WHY DO YOU DESIRE TO SERVE ON THIS BOARD (FIRST PREFERENCE)	I would like to do some placemaking work for the city -- helping them to brand and sell the city to new businesses as well as to help existing businesses thrive. As seen recently, even new businesses need city support and community support to make it and this can be done through great implementation of a downtown strategy for example. I have worked with several well-known consultants and learned a lot of ideas that are not expensive but will help propel the city to recruit and maintain successful businesses. Frankly, I just want to help and support the city where I can.
