re: Real Terrace Concurrency Impact Analysis

The site is currently vacant. A 146,000 sf discount club was used for these calculations. The proposed commercial site will utilize City sewer and water. There is not enough information to estimate water or sewer use. A traffic study will need to be conducted with the site plan.

Criteria for analyses:

- Trip generation was calculated per the ITE Trip Generation Manual, 9th edition, ITE code 820
- Potable Water Analysis per Chapter 64E-6.008 Florida Administrative Code, Table 1
- Sanitary Sewer Analysis Chapter 64E-6.008 Florida Administrative Code, Table 1
- Environmental Engineering: Tampa Typical Solid Waste Generation Rates

Summary of analyses:

- Trip generation: 6103 ADT & 619 Peak PM trips
- Potable Water: ? gallons per day
- Potable Water: ? gallons per day
- Solid Waste: 292 tons per year

See attached Concurrency Worksheet.

Please contact me at 307.680.1772 if you have any questions.

re: Real Terrace Analysis of the Requirements of Article 12 of the Land Development Regulations

The Real Terrace proposed zoning change is consistent with the City of Lake City's requirements of Article 12 of the Land Development Regulations.

- a) Whether the proposed change would be in conformance with the City's comprehensive plan or would have an adverse effect on the City's comprehensive plan.

Analysis: The proposed zoning change is in conformance with the comprehensive plan and will not cause any adverse effects to the plan.

- b) The existing land use pattern.

Analysis: The subject property is located at the intersection of SW Bascom Norris Drive and SW Real Terrace and only one block north of Highway 90. Adjacent properties to the east, south and north are currently commercial zoning.

- c) Possible creation of an isolated district unrelated to adjacent and nearby districts.

Analysis: Adjacent properties to the east, south and north are currently commercial zoning.

- d) The population density pattern and possible increase or overtax the load on public facilities such as schools, utilities, streets, etc.

Analysis: The site will be used for a commercial and will not increase the population density or add additional loads to schools. Traffic and utility uses will increase with the development.

- e) Whether existing district boundaries are illogically drawn in relation to existing conditions on the property proposed for change.

Analysis: The site is not suited for residential development.

- f) Whether changed or changing conditions make the passage of the proposed amendment necessary.

Analysis: The change will allow for the opening of businesses.

- g) Whether the proposed change will adversely influence living conditions in the neighborhood.

Analysis: The subject property will have direct access to SW Real Terrace and SW Bascom Norris Drive and then to Highway 90 and will not negatively affect living conditions.

- h) Whether the proposed change will create or excessively increase traffic congestion or otherwise affect public safety.

Analysis: Any change in traffic patterns or roads will be addressed during the site plan review.

- i) Whether the proposed change create a drainage problem.

Analysis: No drainage problems will be created with the zoning change. All applicable permits for stormwater management will be obtained.

- j) Whether the proposed change will seriously reduce light and air to the adjacent areas.

Analysis: The site development will not reduce of light or air to adjacent areas.

- k) Whether the proposed change will adversely affect the property values in the adjacent area.

Analysis: The site will have all required buffering from the residences located to the east.

- l) Whether the proposed change will be a deterrent to the improvements or development of adjacent property in accordance with existing regulations.

Analysis: The proposed change will not be a deterrent to improvements or development of adjacent properties as the area has many commercial uses.

- m) Whether the proposed change will constitute a grant of special privilege to an individual owner as contrasted with public welfare.

Analysis: The proposed change will not grant special privileges to the owner as other properties along the S Bascom Norris Drive and the SW Real Terrace corridors are currently used for commercial activities.

- n) Whether there are substantial reasons why the property cannot be used in accord with existing zoning.

Analysis: The proposed commercial use is not allowed in the current zoning.

- o) Whether the proposed change suggested is out of scale with the needs of the neighborhood or the City.

Analysis: The subject property will have retail shops to serve the community.

- p) Whether it is impossible to find other adequate sites in the City for the proposed use in districts already permitting such use. When pertaining to other proposed amendments of these land development regulations. The Planning and Zoning Board shall consider and study:

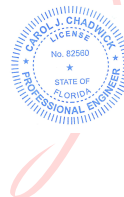

- i. The need and justification for the change.
- ii. The relationship of the proposed amendment to the purposes and objectives of the comprehensive planning program and to the City's comprehensive plan, with appropriate consideration as to whether the proposed change will further the purposes of these

land development regulations and other ordinances, regulations, and actions designed to implement the City's comprehensive plan.

Analysis: The site is not suited to residential development. The other logical use is commercial bringing new businesses to the area.
