NOTICE TO APPLICANT

The Board of Adjustment shall have the power to authorize, upon appeal, such variance from the terms of the Land Development Regulations as will not be contrary to the public interest where, owing to special conditions, a literal enforcement of the provisions of these land development regulations will result in unnecessary and undue hardship.

In granting any variance to the provisions of Article 4 of these land development regulations, the Board of Adjustment may prescribe appropriate conditions and safeguards in conformity with such regulations, including but not limited to, reasonable time limits within which the action for which variance is requested shall be begun or completed, or both. Violation of such conditions and safeguards, when made a part of the terms under which the variance is granted, shall be deemed a violation of these land development regulations.

Under no circumstances shall the Board of Adjustment grant a variance to permit a use not permitted under the terms of the Land Development Regulations in the Zoning District involved, or any use expressly or by implication prohibited by the terms of the Land Development Regulations in the Zoning District. No nonconforming use of neighboring lands, structures, or buildings in the same Zoning District and no permitted use of lands, structures, or buildings in other Zoning Districts shall be considered grounds for the authorization of a variance.

The Board of Adjustment requires that the applicant or representative be present at the public hearing to address and answer any questions the Board may have during the public hearing. The application may be continued to future dates if the applicant or representative is not present at the hearing.

Twelve (12) copies of a site plan must accompany an application for a Variance.

The City of Lake City Land Development Regulations require that a sign must be posted on the property ten (10) days prior to the Board to Adjustment hearing date. Once a sign has been posted, it is the property owner's responsibility to notify the Growth Management Department if the sign has been moved, removed from the property, torn down, defaced or otherwise disturbed so the property can be reposted. If the property is not properly posted until all public hearings before the Board of Adjustment are completed, the Board reserves the right to continue such public hearing until such time as the property can be properly posted for the required period of time.

There is a thirty (30) day appeal period after the date of the decision. No additional permitting will be issued until that thirty (30) day period has expired.

I (we) hereby certify that all of the above statements and the statements contained in any papers or plans submitted herewith are true and correct to the best of my (our) knowledge and belief.

APPLICANT ACKNOWLEDGES THAT THE APPLICANT OR REPRESENTATIVE MUST BE PRESENT AT THE PUBLIC HEARING BEFORE THE BOARD OF ADJUSTMENT. OTHERWISE THE REQUEST MAYBE CONTINUED TO A FUTURE HEARING DATE.

5. Concurrency Impact Analysis

Each of the following are estimates on the predicted capacity required by the proposed development. Per discussions with City department heads, capacity is available for each usage as shown below.

- Water:

$$\begin{aligned} & 50 \text{ students/day} \times 1.5 \text{ gallon/minute} \times 0.5 \text{ minutes of use/student} = 37.5 \text{ gal/day} \\ & + 2 \text{ teachers} \times 1.5 \text{ gal/min} \times 2 \text{ minutes use/teacher} = 6.0 \text{ gal/day} \\ & \text{Total water used per day} = \mathbf{40.5 \text{ gallons per}} \end{aligned}$$

- Sewer:

$$\begin{aligned} & 50 \text{ students/day} \times 1.6 \text{ gallon/flush} \times 1 \text{ flush/student} = 80 \text{ gal/day} \\ & + 2 \text{ teachers} \times 1.6 \text{ gal/min} \times 4 \text{ flushes/teacher} = 12.8 \text{ gal/day} \\ & \text{Total sewage flow per day} = \mathbf{92.8 \text{ gallons}} \end{aligned}$$

- Transportation:

$$\begin{aligned} & 50 \text{ students/weekday} \times 1 \text{ trip/student} = 50 \text{ trips/day} \\ & + 2 \text{ teachers/weekday} \times 4 \text{ trips/teacher} = 8 \text{ trips/day} \\ & \text{Total trips generated per day} = \mathbf{58 \text{ trips}} \end{aligned}$$

- Solid Waste:

$$\text{Total solid waste per week} = \mathbf{62 \text{ gallons}}$$

6. Comprehensive Plan Consistency Analysis:

The proposed development is consistent with all elements of the City's Comprehensive Plan. Activities to take place fall within the allowance of current Zoning and Land Use categories, via Special Exception. Proposed development will offer a recreational opportunity for the surrounding areas, which is a highlighted item of need within the Comprehensive Plan.
