Summary Explanation/Background:

Florida Statute requires each municipality to establish a "Current Year Proposed Operating Millage Rate". This millage rate is the highest rate that could be enacted at the budget hearings without the municipality having to send a separate mailing to each resident. Florida Statute also requires each municipality to set by motion the date, time and place of the first public budget hearing.

Recommended Motion:

I move that we set the current proposed millage rate at 5.1870 mills, and that we are restating that the date, time and place for the first public budget hearing is set for September 5, 2024, at 6:30pm, here in the Town Commission Chambers.
