## **WASTEQUIP PRODUCT LIMITED WARRANTIES, DISCLAIMERS OF WARRANTIES, LIMITATION OF LIABILITIES AND REMEDIES, AND LIMITED WARRANTY PERIODS**

Wastequip warrants only Products of that are manufactured or sold by Wastequip, or by a Wastequip authorized distributor, for normal and intended use and service and for specific periods against operational failure caused by proven defective material or workmanship. Wastequip's obligations under this warranty are limited to the repair, replacement, or credit, as hereinafter provided at Wastequip's option, of such Product and/or parts and components thereof for which a valid warranty claim has been made during the applicable warranty period. For Products (including parts and/or components) manufactured or supplied by other parties (including but not limited to engines, motor vehicles, special equipment, accessories, tires and fittings), Wastequip shall endeavor to provide Buyer with such third-party manufacturer warranties, as applicable and to the extent such warranty is transferrable or assignable. All express or implied warranties are limited to those expressly provided herein; and Wastequip makes no other warranty or nor takes on any other duty of its own on any Product. Wastequip does not take on or assume warranty obligations of third party part, component or Product suppliers, and expressly disclaims and does not obligate itself to any warranty on any Product. Wastequip's sole obligation with respect to warranties of third parties is to provide Buyer information, if it exists, regarding any such third-party warranty so that Buyer may decide whether to invoke it. As a condition precedent to Wastequip honoring its own repair and replacement warranty as set forth herein, Buyers must first complete a Product Warranty Registration Form upon delivery, where applicable (retaining a copy for Buyer's records), provide proof of purchase or ownership, and maintain and provide to Wastequip upon request accurate records of date of installation of all OEM and aftermarket parts.

Specific warranty periods are listed herein. Repair or replacement does not extend or reset the warranty beyond the original period, and unless otherwise stated, repaired or replaced parts are warranted only for the balance of the original warranty period for the original part. Warranties for certain products are limited to the original purchaser only.

Wastequip does not warrant or make any representations concerning Product when the Product is not installed and/or used in strict accordance with good installation, service and maintenance practices or operating instructions. Wastequip does not warrant Product that has been: altered, modified, disassembled or re-designed; improperly installed, serviced, maintained, handled or repaired; combined with unapproved non-Wastequip products, aftermarket or non-OEM parts without Wastequip authorization; neglected or subjected to improper protection or handling; contaminated with or exposed to oil, grease, water (including salination), chemicals or solvents; damaged or fails to perform as a result of accident, acts of God, lack of reasonable and proper protection during storage or use, overheating, negligence, misuse, vandalism, damage from wildlife, loading or exceeding the manufacturer's rated or recommended free-standing capacity; damaged from automated grasper or unauthorized compaction or volumetric reduction actions; used in contravention of specifically excluded use or any other unauthorized use other than originally intended, authorized, instructed or beyond the control of Wastequip. All of the foregoing shall void any and all warranty obligations.

This limited warranty does not apply to Product changes or nonconformities caused by normal use, nor does it cover normal operating costs, adjustments, or consumables including but not limited to costs to readjust pressure settings, limit switches, timers, relays, fuses, loss of hydraulic oil, cable or filter replacement or normal cosmetic or mechanical wear and tear.

"Aftermarket parts" are not genuine OEM parts, may impact the performance characteristics of Buyer's vehicle, equipment or other systems and therefore may not be recommended in any application that require the use of genuine OEM parts. Buyers are solely and completely responsible for evaluating their Product whether it is a vehicle, equipment or system to ensure the appropriateness of aftermarket parts. Wastequip does not warrant the appropriateness of aftermarket parts, regardless of manufacturer. Wastequip does not warrant any aftermarket or used Products, which are sold "as is" unless otherwise noted by Wastequip. Wastequip does not warrant any used Products, which are sold "as is" unless otherwise expressly noted by Wastequip. Further, Wastequip does not warrant any Products that have had serial numbers removed, altered or defaced. Wastequip does not warrant any damage or nonconformity related to use of non-Wastequip approved aftermarket or non-OEM parts.

Wastequip shall have no liability for any special, punitive, incidental, liquidated or consequential damages, including but not limited to loss of profits, damages to other parts or equipment, damages from loss of use (even loss of use is while Wastequip is repairing or replacing a nonconforming Product pursuant to this limited warranty), cost of capital or interest, any claim for authorized labor charges incurred in diagnosing or replacing a defective Product, towing charges, travel costs, meals, lodging, telephone charges, fuel, storage, loss of use, loss of hydraulic oil, unauthorized repairs, or injury to person or property, to the maximum extent allowable under applicable law.

If Wastequip, without separate compensation and/or outside any warranty coverage, provides Buyer, Buyer's customer or end user with advice or other assistance concerning any Product or equipment in which the Product may be installed, the recipient of said advice agrees to follow it at their own risk and expense, and further agrees that in exchange for the furnishing of such advice or assistance to waive any and all claims and liability of Wastequip whether in contract, tort (including negligence and strict liability) or otherwise related to such advice.

If any depiction, sample, model or demonstration was shown to or provided Buyer, such depiction, sample, model or demonstration merely illustrates the general type and quality of Product, and is not to be construed as a representation or warranty of any kind and certainly not a warranty of fitness for any particular purpose

If Wastequip authorizes any labor costs associated herewith, such will be solely in accordance with Wastequip established labor rates. Authorization for repairs or related work on Products other than at a Wastequip facility or authorized service center must be through prior written consent by Wastequip; failure to obtain such prior consent shall void this warranty. All claims for reimbursement must be filed with proper documentation no later than forty-five (45) days after occurrence. Failure to timely submit any such claims for reimbursement shall constitute a waiver and release of any Wastequip warranty or reimbursement obligation. Travel time approved in advance by Wastequip for authorized service work is limited to two (2) hours maximum per service call.

As the exclusive remedy, in accordance with Wastequip's Terms and provided such Product is manufactured by Wastequip and deemed by Wastequip to be nonconforming or otherwise, in Wastequip's sole discretion, in need of repair or replacement under this limited warranty, Wastequip may, at its sole option (i) repair or replace the defective Product, parts or component(s) thereof at our factory or elsewhere (in Wastequip's discretion); (ii) provide Buyer with a credit in an amount Wastequip determines to reflect the diminution in value of the Product due to the nonconformity on its account in an amount in any event which shall not exceed to the original purchase Price of the nonconforming Product; and/or (iii) require that Buyer tender any such warranty claims to the third party manufacturer or supplier of the Product under the third party manufacturer or supplier's warranty, as applicable, upon which Wastequip may endeavor to assist Buyer or Buyer's customer in resolution. Wastequip will accept warranty claims only from the Buyer or in the event of Buyer's resale, redistribution, installation or other similar action, unless otherwise noted, from Buyer's customer, end user or third party that directly purchased the Product from Buyer through a legitimate resale of a new Product or one with remaining warranty term and applicability. Resale does not reset the warranty period. Wastequip reserves the right to examine all Products, parts, or components to determine whether or not the warranted Product qualifies for the exclusive remedy set forth in these Wastequip's Terms. No benefits or remedies are available under this limited warranty while the Invoice for the Product remains unpaid. In any action brought against Wastequip, regardless of the form or forum, Wastequip shall not be liable to Buyer, end user, customer or any third party for special, consequential, incidental, liquidated or punitive damages and, under no circumstances shall any award against Wastequip in favor of Buyer, end user, customer or any third party exceed the amount paid to Wastequip by Buyer for the Product, to the extent allowed by law. Wastequip shall have no duty or obligation to defend or indemnify Buyer, end user, Buyer customer or any third party from potential claims related to the Product. The parties agree that the foregoing remedy is reasonable and does not cause the Wastequip's Terms to fail of its essential purpose.

In the event of Buyer's resale, redistribution, installation or other similar action of any of the Products sold hereunder, in whatever form unless otherwise expressly notified by Wastequip, Buyer shall merely and solely pass the applicable Wastequip limited warranties herein on to Buyer's customer, end user or third party, as applicable, but make no warranty on its own binding Wastequip, third party manufacturer or supplier or any others, and shall notify such purchaser, customer, end user or third party of these Wastequip Terms and disclaimer of any Wastequip warranty, in writing or otherwise.
