AV Yes I have notified everyone

_____ Not applicable in this case

Summary Explanation/Background:

The Community Development Department is requesting that the Town Commission consider Ordinance 06-2026 that would amend the Town's platting and replatting procedures to be in compliance with state law (SB 784). In accordance with new state law, the proposed amendments, upon approval, would modify review timelines and ensure that plat approvals are completed administratively (rather than by the Commission). Additionally, the proposed Ordinance proposes various other (small) changes within Chapter 67 of the LDR's to ensure consistency and provide procedural clarity.

The proposed amendments include, but are not limited to, the following:

- Sufficiency review and comments are provided by the Town within seven (7) business days of receipt of application

- The Town will provide notice of receipt of application, sufficiency, and review and approval timeframe
- Administrative approval of the plat
- References to the Town Commission have been changed as appropriate given they are no longer required (by state law) to approve plats

The proposed amendments/changes, if approved, are expected to expedite the development approval process and contribute to creating a more business-friendly environment to new businesses and developments within the Town.

The proposed Ordinance (and text amendments) were prepared by the Community Development Department and reviewed by the Town's Community Development Director and the Town Attorney.

The proposed Ordinance and text amendments were considered by the Town's Planning and Zoning Board on May 4, 2026 and received a recommendation of approval.

The proposed Ordinance was presented for consideration on 1st reading during the Town Commission's Regular Meeting on May 6, 2026 and is being presented for consideration on 2nd and Final Reading.

Note: The proposed Ordinance and amendments to the Town's platting and replatting procedures have been properly advertised in accordance with state law (copy of legal ads are enclosed).

Recommended Motion:

I move to adopt Ordinance 06-2026 on 2nd and Final Reading to amend the Land Development Regulations of the Town of Lake Park related to the Town's platting and replatting procedures.
