SIDEWALK, CURB, DRIVEWAY APRON REPAIRS  
IFB#24-116**

**WORK ORDER NO. 2**

THIS WORK ORDER for the Construction Contract for Citywide concrete sidewalk, curb, driveway aprons repairs ("Work Order" hereafter) is made on the \_\_\_\_\_, between the **City of Lake Worth Beach**, a Florida municipal corporation located at 7 North Dixie Highway, Lake Worth Beach, Florida 33460 ("City" hereafter) and **M & M Asphalt Maintenance dba All County Paving** a corporation authorized to do business in State of Florida ("Contractor" hereafter).

**1.0     Project Description:**

The City desires the Contractor to provide all goods, services, materials and equipment as identified herein related to the Construction Contract for Citywide concrete sidewalk, curb, driveway aprons repairs described as: N L ST (3<sup>rd</sup> Ave N to 5<sup>th</sup> Ave N) (the "Project"). The Project is more specifically described in the plans prepared by Shannon Garcia, dated November 5, 2024, and which are incorporated herein by reference.

**2.0     Scope**

Under this Work Order, the Contractor will provide the City of Lake Worth Beach with construction services for the Project as specified in the **Contractor's proposal attached hereto and incorporated herein as Exhibit "1"**.

**3.0     Schedule and Liquidated Damages**

Substantial completion of all services and work under this Work Order shall be within **70 calendar days** from the Effective Date of this Work Order. Final completion of all services and work (and all punch-list items (if any)) under this Work Order shall be within **90 calendar days** from the Effective Date of this Work Order. The Effective Date of this Work Order is the date following the parties' execution of this Work Order and the City's delivery of a Notice to Proceed to the Contractor via e-mail, facsimile or other form of delivery as documented by the City. Substantial completion occurs when the services and work has progressed to the point where, in the opinion of the City, the work is sufficiently complete in accordance with the Contract Documents and this Work Order, so that the Project can be utilized for the purposes for which it is intended. Final completion occurs when all services and work (including punch-list items) has been completed and the project becomes fully operational and accepted by the City.

**Liquidated Damages.** The City and Contractor recognize that time is of the essence under this Work Order and the Contract Documents, and that the City will suffer financial loss if the services and work described in this Work Order and the Contract Documents are not completed within the times specified in this Work Order. The City and Contractor recognize, agree and acknowledge that it would be impractical and extremely difficult to ascertain and fix the actual damages that the City would suffer in the event Contractor neglects, refuses, or otherwise fails to complete the services and work within the time specified. Accordingly, instead of requiring any such proof, the City and Contractor agree that as liquidated damages for delay (but not as a penalty) Contractor shall pay the City Two Hundred & Fifty dollars (\$250.00) for each day that expires after the time specified in this Work Order.

#### **4.0 Compensation and Direct Purchases**
