternatives: None available | | |
| Source of Funds: Airport 030-52 account | | |
| Financial Impact: \$60,000.00 City Match | | |
| Exhibits Attached: PTGA Project #441222-2-94-23 | | |
