Article 1. GENERAL INFORMATION.

1.1 **Scope of Services/Work.** The Contractor shall provide the services and work requested by the City and required under a City approved work order as described herein. The general nature of the services and work to be provided by the Contractor under this Contract are the construction of hardening and reliability improvements to the City’s electric utility transmission and distribution system.

1.2 **Contract Documents.** The Contract Documents are incorporated herein by reference as if set forth in this Contract and comprise the entire agreement between the City and Contractor. The Contract Documents consist of this Contract, the IFB (including, but not limited to, the documents issued with the IFB as the scope and specifications, the drawings, addenda, attachments and exhibits); and, any duly executed and issued work orders, change orders and Contract amendments relating thereto. If, during the performance of the work, the Contractor finds an ambiguity, error or discrepancy in the Contract Documents, the Contractor shall so notify the City, in writing, within five (5) business days and before proceeding shall obtain a written interpretation or clarification. Failure to obtain a written interpretation or clarification will be deemed a waiver of the ambiguity, error or discrepancy by the Contractor. The City will not be responsible for any oral instructions, clarifications, or other communications except those provided in writing in response to Contractor's request for clarification of an ambiguity, discrepancy or error.

In resolving conflicts in any of the Contract Documents, the order of precedence shall be as follows:

First Priority:	Fully executed Change Orders or Contract amendments
Second Priority:	This Contract

Third Priority: Fully executed Work Orders
Fourth Priority: IFB

1.3 **Contract Administrator.** Whenever the term Contract Administrator is used herein, it is intended to mean **the City Manager or designee, City of Lake Worth Beach, Florida**. In the administration of this Contract, all parties may rely upon instructions or determinations made by the Contract Administrator except that all requests and/or determinations that result in an increase in change in time of completion and/or an increase in the contract price shall require a formal change order or contract amendment executed by the City Manager or the City Commission (depending on the authority set forth in the City's Procurement Code).

1.4 **Work Orders.** This Contract does not guarantee that the City will utilize the Contractor in any capacity or for any services hereunder. When the City identifies a need for the Contractor's services, the City will request a proposal from the Contractor to provide the services requested. The City will provide the Contractor with plans and/or specifications in order for the Contractor to develop its proposal. The Contractor's proposal shall be submitted in the format of the sample work order, attached hereto and incorporated herein as **Exhibit "A"** along with a copy of the Contractor's proposal and shall be based on the Hourly Billing Rates attached hereto and incorporated herein as **Exhibit "B"**. Upon receipt of the Contractor's proposed work order and proposal, the City shall decide in its sole discretion whether to award the work order to the Contractor. Depending on the lump sum amount of each work order, the work order may be awarded by the City Manager (if within City Manager's purchasing authority (currently not to exceed \$50,000)) or the City Commission. If the work order is approved by the City, the Contractor shall commence the identified services upon the City's approval of the work order for the services and issuance of a notice to proceed. The City reserves the right to reject any and all proposals submitted by the Contractor. A City-approved work order shall include (by reference) the plans and/or specifications provided by the City to the Contractor.

1.5 **Purchase Orders.** The City's ordering mechanism for individual projects involving urgently required work and/or repairs in the amount of \$15,000 or less under this Agreement will be by a City issued Purchase Order(s); however, the terms and conditions stated in a City Purchase Order(s) shall not apply; the terms and conditions set forth in this Agreement shall apply. CONTRACTOR shall not provide services under this Agreement without a City Purchase Order specifically for the stated services. CONTRACTOR shall provide the amount of requested services and price listed in each Purchase Order and not exceed amounts expressed on any Purchase Order. CONTRACTOR shall be liable for any excess services or costs not specifically stated in the Purchase Order(s). The City's Fiscal Year ends on September 30th of each calendar year. The City cannot authorize the purchase of services beyond September 30th of each calendar year, prior to the annual budget being approved by the City Commission. Additionally, the City must have budgeted appropriate funds for the goods and services in any subsequent Fiscal Year. If the budget is approved for said goods and services, the City will issue a new Purchase Order(s) each Fiscal Year for required and approved services. Services provided pursuant to a City issued Purchase Order(s) under this Agreement shall not exceed \$ 50,000 per year without additional City Commission approval.

1.5 **Term.** The term of this Contract shall be for three (3) years, with an option for two additional twelve (12) month renewals upon the mutual agreement of both parties. The renewal term(s) may be approved by the City Manager on behalf of the CITY. Notwithstanding the foregoing, this Contract may be terminated as set forth in the Contract Documents.

1.6 **Hourly Billing Rates.** The Hourly Billing Rates set forth as **Exhibit "B"** shall remain fixed for the first three (3) years of this Contract. If due to applicable price escalations and/or reductions which impact the Contractor's Hourly Billing Rates, the City and Contractor may execute a written amendment to this Contract to establish new Hourly Billing Rates for the renewal term(s). The City Manager may approve changes in the Hourly Billing Rates based on the recommendation of the City's Electric Utility Director or designee.

Article 2. CONTRACT TIME.

2.1 All services and work to be provided under a City-approved work order shall be provided in a timely manner as time is of the essence under this Contract.

2.2 The Contractor shall not be considered in default by reason of a delay in timely performance if such delay and failure arises out of causes reasonably beyond the control of the Contractor or its subcontractors (if authorized) and without the Contractor's or subcontractor's fault or negligence. Upon the Contractor's request, the City shall consider the facts and extent of any such delay and failure to timely perform the work for reason beyond the control of the Contractor and, if the Contractor's delay and failure to timely perform was without it or its subcontractors' fault or negligence, as reasonably determined by the City, the time of completion shall be extended for any reasonable time that the City may reasonably decide; subject to the City's rights to change, terminate, or stop any or all of the work at any time. If the Contractor is delayed at any time in the progress of the work by any act or neglect of the City or its employees, by an approved written change in the scope from the original Contract Documents, or by any other contractor employed by the City, or by changes ordered by the City or in an unusual delay in transportation, unavoidable casualties, or any causes beyond the Contractor's reasonable control, or by delay authorized by the City pending negotiation or by any cause which the City shall reasonably decide justifies the delay, then the time of completion shall be extended for any reasonable time the City may reasonably decide. The Contractor must provide the City with written notice of any delay claims and no extension of time shall be made for any delay occurring more than five (5) days before a claim therefore is made in writing to the City. In the case of continuing cause of delay, only one (1) claim is necessary. With the exception of an approved written change in the scope from the original Contract Documents, the Contractor's sole remedy for a delay in completion of the work for any reason will be an extension of time to complete the work and Contractor specifically waives any right to seek any monetary damages or losses for a delay in completion of the work, including, but not limited to, waiving any right to seek monetary amounts for lost profits, additional overhead, salaries, lost productivity, efficiency losses, or any other alleged monetary losses which may be allegedly suffered by Contractor due to a delay in completion of the work. Provided, however, and subject to sovereign immunity under section 768.28, Florida Statutes, that this provision shall not preclude recovery or damages by the Contractor for hindrances or delays due solely to fraud, bad faith or active interference on the part of the City. Otherwise, the Contractor shall be entitled only to extensions of the Contract Times as the sole and exclusive remedy for such resulting delay, in accordance with and to the extent specifically provided above.

Article 3. PAYMENT PROCEDURES

3.1 Generally. The Contractor shall submit invoices on a monthly basis detailing all work accomplished in the prior month and all materials installed and used in the work pursuant to City approved work order. Contractor's invoices shall be submitted to:

City of Lake Worth Beach
Attn: Finance Department
7 N. Dixie Highway
Lake Worth Beach, FL 33460

The City's Contract Administrator or designee will review each invoice submitted by the Contractor. If approved, the City will make payment in accordance with the Contract Documents. If not approved, the City will notify the Contractor within twenty (20) business days of the City's receipt and identify the action necessary to correct the invoice or a deficiency.

3.2 Payment to the Contractor shall be made pursuant Florida's Prompt Payment Act (for construction services), section 218.735, Florida Statutes, except as provided herein. Specifically, the City will withhold five

percent (5%) of each payment from a work order to the Contractor as retainage until fifty percent (95%) of the work order price is paid to the Contractor. Upon written request from the Contractor, the Contract Administrator may agree in writing with the Contractor to release a portion of the retainage upon payment of ninety-five percent (95%) of the work order price being paid to the Contractor (not to exceed fifty percent (50%) of the total retainage amount).

3.3 Upon substantial completion, the Contractor and City shall establish a punch-list of items that must be completed by the Contractor prior to the Contractor submitting its final payment request.

3.4 Final Payment. Upon final completion and acceptance of the work in accordance with the Contract Documents (including all punch-list items) and final inspection by the appropriate agency with jurisdiction over the project (if other than the City), the Contractor shall submit a “final invoice” to the City. In order for both parties to close their books and records, the Contractor will clearly state “FINAL” on the Contractor’s final invoice. This certifies that all work under the applicable work order has been properly completed and all charges have been invoiced to the City. Since this account will thereupon be closed, any and other further charges if not properly included in this final invoice are waived by the Contractor. If the Contractor’s Final Invoice is approved as set forth above, the City shall pay the remainder of the work order price including any amount held as retainage.

3.5 Notwithstanding the foregoing, the City shall not be required to pay or release any amount of retainage that is subject of a good faith dispute, the subject of a claim brought pursuant to section 255.05, Florida Statutes, or otherwise the subject of a claim or demand by the City.

3.6 Final payment shall not become due until the Contractor and all of its subcontractors submit to the City releases and waivers of liens, and data establishing payment or satisfaction of obligations, such as receipts, claims, security interests or encumbrances arising out of the Contract Documents or otherwise related to the Program.

3.7 Acceptance of final payment by the Contractor or a subcontractor shall constitute a waiver of claims by that payee except those previously made in writing and identified by that payee as unsettled at the time of final invoice.

Article 4. SUBCONTRACTS

The Contractor represents that it has, or will secure at its own expense, all necessary personnel required to perform the services under this Contract. Such personnel shall not be employees of or have any contractual relationship with the City. All of the services required hereunder shall be performed by the Contractor or under its supervision, and all personnel engaged in performing the services shall be fully qualified and, if required, authorized or permitted under state and local law to perform such services. The Contractor shall furnish services in a manner consistent with industry standards and to a level of professional skill generally acceptable in the industry with regard to services of this kind. The Contractor shall comply with all applicable laws in the provision of services under this Contract. The Contractor agrees that it is fully responsible to the City for the acts and omissions of subcontractors and of persons either directly or indirectly employed by the Contractor. Nothing contained herein shall create any contractual relationship between any subcontractor and the City. All of the Contractor’s personnel (and all subcontractors) while on City premises, will comply with all City requirements governing conduct, safety, and security. The City reserves the right to request replacement of any of subcontractor or subcontractor’s personnel furnished by the Contractor upon written notice by City to Contractor of the cause for such replacement. All work performed by a subcontractor will be at cost to the City without any mark-up by the Contractor. All subcontractors must provide the same level and type of insurance as required of the Contractor under this Contract prior to commencing any services. The Contractor shall submit the subcontractors’ proof of insurance upon receipt of a notice to proceed.

Article 5. INDEMNITY AND INSURANCE.

The Contractor agrees to assume liability for and indemnify, hold harmless, and defend the City, its commissioners, mayor, officers, employees, agents, and attorneys of, from, and against all liability and expense, including reasonable attorney's fees, in connection with any and all claims, demands, damages, actions, causes of action, and suits in equity of whatever kind or nature, including claims for personal injury, property damage, equitable relief, or loss of use, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Contractor, its agents, officers, Contractors, subcontractors, employees, or anyone else utilized by the Contractor in the performance of this Contract. The Contractor's liability hereunder shall include all attorney's fees and costs incurred by the City in the enforcement of this indemnification provision. This includes claims made by the employees of the Contractor against the City and the Contractor hereby waives its entitlement, if any, to immunity under Section 440.11, Florida Statutes. The obligations contained in this provision shall survive termination of this Contract and shall not be limited by the amount of any insurance required to be obtained or maintained under this Contract.

Subject to the limitations set forth in this Section, Contractor shall assume control of the defense of any claim asserted by a third party against the City and, in connection with such defense, shall appoint lead counsel, in each case at the Contractor's expense. The City shall have the right, at its option, to participate in the defense of any third party claim, without relieving Contractor of any of its obligations hereunder. If the Contractor assumes control of the defense of any third party claim in accordance with this paragraph, the Contractor shall obtain the prior written consent of the City before entering into any settlement of such claim. Notwithstanding anything to the contrary in this Section, the Contractor shall not assume or maintain control of the defense of any third party claim, but shall pay the fees of counsel retained by the City and all expenses, including experts' fees, if (i) an adverse determination with respect to the third party claim would, in the good faith judgment of the City, be detrimental in any material respect to the City's reputation; (ii) the third party claim seeks an injunction or equitable relief against the City; or (iii) the Contractor has failed or is failing to prosecute or defend vigorously the third party claim. Each party shall cooperate, and cause its agents to cooperate, in the defense or prosecution of any third party claim and shall furnish or cause to be furnished such records and information, and attend such conferences, discovery proceedings, hearings, trials, or appeals, as may be reasonably requested in connection therewith.

It is the specific intent of the parties hereto that the foregoing indemnification complies with Section 725.06, Florida Statutes, as amended. The Contractor expressly agrees that it will not claim, and waives any claim, that this indemnification violates Section 725.06, Florida Statutes. Nothing contained in the foregoing indemnification or any other provision in the Contract Documents shall be construed as a waiver of any immunity or limitation of liability the City may have under the doctrine of sovereign immunity or Section 768.28, Florida Statutes.

INSURANCE: Prior to commencing any work, the Contractor shall provide proof of insurance coverage as required in the IFB. All such insurance policies may not be modified or terminated without the express written authorization of the City. Failure to comply with the foregoing requirements shall not relieve the Contractor of its liability and obligations under this Contract. Each party will promptly notify the other of any complaint, claim, suit or cause of action threatened or commenced against it which arises out of or relates, in any manner, to the Contract Documents and/or performance of the work. Each party agrees to cooperate with the other in any investigation either may conduct, the defense of any claim or suit in which either party is named, and shall do nothing to impair or invalidate any applicable insurance coverage.

Article 6. REIMBURSEMENT OF ENGINEER EXPENSES.

Should the completion of a work order be delayed beyond the specified or adjusted time limit, Contractor shall

reimburse the City for all expenses of engineering and inspection incurred by the City during the period between said specified or adjusted time and the actual date of final completion. All such expenses for engineering and inspection incurred by the City will be charged to Contractor and be deducted from payments due Contractor as provided by this Contract. Said expenses shall be further defined as engineer charges associated with the construction contract administration, including resident project representative costs. All such expenses shall be separate from and in addition to any Liquidated Damages as provided for in an applicable Work Order.

Article 7. PUBLIC CONSTRUCTION BOND.

If the City approves a work order which exceeds \$200,000 in total construction cost, the Contractor must provide the City with a public construction bond in accordance with section 255.05, Florida Statutes. Said bond must be recorded in the Official Records in and for Palm Beach County and a copy of the recorded bond must be provided to the City prior to the Contractor providing any services under the work order. The City reserves the right to request a bond for any work order which is less than \$200,000. The cost of the bond shall be a direct pass through cost to the City without any mark-up by the Contractor.

The public construction bond shall be on forms attached hereto as **Exhibit “C”** or substantially similar as approved by the City. The bond shall be in an amount not less than the total Work Order price and shall incorporate by reference the terms of the Contract Documents in their entirety.

To be acceptable to the City, a Surety Company shall comply with the following provisions:

The Surety Company shall have a currently valid Certificate of Authority, issued by the State of Florida Department of Insurance, authorizing it to write surety bonds in the State of Florida.

- (a) The Surety Company shall have a currently valid Certificate of Authority issued by the United States Department of Treasury under Sections 9304 to 9308 of Title 31 of the United States Code.
- (b) The Surety Company shall be in full compliance with the provisions of the Florida Insurance Code.
- (c) The Surety Company shall have at least twice the minimum surplus and capital required by the Florida Insurance Code at the time the Contractor submits its Work Order for City approval.
- (d) The Surety Company shall have at least the ratings of A-/Class V in the latest issue of Best’s Key Rating Guide.
- (e) The Surety Company shall not expose itself to any loss on any one risk in an amount exceeding ten (10) percent of its surplus to policyholders, provided:
 1. **Any risk or portion of any risk being reinsured shall be deducted in determining the limitation of the risk as prescribed in this section. These minimum requirements shall apply to the reinsuring carrier providing authorization or approval by the State of Florida, Department of Insurance to do business in this state have been met.**
 2. In the case of the surety insurance company, in addition to the deduction for reinsurance, the amount assumed by any co-surety, the value of any security deposited, pledged or held subject to the consent of the surety and for the protection of the surety shall be deducted.

Article 8. TERMINATION.

8.1 **TERMINATION BY CITY:** The City may terminate any work order, the Contract and/or the Contract Documents if the Contractor is in default as follows:

- (a) refuses or fails to supply enough properly skilled workers or proper materials to timely and competently complete the work;
- (b) fails to make payment to subcontractors for materials or labor in accordance with the respective agreements between the Contractor and the subcontractors;
- (c) disregards or takes action contrary to any laws, ordinances, or rules, regulations or orders of a public authority having jurisdiction;
- (d) takes action, short of declaring bankruptcy, evidencing insolvency;
- (e) fails to prosecute the services or work in a timely manner and reasonably be unable to reach substantial completion and/or final completion within the timeframe(s) required;
- (e) fails or refuses to provide and/or maintain insurance or proof of insurance as required by the Contract Documents; **or,**
- (f) otherwise is in breach of a provision of the Contract Documents.

When any of the above reasons exist, the City, may without prejudice to any other rights or remedies of the City and after giving the Contractor and the Contractor's surety (if applicable), written notice and five (5) days to cure, terminate the work order, Contract and/or Contract Documents and may:

- (a) take possession of the site and of all materials, equipment, tools, and construction equipment and machinery thereon owned by or paid for by the City; and,
- (b) finish the work by whatever reasonable method the City may deem expedient.

The Contractor and its surety (if any) shall be liable for any damage to the City, including additional attorney and engineering/architectural fees, resulting from the Contractor's termination under this provision by the City, including but not limited to, and any increased costs incurred by the City in completing the work.

When the City terminates the Contract for one of the reasons stated above, the Contractor shall not be entitled to receive further payment, if any, until the work is finished.

Should it be determined by a mediator or a court of competent jurisdiction that the City wrongfully terminated the Contract, then the Contractor agrees to treat such termination as a termination for convenience.

8.2 **TERMINATION BY THE CITY FOR CONVENIENCE**

The City may, at any time, terminate the Contract and Contract Documents for the City's convenience and without cause. Upon receipt of written notice from the City of such termination for the City's convenience, the Contractor shall:

- (a) cease operations as directed by the City in the notice;
- (b) take actions necessary, or that the City may direct, for the protection and preservation of the work; and
- (c) except for work directed to be performed prior to the effective date of termination stated in the notice, terminate all existing subcontracts and purchase orders and enter into no further subcontracts and purchase orders.

In case of such termination for the City's convenience, the Contractor shall be entitled to receive payment for work executed, and costs incurred by reason of such termination including termination payments to subcontractors and demobilization costs.

Article 9. TAXES AND DIRECT PURCHASES.

9.1 TAXES: The City is exempt from payment of Florida State Sales and Use Tax. The Contractor is not authorized to use the City's Tax Exemption Number unless approved in writing.

9.2 DIRECT PURCHASES: For certain projects, the City may seek to make direct purchases of equipment or materials to be used by the Contractor. Pursuant to Section 212.08(6), Florida Statutes, and the Fla. Admin. Code Ann. R. 12A-1.094 and 12A-1.038, the Parties agree to the following procedure regarding the City's direct-purchase from vendors of certain equipment and materials to be used in specific projects:

9.2.1 The City reserves the right, at the City's option, to direct purchase equipment and materials involved in a specific project, including subcontracts, if any so as to save the sales tax which would otherwise have been due with regard to the same. The Contractor and its subcontractors shall comply with the City's direct purchase procedures, including but not limited to those listed below.

9.2.2 As specifically set forth in a City issued work order, within 30 days (or other time as specified in the work order), the Contractor will present a list of direct purchase equipment for the City's consideration which will include the recommended vendors' name; the price quotes from all vendors provided to the Contractor; and, any terms and conditions the Contractor has negotiated with the recommended vendors. The City will then inform the Contractor as to which equipment it will direct purchase. In the event the City fails to exercise its option to direct purchase equipment and identify which equipment is to be purchased by the City within thirty (30) calendar days of receipt of the list from the Contractor, the City shall waive its right to direct purchase any and all equipment to be used in completion of the work under the applicable work order.

9.2.3 The Contractor is responsible for selecting each direct purchase vendor, subject to City approval. The Contractor is responsible for specifications, equipment receipt, inspecting shipments, and assuring that the equipment is in accordance with the work order and the Contractor's specifications. The Contractor is also responsible for providing the City with enough advance notice of when the direct purchase equipment will need to be ordered and delivered. In absence of the Contractor's receipt of a written notice of City's disapproval of a vendor within thirty (30) calendar days of City's receipt of the vendor/material list referenced in 9.2.2, the City shall be deemed to have waived any and all objections thereto.

9.2.4 The Contractor shall retain all responsibility for installing all equipment relating to the work and for maintaining the construction schedule so long as the City timely orders and pays for the correct direct purchase equipment. The City's direct purchase mechanism to effectuate tax savings in no way effects the obligation of the Contractor to meet all of the terms and conditions and all provisions and technical specifications of the Contract Documents. The Contractor shall be responsible for insuring all equipment once the equipment is in its care, custody and control, regardless of whether directly purchased by City.

9.2.5 The City will issue a direct purchase order to the vendor of the direct purchase equipment at the price proposed in the Contractor's or its subcontractor's bid, less sales tax. The City will promptly send a copy of the issued purchaser order to the Contractor.

9.2.6 It will be the Contractor's primary responsibility to properly expedite and follow up on direct

purchase orders, thereby assuring delivery of the equipment as ordered and at the time and place needed by the Contractor to complete the work in accordance with the work order and construction schedule. To the extent required by the Contractor, the City shall cooperate with all requests of the Contractor related to the expedition of and follow up on direct purchase orders.

9.2.7 The Contractor shall take delivery, unload, and install the equipment purchased on the direct purchase order in accordance with the work order and the Contract Documents with the vendor to repair, replace, and make good any defect without cost to the City, until such time as the work has been completed and accepted by City in accordance with the Contract Documents. The City, with assistance from the Contractor, will be responsible for undertaking and completing any returns of direct purchase equipment as requested by the Contractor and working with the vendor to effectuate any credits or warranties for the returned equipment (if applicable). Any returns not replaced shall be credited to City and acknowledged by a supplement to the direct purchase order and, if applicable, amendment to the Contract Sum. The Contractor shall not be responsible for warranting the direct purchase equipment to the City; however, the Contractor shall be responsible for facilitating the vendor's warranty of the direct purchase equipment and the Contractor shall be responsible for warranting the work to install and/or incorporate the equipment. The Contractor shall maintain records of all direct purchases received and incorporated into the work and provide the City with a monthly accounting until all direct purchase items that are received and accepted for inclusion in the specific project.

9.2.8 When delivery of a direct purchase order is complete, or a payment is to be made on a partial shipment, the Contractor will timely submit to City the documentation supporting the equipment received. Invoices for direct purchase orders will be sent by the direct purchase vendor directly to City's Finance Department, with all such invoices addressed to and in the name of the City. The City's Finance Department will forward invoices to the City's Contract Administrator. The City's Contract Administrator will forward the invoices to the Contractor to verify delivery and sign the invoice and associated documentation supporting the amount of the payment. The City will make timely payment to all vendors in compliance with each vendor's payment procedures. The City will take title to all equipment ordered through direct purchase upon or at the time of purchase. The Contractor will assist City in assuring prompt payment by supplying the vendor's FEI numbers, addresses, phone numbers, etc. All payments will be made in accordance with the Florida Prompt Payment Act.

Article 10. CONTRACTOR'S REPRESENTATIONS AND AGREEMENTS.

In order to induce the City to enter into this Contract, the Contractor makes the following representations:

10.1 Contractor has or will familiarize itself with the nature and extent of the Contract Documents, work, site, locality, and all local conditions and laws and regulations that in any manner may affect cost, progress, performance or furnishing of the work prior to commencing the work under an applicable Work Order. All work shall be performed consistent with all applicable laws and regulations.

10.2 Contractor agrees to be solely responsible for compliance with all applicable environmental regulations, for any liability arising from non-compliance with the regulations and to reimburse the City for any loss incurred in connection therewith. This compliance provision specifically includes the Contractor's compliance with all applicable standards, orders or regulations including, without limitation, those issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387).

10.3 Contractor agrees to utilize the U.S. Department of Homeland Security's E-Verify System to verify the employment eligibility of all new employees hired by the Contractor during the term of this Contract.

10.4 The Contractor represents and warrants that it has and will continue to maintain all licenses and approvals required to conduct its business and provide the work required under the Contract Documents. Proof of such licenses and approvals shall be submitted to the City upon request.

Article 11. INFRINGEMENT INDEMNITY.

11.1 The Contractor will defend or settle at its expense a claim or suit brought by a third party against the City arising out of a claim asserting that the services, work, repair, materials or other deliverables (“deliverables” hereafter) provided by the Contractor under the Contract Documents (if any) infringes any U.S. copyright or any U.S. patent or misappropriates a trade secret. The Contractor will indemnify and hold harmless the City against and from damages, costs, and attorneys’ fees, if any and at all levels of trial and appeal or mediation or arbitration, finally awarded in such suit or the amount of the settlement thereof; provided that (i) the Contractor is promptly notified in writing of such claim or suit, (ii) the Contractor will have the sole control of the defense and settlement thereof, and (iii) City furnishes the Contractor, on reasonable request, information available to City for such defense. The City will not admit any such claim without prior consent of the Contractor.

a. In the event of a claim of infringement, the Contractor shall, at its option:

1. procure for City the right to continue using the deliverables provided under the Contract Documents; or
2. replace or modify the deliverables so that the same becomes non-infringing but substantially equivalent in functionality and performance.
3. If neither of the above actions is reasonably feasible, the Contractor will refund to City the fee actually paid by City under the Contract Documents (as amortized on a straight-line basis over the time in which the City was able to use the deliverables.

b. The Contractor will have no obligation under this section for infringement if and to the extent that such claim arises from:

1. modification of the deliverables other than by the Contractor or by its recommendation; or
 2. combination of the deliverables with products other than those supplied by the Contractor;
- and,
3. the alleged infringement or misappropriation relates to such modification or combination.

c. The Contractor will also not have any indemnification obligation with respect to a claim: (i) if it has provided City with reasonable changes that would have avoided the problem and the reasonable changes are not fully implemented by City within a reasonable time or (ii) arising out use of the deliverables not in accordance with the Contract Documents.

d. The Contractor’s obligation to indemnify, defend and hold harmless shall remain in effect and shall be binding upon the Contractor whether such injury or damage shall accrue, or may be discovered, before or after termination or expiration of the Contract Documents.

Article 12. MISCELLANEOUS.

12.1 The City and Contractor each binds itself, its partners, its successors, assigns and legal representatives to the other party hereto, its partners, successors, assigns and legal representatives in respect of all covenants, agreements and obligations contained in the Contract Documents.

12.2 Additional work and/or changes to a work order's price and/or time, is subject to the City's prior written approval. Only the City Manager and City Commission (based on the procurement code) have the authority to approve such additional work and changes.

12.3 The headings contained in this Contract are inserted for convenience of reference only and shall not be a part or control or affect the meaning hereof.

12.4 This Contract may be executed in two or more counterparts, each of which shall be deemed to be an original, but all of which shall be deemed to be an original, but each of which together shall constitute one and the same instrument.

12.5 This Contract (together with the other Contract Documents) supersedes any and all prior negotiations and oral or written agreements heretofore made relating to the subject matter hereof and, except for written agreements, if any, executed and delivered simultaneously with or subsequent to the date of this Contract, constitutes the entire agreement of the parties relating to the subject matter hereof. This Contract may not be altered or amended except by a writing signed by the parties hereto. If, at any time prior to the expiration of the one (1) year warranty period, the City discovers any failure or breach of the Contractor's warranties or the Contractor discovers any failure or breach of the Contractor's warranties, the Contractor will, upon written notice from City or of its own accord, at the Contractor's sole cost and expense, promptly correct such failure or breach (which corrective action must include, without limitation, any necessary removal, disassembly, reinstallation, repair, replacement, reassembly, retesting, and/or re-inspection of any part or portion of the work and any other property damaged or affected by such failure, breach, or corrective action). The Contractor will remedy any such failure or breach so, to the extent possible, to avoid unnecessary disruptions to the operations of City or its systems. In the event the Contractor fails to initiate and diligently pursue corrective action within five (5) days of the Contractor's receipt of the City's notice or the Contractor's discovery of the same, the City may undertake such corrective action at the Contractor's expense.

9.0 Authorization

This Work Order is issued pursuant to the System Hardening and Reliability Improvements Contract for between the City of Lake Worth Beach and the Contractor, dated _____, ("Contract" hereafter). Federal Contract Provisions

The Contractor hereby agrees that the following terms, at a minimum, will be incorporated into any subsequent contract resulting from this IFB, which is funded in whole or in part with any federal or other funding where the following terms are applicable:

Equal Employment Opportunity. During the performance of the resulting contract, the Contractor agrees as follows:

(1) The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The Contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Contractor's legal duty to furnish information.

(4) The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the Contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the Contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The Contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules,

regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance: Provided, however, that in the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract. The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a Contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

DOJ, the State of Florida, or the CITY shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the Contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such

Contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (2) of this section.

(4) Subcontracts. The Contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime Contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (1) through (4) of this section.
