

STAFF REPORT UTILITY MEETING

AGENDA DATE: June 25, 2024

DEPARTMENT: Electric Utility

TITLE:

Work Order #7 with Hooper Corp. to provide construction services for the Hardening and Voltage Conversion of Circuit 0601 from the 6th Ave. S substation

SUMMARY:

This Work Order authorizes Hooper Corp. ("Hooper"), to complete construction services for the 0601 Circuit from the 6th Ave. S. Substation in the amount not to exceed \$550,912.07. This project has been identified as an element of the City's Electric Utility System Hardening and Reliability Improvement Program (SHRIP) and for which bonds were sold in 2020 and 2022.

BACKGROUND AND JUSTIFICATION:

The City of Lake Worth Beach issued IFB 23-116 to identify qualified contractors to perform construction services. Six (6) qualified contractors were selected, and which are technically qualified and responsible bidders to perform SHRIP construction projects.

The City approached all pre-qualified Contractors. Proposals were received on May 29th from Hooper Corp. and L E. Myers Co. while Michels Power, Inc. and Wilco, LLC provided emails declining to provide proposals.

Hooper was the lowest cost, responsive bidder and provides the best value for the City. Work Order # 7 is for Hooper Corp. to complete the Hardening and Voltage Conversion of the 6th Ave. S Circuit 0601 as engineered in specified areas, to include hardened ductile iron poles replacing wood poles, transformer replacements and reconductoring and removal of existing conductors.

The City will provide feeder conductors, transformers, switches and related connection and mounting accessory materials which Hooper will install and assemble. If approved, Work Order #7 will be issued to Hooper in accordance with IFB# 23-116 for the City's Electric Utility SHRIP Program in the amount not to exceed \$550,912.07, this includes the contingency of \$91,818.18.

MOTION:

Move to approve/disapprove Work Order #7 with Hooper Corp. to provide construction services for the Hardening and Voltage Conversion of Circuit 0601 from the 6th Ave S substation at a cost not to exceed \$550,912.07.
