**Approved FY26 Capital Improvement Project
funded with \$180,500**

**Presented these design concept to Royal Poinciana
Neighborhood Association on June 17th, 2026**

Original 2021 conditions

Current conditions

Current 2-5 Playground will not be removed

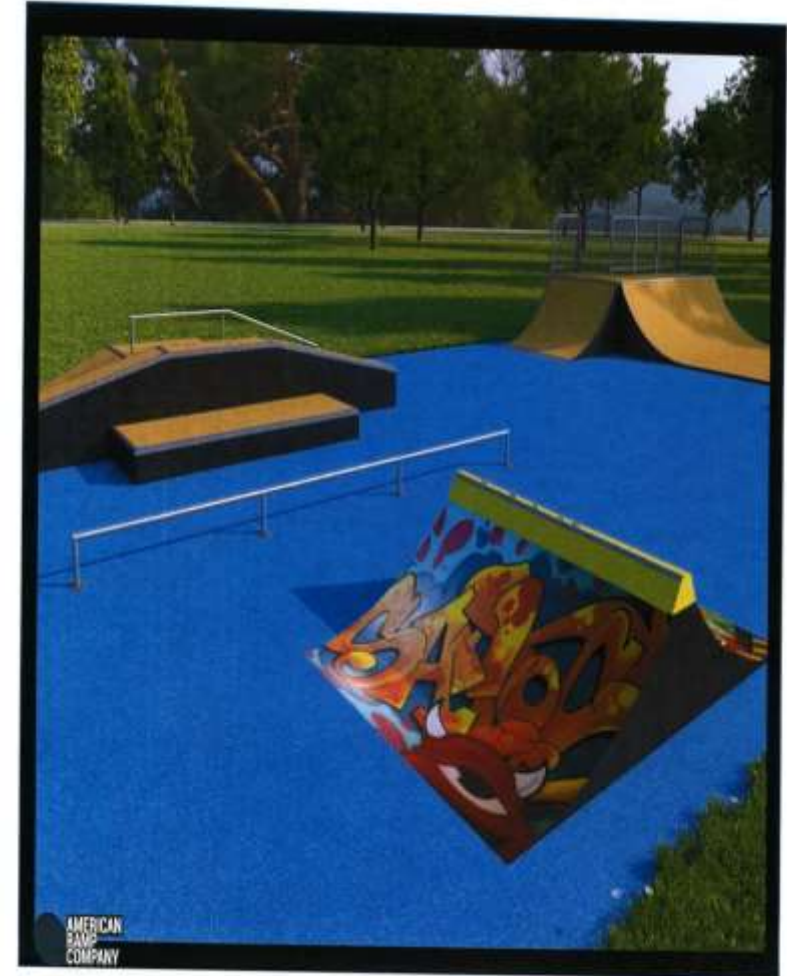

Option 1 commercial grade skatepark

- Includes commercial grade half pipes, quarter pipes, grind rails and bank ramps
- Equipment would be installed on top of the existing futsal court
- Life expectancy of the equipment is 15 years
- The equipment is designed for all ages
- Additional benches will be added to the area
- Cost estimate \$175,000

Option 1 Skatepark continued

Option 2 Playground with swings

- Includes a variety of equipment for children ages both 2-5 and 5-12 including multiple slides, climbing features, tandem expression swings and a large incorporated shade structure.
- The existing futsal court will be removed and replaced with wood fiber mulch for safety.
- Life expectancy of the equipment is 15 years.
- The deep purple was requested by the neighborhood community, and the bright green matches the current playground in the park.
- Additional benches will be added to the area.
- Cost estimate \$179,000.

Option 2 playground continued

Option 3 Playground with swings

- Includes a variety of equipment for children ages both 2-5 and 5-12 including multiple slides, climbing features, tandem expression swing and a large incorporated shade structure.
- The existing futsal court will be removed and replaced with wood fiber mulch for safety.
- Life expectancy of the equipment is 15 years.
- The vibrant yellow and green matches the current playground equipment. The deep purple was requested by the neighborhood community.
- Additional benches will be added to the area.
- Cost estimate \$179,000.

Option 3 playground continued

Option 4 playground

- Includes a variety of equipment for children ages both 5-12 including multiple slides, climbing features and large incorporated shade structures. (no swings)
- The existing futsal court will be removed and replaced with wood fiber mulch for safety.
- Expected life expectancy of the equipment is 15 years.
- The bright green matches the current playground equipment, and the vibrant red is inspired by the Royal Poinciana flower.
- Additional benches will be added to the area.
- Cost estimate \$179,000.

Option 4 playground continued
