Please indicate any certifications, skills, or experience that you feel will benefit the City through your service on a Board or Committee.

I have many years of experience in different fields I believe would benefit the city. I've operated a top local roofing company for 5 years with previous experience in construction. I was also a GSA for the Post Office so I've been to every building in the city. When I was younger I delivered food for years and I think all that gives me special insight into traffic patterns. I've lived here over 20 years and I believe I know what needs to be changed.
