The following box must be filled out to be on agenda.	Yes I have notified everyone or Not applicable in this case _AV Please initial one.

Summary Explanation/Background:

This item is being brought forward to facilitate the planned digital monument sign proposed for Town Hall. Currently, digital and animated signage is not permitted throughout the Town nor do they exist for any specific performance standards pertaining to government signs in the Town Code. This proposed Ordinance creates a new subsection devoted to Public District signage. It proposes to utilize the already established Town Code signage categories of wall, monument, and various other miscellaneous signage categories for Town (i.e. Public District) signage. Additionally, the new language exempts the Town from the prohibition on digital and animated signage. This will enable such a sign in front of Town Hall (for now, maybe at other locations as well in the future), as previously discussed and favored by the Town Commission.

Recommended Motion: I move to “**APPROVE**” Ordinance __-2023.
