**Instructions:** Please complete this card, including your name and address; once the card has been completed, give it to the Town Clerk. The Mayor will call your name when it is time for you to speak. Comments are limited to three (3) minutes per individual.

Thank you for the opportunity to speak today. My name is Rafael Moscoso, and I live at 429 Greenbriar Dr. I am here to address a crucial matter regarding the current agenda item that is up for approval.

Firstly, I want to acknowledge the diligence and care that this Commission has shown in the past. Notably, during recent meetings, the Commission made the prudent decision to table an agenda item until all residents had been properly notified via the U.S. Postal Service. This action set an important precedent, demonstrating your commitment to transparency and community involvement.

In light of this precedent, I respectfully request that we table the current agenda item until every resident has been properly notified through the same reliable means. The issue at hand is not just another routine matter; it is a decision that will fundamentally alter the landscape of our town. It will bring significant changes to our population density and traffic patterns. Such a monumental shift warrants comprehensive input from all members of our community.

As we navigate these proposed changes, it is imperative that we learn from our ongoing experiences. For example, we are still uncertain about the full impact that the Nautilus project will have on our town. Approving another large-scale development without first gathering the insights and opinions of our residents would be premature and could lead to unforeseen consequences.

By ensuring that all residents are properly informed and have the opportunity to voice their opinions, we uphold the values of democratic governance and community participation. These values are the bedrock of our town's decision-making process and are crucial to maintaining trust between the Commission and the residents it serves.

In conclusion, I urge the Commission to table this agenda item until such time as all residents have been properly notified via the U.S. Postal Service. This step will not only honor the precedent you have set but will also ensure that any decisions made are truly representative of the will of our community. Let us take the time to hear from every voice and make a well-informed decision that we can all stand by.

Thank you for your time and consideration.

Rafael Moscoso
