Special Call Commission Meeting  
June 12, 2024

# Lake Park Grants

- Thanks to the grants the Town has secured, we are able to undertake a wide variety of improvement projects ranging from installing new playground equipment in our parks to conducting multi-million-dollar drainage projects
- As a result of these grant funds, Lake Park residents are able to reap the benefits from these projects without incurring any financial burden to themselves

# Grants Received

- Since 2018, Lake Park has received nearly \$17 million in grants for drainage projects
- Ranging from small grants as low as \$20,000 to over \$11 million
- Received more than \$185,000 in Community Development Block Grants that have allowed us to improve our parks

## Grants Received

- Received \$1 million grant to convert 42 properties from septic systems to sewer systems
  - Currently awaiting a response to a \$3 million request that will cover more than half of the project

# Grants Received

- **Recent upgrades to Town Hall were made possible, in part, thanks to a \$325,000 grant**
  - Roof replacement
  - Painting and waterproofing building exterior
- **The Town has also received more than \$110,000 in grants over the last five years that have allowed us to provide a variety of library services, including the technology such as laptops and charging stations that are available for use by the community at no charge**

# Pending Grants

- **Received notification that we were awarded:**
  - Nearly \$400,000 to create a design for a new community center
  - Almost \$200,000 to make necessary repairs and improvements to Evergreen House
  - Over \$15,000 to design plans necessary to make Town Hall more accessible

Some of the ongoing and upcoming projects for which the Town will be seeking funding are:

- Received nearly \$11.1 million from the Florida Department of Economic Opportunity for this project
- Originally Estimated to cost \$11.4 million
