FOURTH AMENDMENT TO CONTRACTOR AGREEMENT (Emergency Utility Repairs for Water, Wastewater and Stormwater)

THIS FOURTH AMENDMENT ("Amendment") to the Agreement is made as of ______, by and between the **City of Lake Worth Beach**, a Florida municipal corporation ("CITY") and **B&B Underground Construction**, **Inc.** ("CONTRACTOR").

WHEREAS, on July 10, 2020, pursuant to a competitively bid procurement, the CITY entered into the Contractor Agreement with the CONTRACTOR for the Emergency Utility Repairs for Water, Wastewater and Stormwater ("Agreement"); and

WHEREAS, on February 23, 2021 the CITY and CONTRACTOR amended the Agreement to include the new statutory E-Verify provision and to add additional unit price items which the CITY has determined are necessary and reasonable for CITY's funded projects; and

WHEREAS, on November 1, 2021, the CITY and the CONTRACTOR amended the Agreement with two (2) Amendments to add additional unit price items, which the CITY determined were necessary and reasonable for CITY's funded projects; and

WHEREAS, the CITY and the CONTRACTOR wish to amend the Agreement to add additional unit price items and update pricing from the original Agreement as shown in Exhibit "1"; to renew the Agreement for one additional year consistent with the existing terms of the Agreement; to add additional terms to the Agreement for services not covered by unit pricing when such services are funded by the CITY with non-federal funds; and, to add additional federal clauses necessary for services funded by federal funds; and

WHEREAS, the CITY has reviewed the new unit prices proposed by CONTRACTOR and, based on the CITY's review of similar services from other vendors and pricing in the current marketplace, the CITY finds such unit prices to be fair and reasonable and acceptable to the CITY; and,

WHEREAS, the CITY finds amending the Agreement as set forth herein is in the best interest of the CITY and serves a valid public purpose.

- **NOW, THEREFORE,** in consideration of the mutual promises contained herein, the sufficiency of which is hereby acknowledged by each party hereto, the CITY and the CONTRACTOR agree to amend the Agreement, as follow:
- 1. **Recitals**. The parties agree that the recitals set forth above are true and correct and are fully incorporated herein by reference.
- 2. <u>Fee and Ordering Mechanism</u>. The Agreement is amended at Section 5, Fee and Ordering Mechanism, by amending **Exhibit "C"** of the Agreement, to add the additional unit price items set forth in **Exhibit "1"** attached hereto and incorporated herein. These additional unit price items shall only apply to projects funded by the CITY.
- 3. <u>Term of Agreement.</u> The parties agree that the term of the Agreement is hereby extended to July 9, 2024.

- 4. Additional Negotiated Services. For CITY projects which are wholly funded by CITY funds or other non-federal funds, the CITY may need additional services from the CONTRACTOR which are not covered by current unit prices under this Agreement. In such instance, the CITY may request the CONTRACTOR provide a pricing proposal for such additional services and the CITY shall negotiate with the CONTRACTOR the pricing proposal for such additional services to ensure the price is fair and reasonable given current market conditions and the total scope of services requested by the CITY. If the CITY finds the negotiated pricing for such additional services is fair and reasonable, the CITY may enter a Work Order or Purchase Order which includes such additional services. Notwithstanding the foregoing, in no event shall the total project cost inclusive of the additional negotiated services exceed \$200,000 (Two Hundred Thousand Dollars) unless the pricing proposal is for additional services which are documented by the CITY as necessary to address an emergency. "Emergency" for purposes of this paragraph means an unexpected turn of events that causes: (a) an immediate danger to the public health or safety; (b) an immediate danger of loss of public or private property; or, (c) an interruption in the delivery of an essential government service.
- 5. <u>Additional Federal Clauses</u>. The additional federal clauses attached hereto as **Exhibit** "2" are incorporated into this Agreement and made a part hereof.
- 6. **Entire Agreement.** The CITY and the CONTRACTOR agree that the Agreement (as previously amended) and this Amendment set forth the entire agreement between the parties, and that there are no promises or understandings other than those stated in the Agreement (as previously amended) and herein. None of the provisions, terms and conditions contained in this Amendment may be added to, modified, superseded or otherwise altered, except by written instrument executed by the parties hereto.
- 7. <u>Legal Effect.</u> This Amendment shall not become binding and effective until approved by the City Commission.
- 8. <u>Counterparts.</u> This Amendment may be executed in one or more counterparts, each of which shall be deemed an original, and will become effective and binding upon the parties as of the effective date at such time as all the signatories hereto have signed a counterpart of this Amendment. The parties may sign this Amendment electronically and such electronic signature will be treated as an original signature of the signing party.
- 9. <u>Amendment</u>. Except for the provisions of the Agreement previously amended and specifically amended by this Amendment, all other terms and conditions of the Agreement shall remain in full force and effect.

REMAINDER OF THIS PAGE INTENTIONALLY LEFT BLANK SIGNATURE PAGE FOLLOWS

IN WITNESS WHEREOF, the parties hereto have made and executed this Fourth Amendment to the Contractor Agreement on the day and year first above written:

Exhibit "2" Additional Federal Clauses

1. "Domestic Preference for Procurements"

As appropriate, and to the extent consistent with law, the Contractor should, to the greatest extent practicable, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States. This includes, but is not limited to iron, aluminum, steel, cement, and other manufactured products.

For purposes of this clause: Produced in the United States means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.

Manufactured products mean items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber."

2. "Prohibition on Contracting for Covered Telecommunications Equipment or Services"

- (a) Definitions. As used in this clause, the terms backhaul; covered foreign country; covered telecommunications equipment or services; interconnection arrangements; roaming; substantial or essential component; and telecommunications equipment or services have the meaning as defined in FEMA Policy 405-143-1, Prohibitions on Expending FEMA Award Funds for Covered Telecommunications Equipment or Services (Interim), as used in this clause—
- (b) Prohibitions.
- (1) Section 889(b) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019, Pub. L. No. 115-232, and 2 C.F.R. § 200.216 prohibit the head of an executive agency on or after Aug.13, 2020, from obligating or expending grant, cooperative agreement, loan, or loan guarantee funds on certain telecommunications products or from certain entities for national security reasons.
- (2) Unless an exception in paragraph (c) of this clause applies, the Contractor and its subcontractors may not use grant, cooperative agreement, loan, or loan guarantee funds from the Federal Emergency Management Agency to:
- (i) Procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;
- (ii) Enter into, extend, or renew a contract to procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;
- (iii) Enter into, extend, or renew contracts with entities that use covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system; or
- (iv) Provide, as part of its performance of this contract, subcontract, or other contractual instrument, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.
- (c) Exceptions.
- (1) This clause does not prohibit the Contractor from providing—
- (i) A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or
- (ii) Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.
- (2) By necessary implication and regulation, the prohibitions also do not apply to:
- (i) Covered telecommunications equipment or services that:
- i. Are not used as a substantial or essential component of any system; and

- ii. Are not used as critical technology of any system.
- (ii) Other telecommunications equipment or services that are not considered covered telecommunications equipment or services.
- (d) Reporting requirement.
- (1) In the event the Contractor identifies covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system, during contract performance, or the Contractor is notified of such by a subcontractor at any tier or by any other source, the Contractor shall report the information in paragraph (d)(2) of this clause to the recipient or subrecipient, unless elsewhere in this contract are established procedures for reporting the information.
- (2) The Contractor shall report the following information pursuant to paragraph (d)(1) of this clause:
- (i) Within one business day from the date of such identification or notification: The contract number; the order number(s), if applicable; supplier name; supplier unique entity identifier (if known); supplier Commercial and Government Entity (CAGE) code (if known); brand; model number (original equipment manufacturer number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended.
- (ii) Within 10 business days of submitting the information in paragraph (d)(2)(i) of this clause: Any further available information about mitigation actions undertaken or recommended. In addition, the Contractor shall describe the efforts it undertook to prevent use or submission of covered telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services.
- (e) Subcontracts. The Contractor shall insert the substance of this clause, including this paragraph (e), in all subcontracts and other contractual instruments."
