

STAFF REPORT WORKSHOP

AGENDA DATE: August 19, 2024

DEPARTMENT: Community Sustainability

TITLE:

Citywide Mobility Plan Update and Discussion

SUMMARY:

On January 17, 2023, the City Commission approved a task order for WGI to prepare a Citywide Mobility Plan. A draft document is ready for public dissemination and discussion.

BACKGROUND AND JUSTIFICATION:

Over the course of the past 20 months, WGI in concert with staff from a variety of the City Departments as well as many stakeholder organizations, citizens, property owners and business proprietors have been collaborating on the creation of the City's first Mobility Plan. The creation of the plan was organized over two fiscal years in two phases. Phase One focused on data and analysis. It also included a focus on grant and funding opportunities to ensure the plan could be implemented. Phase Two has focused on actual projects and time frames.

The first complete draft of the document recently was released with a desire to obtain feedback and comments from the members of the City Commission as well as the general public. The draft document is provided as an attachment. Members of the WGI team will provide a presentation and are available to address questions. The goal is to have a final document ready for publication and approval hearings in October 2024.

DIRECTION:

Provide consensus, direction and feedback on draft of mobility plan
