SUMMARY:

The item provides for the annual appointment of City liaisons from the City Commission members to various organizations and boards.

BACKGROUND AND JUSTIFICATION:

On April 16, 2024, the City Commission made the following appointments:

- 1. PBC Transportation Planning Authority (TPA) – Commissioner Diaz; Vice Mayor McVoy alternate**
The TPA provides a cooperative, comprehensive, and continuing transportation planning and decision-making process which encompasses all modes and covers both short-range and long-range transportation planning.
- 2. Palm Beach County League of Cities (PBCLC) – Mayor Resch**
The PBCLC's purpose is to promote and advance the collective interest(s) of the municipalities of the County to study municipal issues and seek desired results through cooperative effort, to respect the principles of Home Rule, to encourage and enhance the quality of life of the citizens of the County, and/or to engage in any other lawful purpose not for profit.
- 3. Citizens Advisory Committee for PBC Transportation Planning Agency – vacant**
The Citizens Advisory Committee (CAC) is responsible for providing the TPA Board with a "citizen's eye" view of ongoing transportation issues in Palm Beach County. Because one of the base missions of the TPA is to gather local input and desires for transportation within the County, this committee is an important conduit for serving these public interests and submitting their views and concerns to the TPA Board
- 4. Community Redevelopment Agency (CRA) – Vice Mayor Malega**
The CRA is responsible for formulating and implementing projects that are consistent with the Lake Worth Beach Redevelopment Plan to assist in revitalizing and redeveloping portions of the City.

5. Neighborhood Association Presidents' Council (NAPC) – Commissioner May

The Council supports and promotes the neighborhood associations and serves as an umbrella organization with no opinion on how each association chooses to decide matters for its own association.

6. Education Task Force – Commissioner Diaz

The Education Task Force serves to strengthen the relationship between the city and its schools, to study issues affecting the schools and report the findings and to assess the strengths and challenges that city schools are facing in an effort to determine how the city could assist.
