Summary Explanation/Background:

In follow-up to the Updated CRA Master Plan that was approved by the Town in the summer of 2022, Business Flare was also tasked to prepare a finding of necessary for two potential expansion areas, as reviewed and discussed when the Updated CRA Master Plan was presented.

The enclosed report, prepared by Business Flare, was also discussed in a meeting with Palm Beach County Commissioner Mack Bernard on February 21, 2023 in his office. The CRA Executive Director, a representative from Business Flare and the Town's Community Development Director were present. Commissioner Bernard understood the request and is in favor of including the north area that is prime for redevelopment and using that value increase to then assist the second southern area along Silver Beach using CRA residential rehabilitation programs. He recommended we work with Riviera Beach on the south side of Silver Beach when the home rehabilitation project moves forward in an effort to revitalize both sides of the roadway. Staff also met with Palm Beach County Administrator Verdenia Baker who expressed similar sentiments and appreciated that one expansion area would provide the added revenue (on the Town side thereby not necessitating added revenue from the County) to then revitalize the other expansion area.

The Town's CRA Board also considered this item at their March 15, 2023 meeting and unanimously recommended approval.

What is a Community Redevelopment Area or District?

Under Florida law (Chapter 163, Part III), local governments are able to designate areas as Community Redevelopment Areas when certain conditions exist. Since all the monies used in financing CRA activities are locally generated, CRAs are not overseen by the state, but redevelopment plans must be consistent with local government comprehensive plans. Examples of conditions that can support the creation of a Community Redevelopment Area include, but are not limited to: the presence of substandard or inadequate structures, a shortage of affordable housing, inadequate infrastructure, insufficient roadways, and inadequate parking. To document that the required conditions exist, the local government must survey the proposed redevelopment area and prepare a Finding of Necessity. If the Finding of Necessity determines that the required conditions exist, the local government may create a Community Redevelopment Area to provide the tools needed to foster and support redevelopment of the targeted area. Additional areas can be added if a Finding of Necessity is created for those areas and approved by the CRA Board and the County.

Purpose of the Community Redevelopment Agency and CRA Plan

The Community Redevelopment Agency is responsible for developing and implementing the Community Redevelopment Plan that addresses the unique needs or blighted conditions of the targeted area(s). The plan includes the overall goals for redevelopment in the area, as well as identifying the types of projects planned for the area utilizing any legal development or redevelopment tool authorized by F.S. Statutes Chapter 163.

Examples of traditional projects include: streetscapes and roadway improvements, building renovations, new building construction, flood control initiatives, water and sewer improvements, parking lots and garages, neighborhood parks, sidewalks and street tree plantings. The plan can also include redevelopment incentives such as grants and loans for such things as façade improvements, sprinkler system upgrades, signs, and structural improvements, just to name a few. The redevelopment plan is a living document that can be updated to meet the changing needs within the Community Redevelopment Area; however, the boundaries of the area cannot be changed without starting the process from the beginning with a Finding of Necessity for the additional areas.

Enclosed is the Finding of Necessity for the proposed CRA Expansion Areas. Business Flare will provide the presentation.

Recommended Motion: I move to “**APPROVE**” Resolution __-05-23.
