MODIFICATION OF EXISTING ZONING REQUIREMENTS (If Applicable)

Any change shall be based on competent demonstration by the petitioner of Article 4 of the Land Development Code.

Modification of dimensional requirements. To facilitate new construction, redevelopment, rehabilitation, or relocation of buildings or structures in historic districts or individually listed on the local register, the Administrator or the appropriate board within the development review process may determine dimensional requirements such as front, side, and rear setbacks, building height, separation between buildings, floor area ratios, and maximum lot coverage for buildings and structures based on historic development patterns. Any change shall be based on competent demonstration by the petitioner of the following:

- a. *The proposed development will not affect the public safety, health, or welfare of abutting property owners or the district;*
- b. *The proposed change is consistent with historic development, design patterns or themes in the historic district. Such patterns may include reduced front, rear, and side yard setbacks, maximum lot coverage and large floor area ratios;*
- c. *The proposal reflects a particular theme or design pattern that will advance the development pattern of the historic district; and*
- d. *The proposed complies with utility, stormwater, access requirements, and other requirements related to site design in the Land Development Code.*

Where the proposed modification would encroach into a side or rear yard setback that adjoins an existing lot, notice shall be provided to the adjacent property owner. Staff or the appropriate reviewing board will document the basis for its decision. If staff makes the decision, it will provide a written determination on the complete modification request within 21 calendar days of receiving the request. If the adjacent property owner objects to the encroachment in writing within 16 calendar days of the date from which the notice was mailed, the request shall be referred to the Board of Adjustment, which shall review the request using the same standards in this section used by staff. If the decision is to be made by a board, the board shall hear the objection of the adjacent property owner as part of its public hearing. The remainder of the requirements, regulations and procedures set forth in this chapter shall remain applicable.

Modification of building code requirements. Structures and buildings listed individually on the local register or deemed contributing to the character of a district listed on the local register shall be deemed historic and entitled to modified enforcement of the standard codes where appropriate.

Please describe the requested zoning modification, addressing a through d above:

The requested modification will change the following zoning or building requirement in this manner:

(select only those that apply)	<i>NONE</i>	Required	Existing	Proposed
Front, Side, or Rear building Setback Lines				
Building Height				
Building Separation				
Floor Area Ratio (FAR)				
Maximum Lot Coverage				

CERTIFICATION

By signing below, I certify that the information contained in this application is true and correct to the best of my knowledge at the time of the application. I acknowledge that I understand and have complied with all of the submittal requirements and procedures and have read and understand the following:

1. I/We hereby attest to the fact that the above supplied property address(es), parcel number(s) and legal description(s) is (are) the true and proper identification of the area of this petition.
2. I/We authorize staff from the Department of Growth Management to enter onto the property in question during regular city business hours in order to take photos which will be placed in the permanent file.
3. I/We understand that the COA review time period will not commence until the application is deemed complete by staff and may take up to 10 days to process. I further understand that an incomplete application submittal may cause my application to be deferred to the next posted deadline date.
4. I/We understand that, for Agency review cases, an agenda and staff report will be available on the City's website approximately one week before the Historic Preservation Agency meeting.
5. I/We understand that the Historic Preservation Agency meetings are conducted in a quasi-judicial hearing and as such, ex parte communications are prohibited (Communication about your project with a Historic Preservation Agency member).
6. I/We understand that the approval of this application by the Historic Preservation Agency or staff in no way constitutes approval of a Building Permit for construction from the City of Lake City Growth Management.
7. I/We understand that all changes to the approved scope of work stated in a COA have to be approved by the HPA before work commences on those changes. There will be no charge for a revision to a COA. Making changes that have not been approved can result in a Stop Work Order being placed on the entire project.
8. I/We understand that any decision of the HPA may be appealed to the City Council. A person with standing, as described in LDR Article 10, Section 10.11.6, may file a petition to appeal and shall be presented within thirty (30) days after the decision of the HPA; otherwise the decision of the HPA will be final.
9. I/We understand that Certificates of Appropriateness are only valid for one (1) year from issuance.

Over the building the entire wooden roof, as for the overhang or canopy out front the top wooden part, but if the canopy is not solid then that also and put back with same looking and materials as other buildings in that area to be consistent. I will be communicating with you when we get at that stage and get an agreement before anything is done to correct that overhang.
