1. Prior to the issuance of a building permit, the following actions shall be completed:
 - a. Provide the voltage requirements on the site plan.
 - b. Provide the electrical riser diagram and load calculations.
 - c. Provide 3-foot clearance of the padmount transformer from the nearby parking space, or provide a bollard.
2. Prior to the issuance of a Certificate of Occupancy, the following actions shall be completed:
 - a. Provide and record a 10-foot utility easement at the padmount transformer location.
 - b. Pay all fees associated with the new service (materials and construction fees).
 - c. Complete a final electrical inspection.

Planning:

1. Prior to the issuance of a building, submit the unity of title documentation from when the lots were combined. If unity of title documentation cannot be submitted, a new unity of title form shall be filled out with the City (see attached form). The lot does not show record of being platting. Instead, it appears the lots were joined by unity of title or by parcel combination for tax deed purposes.
2. Prior to the issuance of a building permit, fifty percent (50%) of the sustainable bonus fee shall be paid to the City.
3. Prior to building permit and subject to concurrent minor site plan review, the photometric plan shall be updated to provide the lighting level at the southern property line to ensure compliance with LDR Section 23.4-3(c)(4), which states that "lighting shall be shielded and located to not allow light to trespass upon neighboring residential properties or districts in excess of 12.57 lumens when measured from the property line." Further, LED lighting shall have a warm tone (not to exceed 3000K) with fixtures that are dark sky compliant. Specifically, the wall fixture identified in the photometric plan shall be replaced with a dark sky compliant fixture.
4. Prior to the issuance of a building permit, a sign plan shall be submitted that depicts a minimum of 50% of the face of one of the monument signs shall be dedicated to the proposed office and small internal directional signage approximately 2 sf in size shall be provided
5. The office shall have a separate business license from the multi-family complex in order for the project to qualify as mixed-use.
6. Prior to the issuance of a business license, all code violations shall be remediated.

Public Works:

1. The issuance of any permits shall comply with all provisions of the Lake Worth Municipal Code and all other applicable standards including but not limited to the Florida Department of Transportation (FDOT), Manual on Uniform Traffic Control Devices (MUTCD), and City of Lake Worth Public Works Construction Standards and Policy and Procedure Manual.
2. Thirty days prior to first reading at the City Commission, contact and meet with a representative from the Public Works Solid Waste and Recycling Division to confirm dumpster enclosure location, accessibility and demand on property and that it is compatible with the requirements of the Department of Public Works.
