RELEVANT EXPERIENCE	I am a passionate advocate for trees and the need to preserve and safeguard a mature tree canopy. I am a passionate advocate for the promotion of native plants to assist pollinators in maintaining and propagating a healthy native landscape. I have a Bachelor of Science, which includes a course of study of Botany and Biology of the West Indies in addition to other sciences as part of my degree. Within the scope of my duties at work, I provide tours to students and adults in order to inspire a future committment toward safeguarding our environment; which more and more is under attack by development. I previously left my post within this board, where I can claim several friends, due to the fact that there was little movement and/or support for this board, who worked so hard independently and together to help our uniquely natural environment. I have been encouraged to return to this volunteer board with the hope that more can be done to help our city's mature shade canopy while encouraging our residents to plant native plants and trees and safeguard their own shade trees.
INTEREST/ACTIVITIES	In addition to trees, I love running, cycling, swimming, hiking, traveling, Classical Music, Art, and writing.

COMMUNITY INVOLVEMENT	My involvement includes communication with our commission on myriad issues impacting our city, attending meetings scheduled by my neighborhood association (Parrot Cove), Town Halls, Democratic Club Member and community engagement including Maya Center/School.
WHY DO YOU DESIRE TO SERVE ON THIS BOARD (FIRST PREFERENCE)	I want to help the city safeguard our remaining tree canopy.
WHY DO YOU DESIRE TO SERVE ON THIS BOARD (SECOND PREFERENCE)	I want to help the city focus on ensuring that only qualified arborists work in the city
WHY DO YOU DESIRE TO SERVE ON THIS BOARD (THIRD PREFERENCE)	I want to inspire city officials to focus on green spaces and their value
