Utility Customer Services	Section 1. Deposits A) Before any person shall be entitled to utility service, he/she or the entity must pay a security deposit to the City unless specifically waived herein. Any security deposit may be applied by the City at any time in satisfaction of indebtedness for utility services which may be or become due to the City by the customer. After such application, the remainder thereof may be applied in discharge of any indebtedness of the customer to the City whatsoever and the City may use said deposit as if the City were the absolute owner thereof. This deposit shall not preclude the City from discontinuing, for non-payment, any and all services covered by this deposit regardless of the sufficiency of said deposit to cover such indebtedness for such services. B) <u>Residential Service</u> The initial service deposit for residential utility service in the name of an individual(s) shall be established by consumer information received from a centralized database containing credit and consumer data information pertaining to the payment history of utility bills and other services ("Consumer Information Check" hereafter). The source of the Consumer Information Check may be without limitation credit information, consumer information, credit scoring services, fraud detection, and criminal records provided by national credit reporting repositories, and national criminal record databases, and/or local county systems. The Consumer Information Check will determine the amount, if any, of the deposit required to establish service. The specific amount of the deposit shall be as follows: 1) Individual(s) whose Consumer Information Check suggests a substantial risk of delinquency shall pay a deposit of two and one-half (2.5) times the average of estimated monthly billing at the location rounded up to the nearest Fifty Dollars (\$50). 2) Individual(s) whose Consumer Information Check suggests a moderate risk of delinquency shall pay a deposit of one (1.0) times the average of estimated monthly billing for electric service and/or Fifty Dollars (\$50) for water service per unit. 3) Individual(s) whose Consumer Information Check suggests no risk of delinquency shall not be required to pay a deposit. The risk of delinquency shall be established based on information revealed in the Consumer Information Check as reviewed by the city and/or its designee. An individual(s) who fails to provide the proper identification as required on the application for service; who initially provides false information; or, who has no Consumer Information Check history, shall be charged the same deposit as those individual(s) whose Consumer Information Check suggests a high risk of delinquency. Once service is established, the City reserves the right to update an individual(s) Consumer Information Check and require a deposit or an increase in the deposit if the updated Consumer Information Check reveals an increase in risk of delinquency. The customer shall be notified, in writing, of any deposit adjustment and/or amount due the City. The amount due, if any, shall be paid within thirty (30) days of notification or in six (6) equal monthly installments. Failure to pay the additional deposit amount may result in disconnection of service. The initial service deposit for residential utility service in the name of an entity (corporation, partnership, company, etc.) shall be as set forth below for Non-Residential (Commercial) General Service.

No non-residential (commercial) electric or water/sewer deposit shall be waived. However, deposits for service to any unit of federal, state or local government are waived as are deposits for service to any organization having a valid State of Florida tax exempt certificate as long as such organization is assessed no more than one (1) delinquent late fee in the most recent twelve (12) month period. In lieu of a cash deposit, a surety bond or an irrevocable letter of credit, as approved by the utility customer service manager or designee, may be accepted for non-residential (commercial) general service.

B) In an effort to reduce the amount of unpaid utility accounts and third-party collection efforts, the City has eliminated the return of residential deposits to non-property owners (residential tenants) until the service(s) are terminated; the final bill is paid in full; and, any other indebtedness to the City is paid. C) Refund of a deposit for an active utility account(s) shall be in the form of a credit to the corresponding account(s). Unpaid utility accounts incurred by customers who are the property owners create a lien on the property and these liens remain on the property until unpaid utility bills are paid in full. B) Subject to satisfaction of Section 4.A, the return of Commercial and Commercial-Demand deposits on accounts in the name of non-property owners at the location of the account shall be equal to all deposit amounts minus one month's average bill (calculation based on the account's most recent prior 12-months billing). The remaining one-month deposit shall not be returned until the account's service(s) are terminated; the final bill is paid in full; and, any other indebtedness to the City is paid. C) Refund of a deposit for an active utility account(s) shall be in the form of a credit to the corresponding account(s). Refund of deposit for closed accounts will be in the form of a check payable to the legal entity, person, or persons who established said utility deposit. Interest on Deposits.</u> Deposits paid to and held by the City of Lake Worth Beach shall accrue simple interest. The interest on the customer's deposit shall be effective after the customer's service and the deposit have been in existence for a continuous period of six (6) months. The following procedure shall be utilized: A) Deposit amounts shall be received and properly receipted in accordance with established procedures. B) Each year, during the month of September, the City of Lake Worth Beach shall establish the percentage rate to be applied on those monies on deposit on September 30 of that year. The percentage rate to be applied shall be based on the interest earned by the city for the deposits less a reasonable administrative fee for administration of the deposits. Utility Customer Services	Section 1. Deposits A) Generally Before any person shall be entitled to utility service, he/she or the entity must pay a security deposit to the City unless specifically waived herein. Any security deposit may be applied by the City at any time in satisfaction of indebtedness for utility services which may be or become due to the City by the customer. After such application, the remainder thereof may be applied in discharge of any indebtedness of the customer to the City whatsoever and the City may use said deposit as if the City were the absolute owner thereof. This deposit shall not preclude the City from discontinuing, for non- payment, any and all services covered by this deposit regardless of the sufficiency of said deposit to cover such indebtedness for such services. B) <u>Residential Service</u> The initial service deposit for residential utility service in the name of an individual(s) shall be established by consumer information received from a centralized database containing credit and consumer data information pertaining to the payment history of utility bills and other services ("Consumer Information Check" hereafter). The source of the Consumer Information Check may be without limitation credit information, consumer information, credit scoring services, fraud detection, and criminal records provided by national credit reporting repositories, and national criminal record databases, and/or local county systems. The Consumer Information Check will determine the amount, if any, of the deposit required to establish service. The specific amount of the deposit shall be as follows: 1) Individual(s) whose Consumer Information Check suggests a substantial risk of delinquency shall pay a deposit of two and one-half (2.5) times the average of estimated monthly billing at the location rounded up to the nearest Fifty Dollars (\$50). 2) Individual(s) whose Consumer Information Check suggests a moderate risk of delinquency shall pay a deposit of one (1.0) times the average of estimated monthly billing for electric service and/or Fifty Dollars (\$50) for water service per unit. 3) Individual(s) whose Consumer Information Check suggests no risk of delinquency shall not be required to pay a deposit. The risk of delinquency shall be established based on information revealed in the Consumer Information Check as reviewed by the city and/or its designee. An individual(s) who fails to provide the proper identification as required on the application for service; who initially provides false information; or, who has no Consumer Information Check history, shall be charged the same deposit as those individual(s) whose Consumer Information Check suggests a high risk of delinquency.

C)	Once service is established, the City reserves the right to update an individual(s) Consumer Information Check and require a deposit or an increase in the deposit if the updated Consumer Information Check reveals an increase in risk of delinquency. The customer shall be notified, in writing, of any deposit adjustment and/or amount due the City. The amount due, if any, shall be paid within thirty (30) days of notification or in six (6) equal monthly installments. Failure to pay the additional deposit amount may result in disconnection of service. The initial service deposit for residential utility service in the name of an entity (corporation, partnership, company, etc.) shall be as set forth below for Non-Residential (Commercial) General Service. <u>Non-Residential (Commercial) General Service</u> <u>Electric</u> The initial service deposit for electric utility service shall be the greater of Two Hundred Seventy Five Dollars (\$275) or two and one-half (2.5) times the monthly average of estimated bill rounded up to the nearest Fifty Dollars (\$50). <u>Water and/or Sanitary Sewer</u> The service deposit for water and/or sanitary sewer service shall be the greater of Three Hundred Dollars (\$300) or two and one-half (2.5) times the monthly average or estimated bill rounded to the nearest Fifty Dollars (\$50). No non-residential (commercial) electric or water/sewer deposit shall be waived. However, deposits for service to any unit of federal, state or local government are waived as are deposits for service to any organization having a valid State of Florida tax exempt certificate as long as such organization is assessed no more than one (1) delinquent late fee in the most recent twelve (12) month period. In lieu of a cash deposit, a surety bond or an irrevocable letter of credit, as approved by the utility customer service manager or designee, may be accepted for non-residential (commercial) general service.
