918 Dixie Way is the far left building. This is just after the 28 hurricane. This building housed Arnold grocery, Dr Pearson, and rental rooms. 1928/29 show the Easterly part of building as Atlantic Lumber and Supply. In reality, it was probably the ground floor that was Atlantic Lumber and the 2nd floor as Mrs Woodbury.

47. 918 Building—918 Park Avenue—
Mediterranean Revival, ca. 1924

The 918 Park Building was constructed about 1924 as one of the commercial buildings in the business zone of Kelsey City, as well as the post

office. It served as the office building for the J. Y. Arnold Construction Company, one of the primary builders of Kelsey City. It was one of the few buildings in this area to survive the 1928 hurricane. The building is Mediterranean Revival in style, as can be seen by the arched openings, spiral cast stone columns and quoins at the corners. Pecky cypress brackets support the pent roof which obscures the flat roof of the building.
