III. PLAN YEAR

The Plan Year will be:

January 1 – December 31 (**Default**)

The 12 month period ending Sep _____ 30
Month Day

IV. Normal Retirement Age shall be age 59.5 (not less than 55 nor in excess of 65).

Important Note to Employers: Normal Retirement Age is significant for determining the earliest date at which the Plan may allow for in-service distributions. Normal Retirement Age also defines the latest date at which a Participant must have a fully vested right to his/her Account. There are IRS rules that limit the age that may be specified as the Plan's Normal Retirement Age. The Normal Retirement Age cannot be earlier than what is reasonably representative of the typical retirement age for the industry in which the covered workforce is employed.

In 2016, the Internal Revenue Service proposed regulations that would provide rules for determining whether a governmental pension plan's normal retirement age satisfies the Internal Revenue Code's qualification requirements. A normal retirement age that is age 62 or later is deemed to be not earlier than the earliest age that is reasonably representative of the typical retirement age for the industry in which the covered workforce is employed. Whether an age below 62 satisfies this requirement depends on the facts and circumstances, but an Employer's good faith, reasonable determination will generally be given deference. A special rule, however, says that a normal retirement age that is age 50 or later is deemed to be not earlier than the earliest age that is reasonably representative of the typical retirement age for the industry in which the covered workforce is employed if the participants to which this normal retirement age applies are qualified public safety employees (within the meaning of section 72(t)(10)(B)). These regulations are proposed to be effective for employees hired during plan years beginning on or after the later of: (1) January 1, 2017; or (2) the close of the first regular legislative session of the legislative body with the authority to amend the plan that begins on or after the date that is 3 months after the final regulations are published in the Federal Register. In the meantime, however, governmental plan sponsors may rely on these proposed regulations.

In lieu of age-based Normal Retirement Age, the Plan shall use the following age and service-based Normal Retirement Age _____

Important Note to Employers: Before using a Normal Retirement Age based on age and service, a plan sponsor should review the proposed regulations (81 Fed. Reg. 4599 (Jan. 27, 2016)) and consult counsel.

The plan will permit participants to receive, upon written request, a distribution of up to \$5,000 per qualifying birth or adoption (not to exceed \$5,000 across all retirement accounts of the participant).

Note to 401(a) Money Purchase Plan Sponsors: Such a withdrawal can only be undertaken if the participant meets the plan's existing in-service withdrawal criteria.

Such a distribution is exempt from the 10% early distribution tax penalty and is exempt from the mandatory 20% withholding; and can be repaid into the account within three years without regard to the usual 60-day time limit for rollovers if elected. A qualified adoption distribution would be limited to the adoption of children who are under age 18 or who are physically or mentally incapable of self-support.
