Exhibit D

November 4, 2026, CRA Meeting Mary Taylor, 209 Park Ave.

GOOD EVENING TO ALL,
THANK YOU TO THE STAFF that compiled the list of projects identified in the Bert Bostrum Park Master Plan. The projects are worthy of consideration, for the 38,000 feet or approximately 0.87 acres….but realistically not all could fit or function properly in the limited area. I numbered the projects, read and reread them, it seems to me that several could share the same spaces, such as picnic areas were mentioned in three different areas. How about one area to accommodate everyone, like "The Great Family Reunion." The costs of the Multi-Use Sports Field and the Communal Lawn could also be combined. The prospect of a new Police Athletic Program at the park is wonderful, plus the restoration of the old concession stand would add historical nostalgia and functionality.

I do have a problem with the DOG Friendly Walk path/trail through the fenced park. Most people know that I love DOGS....***but*** I believe a better, safer plan for $276,032 would be to include dog walking on a multipurpose trail/path around the outside perimeter of the park.
These are just a few suggestions, I'm sure you have some too.

I am very excited about this initiative and anxious to volunteer in any capacity. I am great in a concession stand. I know other residents that would like to contribute their time and experience to make this Town a friendlier, family oriented community for ALL! Our quaintness and our diversity is our strength. This tiny town has good bones, we have parks, a Marina, churches, schools, a promising CRA, a sizable natural area, reasturants, bussinesses, and lots of storage. ADMENDMENT 3, we can handle. We will still be a HAPPY Community, if we focus on taking care of each other, and the basics, ***what we have now.*** PLEASE use OUR money wisely.
