The purpose of this LOI is to set forth certain binding and nonbinding provisions pertaining to the redevelopment of the Gulfstream Hotel and the adjoining vacant parcels in downtown Lake Worth Beach ("Development Property") by Developer and its affiliated entities ("Project").

PART I

The following Paragraphs, A through C (inclusive of all sub-paragraphs), reflect the Parties' current understanding of the efforts described, but are not legally binding and do not impose an enforceable obligation on either Party except as provided in Part II hereof.

A. **Urban Planned Development.** The City and Developer are coordinating on an entitlement process for an urban planned development and historic restoration as outlined by Chapter 23 of the City's Code of Ordinances including review by Historic Resources Preservation Board (HRPB) and the Lake Worth Beach City Commission as appropriate, and release the existing recorded Unity of Title and other restrictions simultaneously with approval of new entitlements for the Development Property for the Project. This process also includes the Parties' current efforts to:

1. Coordinate on a Transfer of Development Rights (incl. 10 additional units per acre) through review and approval before the HRPB, and the Lake Worth Beach City Commission, and waive all fees associated with Transfer of Development Rights; and,
2. Coordinate on a Sustainable Bonus Incentive (incl. additional FAR) through review and approval before the HRPB, and the Lake Worth Beach City Commission, and waive any associated fees.

B. **Economic Investment Incentive.** The City and Developer are preparing an Economic Investment Incentive package as authorized by the City's Code of Ordinances for new revenue streams to the electrical, water, sewer and stormwater utilities based on the estimated for the Project as follows:

1. Electric -\$0.55 per sq ft of conditioned space;
2. Water/Sewer - \$0.12 per sq ft of conditioned space;

3. Stormwater - \$0.03 per sq ft of conditioned space; and,

An Economic Investment Infrastructure Incentive of reimbursement of costs for necessary infrastructure improvements adjacent to the Project on behalf of the Electric Utility, Water Utility and/or Public Services Department that are included in the City's Five Year Capital Improvement Plan (CIP) of not less than \$1,000,000.

C. **Miscellaneous Efforts.** The following efforts are being coordinated and evaluated by the Parties and, if practicable or applicable, the resulting obligations of the Parties shall be ready for City Manager, HRPB, and/or Lake Worth Beach City Commission review no later than _____.

1. To evaluate the feasibility and the design of providing for 2-way traffic along South Lakeside Drive between Lake Avenue and 1st Avenue South.
2. To support a valet lane on Lake Avenue in front of the Development Property and assist with coordination with the Florida Department of Transportation (FDOT) as necessary (construction to be at the cost of the Developer, not the City, except for any improvements related to the Economic Investment Infrastructure Incentive (above)).
3. To evaluate parking options as follows:
 - a. Non-exclusive free hotel/restaurant use of existing street parking on Golfview Drive;
 - b. Exploration of a joint option of providing overflow parking for staff and guests;
 - c. Consider alterations in meter and parking restrictions surrounding the Development Property; and,
 - d. Negotiate a purchase or rental rate for public parking in the Development Property if the Developer makes provision for public parking.
4. To evaluate the building permit fee and entitlements application fee parameters for developments over \$30M.

refreshments; beach games/equipment; other similar hotel amenities; and, with an ability for hotel guests to sign charges to their hotel room. The Parties will coordinate with the City's current municipal beach chair vendor and potentially municipal beach restaurant operator(s) ("City's Current Vendors") to implement such services. If such services are available from the City's Current Vendors at an appropriate level and commercially reasonable cost, the Developer and/or City will enter the appropriate agreements with the City's Current Vendors to set forth the terms and conditions for the services. If such agreements terminate or otherwise expire, the Parties will work together in good faith to obtain replacement services. If such services are not reasonably available from the City's Current Vendors, or no other replacement services are reasonably acceptable to the Parties, the City will allow the Developer to operate reasonably near the municipal beach to provide such services directly to hotel guests.

10. To relocate utilities from the abandoned alleyway section bisecting the Development Property and release of City held easements within such alleyway.

The City may require that any such closure or restriction be for the minimum time reasonably necessary to accommodate construction.

The Parties understand that additional discussions and negotiations with respect to Paragraphs A, B and C (inclusive of all sub-paragraphs), above, will be required, and that no Party will be bound to any of the efforts in Paragraphs A, B and C (inclusive of all sub-paragraphs), above, unless and until the City and Developer negotiate, approve and execute acceptable definitive agreements and related documentation (including, without limitation, approvals of the Developer, City's City Manager, HRPB, and/or Lake Worth Beach City Commission) as necessary to achieve binding obligations as to the efforts in Paragraphs A, B and C (inclusive of all sub-paragraphs) above (the "Definitive Agreements").

It is anticipated by the Parties that the Definitive Agreements regarding the efforts in Paragraph A (inclusive of all sub-paragraphs), above, will be fully negotiated and ready in ordinance form for HRPB review no later than November 1, 2021 and Lake Worth Beach City Commission review no later than December 1, 2021.
