This Interlocal Agreement is made the day of MAR.....14 • 2006, between Palm Beach County, a political subdivision of the State of Florida ("County"), and the City of Palm Beach Gardens, the City of Riviera Beach, the Town of Mangonia Park, the Town of Lake Park, and the Town of Jupiter, Florida municipal corporations ("Cities"), collectively referred to as "the Parties", each one constituting a public agency as defined in Part I of Chapter 163, Florida Statutes.

WHEREAS, Section 163.01, Florida Statutes, known as the "Florida Interlocal Cooperation Act of 1969" authorizes local governments to make the most efficient use of their powers by enabling them to cooperate with other localities on a basis of mutual advantage and thereby to provide services and facilities that will harmonize geographic, economic, population, and other factors influencing the needs and development of local communities; and

WHEREAS, Part I of Chapter 163, Florida Statutes, permits public agencies, as defined therein, to enter into interlocal agreements with each other to jointly exercise any power, privilege, or authority which such agencies share in common and which each might exercise separately; and

**WHEREAS,** the Cities and County recognize that the relocation of The Scripps Research Institute's ("TSRI") operations onto Florida Atlantic University's John D. McArthur Campus ("FAU Jupiter Campus") and a portion of the Briger Parcel in Palm Beach Gardens ("Briger") will further the vision of the Governor and the State of Florida to create an economic development cluster to support TSRI; and

**WHEREAS,** the Cities and County recognize that the creation of an economic development cluster to support TSRI will ensure a diversified economy and provide high-wage employment within Palm Beach County, the Treasure Coast Region, and the State; and

**WHEREAS,** the Palm Beach County Board of County Commissioners elected to enter into negotiations with TSRI for the relocation of its operations to the FAU Jupiter Campus and to Briger in reliance on the Cities' commitment to support an economic development cluster in support of TSRI; and

**WHEREAS,** to fulfill this commitment, the Cities and County have agreed to form an Advisory Board; and

**WHEREAS,** to fulfill this commitment, the Cities have each agreed to initiate and consider amendments to their respective Comprehensive Plans that establish a Bioscience Research Protection Overlay ("Overlay"), and that provide a super majority vote requirement to protect land identified in the Overlay.

**NOW THEREFORE,** in consideration of the mutual representations, terms, and covenants hereinafter set forth, the parties hereby agree as follows:

**SECTION 1.** The foregoing recitals are true and correct and are hereby incorporated herein by reference.

## **SECTION 2. Bioscience Land Protection Advisory Board.**

A. A Bioscience Land Protection Advisory Board is hereby established. The purpose of the Board shall be to protect those lands which each of the Cities has identified as being subject to a bioscience research area protection overlay.

2. Plan for, and address the availability of, developed and undeveloped land for bioscientific training/education, research, and related uses and users.

3. Assist in coordinating, integrating, and streamlining administrative and regulatory procedures at the municipal, county, regional, and state levels for bioscience research uses.

4. Consider and/or propose policy initiatives and legislative or regulatory efforts to encourage and sustain the development of biomedical research uses in the Overlay.

5. Set fees and charges as determined to be necessary for direct costs and expenses incurred by the Board in reviewing development applications.

The Parties recognize that it may be necessary for the Cities to amend their respective Comprehensive Plans to achieve the goals of this Interlocal Agreement. Each City agrees to direct its respective staff to initiate plan amendments, no later than its next regular round of comprehensive plan amendments, as may be necessary to establish and protect a Bioscience Research Protection Overlay within its jurisdiction. These proposed amendments shall include, at a minimum, amendments to the Future Land Use Element and the Intergovernmental Coordination Element which provide for:
