Summary Explanation/Background:

The Town of Lake Park was awarded a storm-water mitigation grant through Florida Commerce (previously referred to as Florida Department of Economic Opportunity (DEO)) in the amount of \$11,434,755.00.

As a pre-requisite to the issuance of the grant funding, the Town, as Recipient and Responsible Entity of the grant, must to complete the environmental requirements as directed under 24 Code of Federal Regulations, Part 58.

The required environmental assessment has been completed and the Town was issued a notice of clearance and given authority to use the allocated grant funding.

On October 08, 2023, Town's Public Works staff advertised and solicited bids from pre-qualified contractors for the Bert Bostrom Green Infrastructure Improvements Project via an Invitation to Bid No. 121-2023 (ITB); and

The Town received 3 bid responses and after evaluation and analysis a determination was made that D. S. Eakins Construction Corporation was qualified, able, and willing to satisfactorily provide the work and services for the Project as solicited in the ITB; and

The bid price provided by D.S. Eakins for the Project, including alternate bid pricing is \$5,621,838.74.

Upon approval and execution of this contractual agreement the Town will be ready to move forward with construction work on the Bert Bostrom Green Infrastructure Improvements project.

Recommended Motion: I move to authorize the Town Manager to accept the proposal provided by D. S. Eakins Construction, Inc., for the construction work associated with the Bert Bostrom Green Infrastructure Improvements Project.
