Not applicable in this case

Summary Explanation/Background:

The Town is responsible for the operation and maintenance of a stormwater utility and its associated infrastructure and previously determined a need for a contractor to provide stormwater infrastructure maintenance and repair services.

On August 4, 2021, the Town Commission approved Resolution 43-08-21, which authorized an agreement (the Agreement) with Shenandoah General Construction, LLC, (the Contractor) for the provision of stormwater infrastructure maintenance and repair services.

The term of the Agreement is for a period of twelve months and included two (2) 1-year options. Additionally, the Agreement is set to expire on **November 26, 2022, (Attachment 4)**, and the Town Manager has recommended to the Town Commission that it extend the Agreement for another twelve-month period by exercising its first option **(Attachment 3)**.

The Contractor has agreed to provide the services as set forth in the Agreement based upon the same pricing, terms, and conditions as set forth in the Agreement for an additional one-year term.

Finally, the agreement will serve as the vehicle to execute operational funding authorized by the Town Commission for these purposes.

The total approved budget for stormwater infrastructure repair for **FY22-23** is **\$330,000.00**, which includes distributions from the following line items:

Stormwater Pipe Repairs:	\$165,000.00
Stormwater Pipe Depression Repairs:	<u>\$165,000.00</u>
	\$330,000.00

Town Staff envisions utilizing the Agreement to continue addressing structural integrity concerns in the stormwater utility infrastructure.

Recommended Motion:

I move to adopt Resolution _____.
