CRA Meeting

Proclamation - Florida Redevelopment Week - September 14-18, 2026

The proclamation includes

enhancing the quality of life for residents,
restore a strong sense of place and community, :

Yes, parts of the Community Redevelopment Area, or the CRA as it's called are run-down, blighted, and desperately need help, redevelopment and beautification.

But in my opinion the residents of Lake Park already have a strong sense of place and community.

When you're considering projects to enhance our CRA, Please remember to protect the small town vibe that we all love.
