City Manager Paul Dyal	Department Director Brian Scott	Date 03-14-2023
Recommended Action: Council approval to pay the Department of Transportation from funds in account 410.78.536-060.63		
Summary Explanation & Background: The City of Lake City Distributions & Collection department is requesting funds to pay the Florida Department of Transportation (FDOT) \$11,814.00 for the FDOT Manhole and Valve Adjustment Project (ID 445434-1-52-01). The costs to be paid to FDOT reflect City of Lake City water/sewer valve box and manhole frame/cover tops vertical adjustments (includes lowering and/or raising existing, as required), this work will be included with the FDOT's construction project in Columbia County on SR 47 (US 441). These types of agreements between the City and FDOT are beneficial to the City as we have assets within FDOT work areas. Having this work completed by FDOT contractors alleviates the City from being held responsible for holding up FDOT contractors and delaying the project. These agreements also release the City from any liability within the project area as all work is performed under FDOT specifications/inspectors and no City staff is involved in the construction aspect.		
Alternatives: Have City staff do the work and run the risk of delaying FDOT's work schedule.
