The CONTRACTOR must be capable of assembling, directing, and managing a work force that can complete the remediation in the assigned number of days.

2.3 The CONTRACTOR represents to the CITY that the water damage remediation services to be provided under this Agreement and the IFB shall be in accordance with accepted and established trade practices and procedures recognized in the CONTRACTOR's trade in general and that the materials shall conform to the highest standards and in accordance with this Agreement.

2.4 The CONTRACTOR represents that it is licensed to do business in the State of Florida and holds and will maintain all applicable licenses required for the water damage remediation services to be completed under this Agreement. The CONTRACTOR further warrants its capability and experience to perform the water damage remediation services provided for herein in a professional and competent manner.

2.5 The CONTRACTOR agrees that all water damage remediation services to be performed under this Agreement shall be performed under its supervision and all personnel engaged in performing the water damage remediation services shall be fully qualified and, if required, authorized or permitted under the state and local law to perform such services. All of the CONTRACTOR's personnel (and all subcontractors), while on CITY premises, shall comply with all CITY requirements governing safety, conduct and security.

2.6 The water damage remediation services shall be completed in accordance with the terms and conditions set forth in the IFB and this Agreement.

3. INDEPENDENT CONTRACTOR; USE OF AGENTS OR ASSISTANTS

3.1 The CONTRACTOR is and shall be, in the performance of the water damage remediation services under this Agreement, an independent contractor, and not an employee, agent, or servant of the CITY. All persons engaged in any of the services performed pursuant to this Agreement shall at all times, and in all places, be subject to the CONTRACTOR's sole direction, supervision, and control. The CONTRACTOR shall exercise control over the means and manner in which it and its employees perform the water damage remediation services.

The CONTRACTOR's Schedule of Unit Prices shall remain fixed for the first three (3) years of this Agreement. After the first three (3) years of this Agreement, if due to applicable price escalations and/or reductions which impact the CONTRACTOR's Schedule of Unit Prices, the CITY and CONTRACTOR may execute a written amendment to this Agreement to establish new Schedule of Unit Prices for the renewal term(s). The CITY's City Manager may approve changes in the CONTRACTOR's Schedule of Unit Prices based on the recommendation of the CITY's Public Works Director or designee.

5.2 Should the CITY require additional services, not included in this Agreement, fees and payment for such services will be set forth in a separate amendment, as authorized in accordance with the CITY's procurement code prior to any such additional services being provided by the CONTRACTOR.

5.3 The CITY's ordering mechanism for the water damage remediation services to be performed under this Agreement may be a Work Order or City Purchase Order; however, the terms and conditions stated in a City Purchase Order shall not apply. CONTRACTOR shall not exceed the amounts expressed on any Work Order or Purchase Order. The CITY's Fiscal Year ends on September 30th of each calendar year and the CITY cannot authorize the purchase of water damage remediation services beyond September 30th of each calendar year, prior to the annual budget being approved by the CITY's City Commission. Additionally, the CITY must have budgeted appropriate funds for the water damage remediation services in any subsequent Fiscal Year. If the budget is approved for said services, the CITY will issue a new Work Order or Purchase Order for the required and approved services.

5.4 This Agreement does not guarantee that the CITY will utilize the CONTRACTOR in any capacity or for any services hereunder. When the CITY identifies a need for the CONTRACTOR's services, the CITY will issue the CONTRACTOR with a Purchase Order specifying the work required. The CONTRACTOR shall commence the identified services upon the CITY's approval of the Purchase Order for the services and issuance of a notice to proceed.

6. MAXIMUM COSTS

6.1 The CONTRACTOR expressly acknowledges and agrees that the total cost to complete the emergency utility repair services in accordance with the IFB and this Agreement is not to exceed **the amount(s) set forth in the City-approved Purchase Order(s) issued to the CONTRACTOR**, and no additional costs shall be authorized without prior written approval from the CITY.

7. INVOICE & PAYMENT

7.1 The CONTRACTOR shall submit an itemized invoice to the CITY for approval prior to receiving compensation. The CONTRACTOR shall be paid within thirty (30) days of receipt of an approved invoice for work.

7.2 If the CITY disputes any invoice or part of an invoice, CITY shall notify the CONTRACTOR

within a reasonable time after receipt of the invoice. CITY reserves the right to off-set, reduce or withhold any payment to the CONTRACTOR until the dispute is resolved.

7.3 All invoices and payment shall be in accordance with the Local Government Prompt Payment Act, Section 218.70, et seq, Florida Statutes.

8. AUDIT BY CITY

8.1 The CONTRACTOR shall permit the CITY, or any authorized representatives of the CITY, at all reasonable times, access to and the right to examine all records, books, papers or documents related to the CONTRACTOR's performance under this Agreement including, but not limited to, expenses for sub-contractors, agents or assistants, direct and indirect charges for work performed and detailed documentation for all such services performed or to be performed under this Agreement.

9. COPIES OF DATA/DOCUMENTS

9.1 Copies or original documents prepared by the CONTRACTOR in relation to services associated with this Agreement shall be provided to the CITY. Data collected, stored, and/or provided shall be in a form acceptable to the CITY and agreed upon by the CITY.

10. OWNERSHIP

10.1 Each and every report, draft, work product, map, record, and other document reproduced, prepared, or caused to be prepared by the CONTRACTOR pursuant to or in connection with this Agreement shall be the exclusive property of the CITY.

11. WRITTEN AUTHORIZATION REQUIRED

11.1 The CONTRACTOR shall not make changes in the emergency utility repair services or perform any additional services or provide any additional material under this Agreement without first obtaining written authorization from the CITY for such additional services or materials. Additional services or materials provided without written authorization shall be done at the CONTRACTOR's sole risk and without payment from the CITY.

12. DEFAULTS, TERMINATION OF AGREEMENT

12.1 If the CONTRACTOR fails to timely perform the emergency utility repair services as agreed to in a City-approved Work Order or Purchase Order or has failed in any other respect to satisfactorily perform in accordance with this Agreement; or, is in material breach of a term or condition of this Agreement, the City Manager or designee may give written notice to the CONTRACTOR specifying defaults to be remedied. Such notice shall set forth the basis for any dissatisfaction and suggest corrective measures. If the CONTRACTOR does not remedy defaults within the allotted time or commence good faith steps to remedy the default to the reasonable satisfaction of the City Manager or designee, the CITY may take such action to remedy the default and all expenses related thereto shall be borne by the CONTRACTOR including, without limitation, utilization of another contractor to provide for such work; and/or, the CITY may withhold any money due or which may become due to the CONTRACTOR for such expense and/or work related to the claimed default. Alternatively, or in addition to the foregoing, if after three (3) days the CONTRACTOR has not remedied defaults or commenced good faith steps to remedy defaults to the satisfaction of the City Manager or designee, the CITY may elect to terminate this Agreement. No compensation shall be paid for de-mobilization, take-down, disengagement wind-down, lost profits or other costs incurred due to termination of this Agreement under this paragraph.

12.2 Notwithstanding paragraph 12.1, the CITY reserves the right and may elect to terminate this Agreement at any time, with or without cause. At such time, the CONTRACTOR would be compensated only for those emergency utility repair services which have been satisfactorily completed to the date of termination. No compensation shall be paid for de-mobilization, take-down, disengagement wind-down, lost profits or other costs incurred due to termination of this Agreement under this paragraph.

13. INSURANCE

13.1. Prior to commencing the water damage remediation services under a City-issued Purchase Order or Work Order, the CONTRACTOR shall provide certificates evidencing insurance coverage as required hereunder. All insurance policies shall be issued by companies authorized to do business under the laws of the State of Florida. The Certificates shall clearly indicate that the CONTRACTOR has obtained insurance of the type, amount, and classification as required for strict compliance with this Section and that no material change or cancellation of the insurance shall be effective without thirty (30) days' prior written notice to the CITY. Failure to comply with the foregoing requirements shall not relieve the CONTRACTOR of its liability and obligations under this Agreement. All insurance, other than Workers' Compensation, required hereunder shall specifically include the "City of Lake Worth Beach" as an "Additional Insured" and the CONTRACTOR shall provide additional insured endorsements section of Certificates of Insurance. All insurance required hereunder shall include a waiver of subrogation and apply on a primary and non-contributory basis.

13.2. The CONTRACTOR shall maintain, during the life of this Agreement, commercial general liability, including contractual liability insurance in the amount of \$1,000,000 per occurrence (\$2,000,000 aggregate) to protect the CONTRACTOR from claims for damages for bodily and personal injury, including wrongful death, as well as from claims of property damages which may arise from any operations under this Agreement, whether such operations be by the CONTRACTOR or by anyone directly employed by or contracting with the CONTRACTOR.

13.3. The CONTRACTOR shall maintain, during the life of this Agreement, comprehensive automobile liability insurance in the minimum amount of \$1,000,000 combined single limit for bodily injury and property damages liability to protect the CONTRACTOR from claims for damages for bodily and personal injury, including death, as well as from claims for property damage, which may arise from the ownership, use, or maintenance of owned and non-owned automobiles, including rented automobiles whether such operations be by the CONTRACTOR or by anyone directly or indirectly employed by the CONTRACTOR.

13.4. The CONTRACTOR shall maintain, during the life of this Agreement, Workers' Compensation Insurance and Employer's Liability Insurance for all employees as required by Florida Statutes.

13.5 The CONTRACTOR shall maintain Environmental/Contractor Pollution Liability for claims resulting from pollution or other environmental impairment arising out of, or in connection with, work performed under this Agreement, or which arises out of, or in connection with this Agreement, including coverage for clean-up of pollution conditions and third-party bodily injury and property damage claims arising from pollution conditions. Such insurance shall also include transportation coverage and non-owned disposal site coverage. Coverage must either be on an occurrence basis; or, if on a claims-made basis, the coverage must respond to all claims reported within three years following the period for which coverage is required, and which would have been covered had the coverage been on an occurrence basis. Coverage shall not exclude the assessment, removal, remediation, transport and/or handling of hazardous materials, including but not limited to mold, asbestos, and lead. Said pollution liability policy shall include and list as "Additional Insured" the CITY and the CITY's commission members, officials, officers, agents and employees; the insurance afforded to these additional insureds shall provide primary coverage for all claims covered thereby (including as applicable those arising from both ongoing and completed operations) on a non-contributory basis. The selected bidder shall obtain all necessary endorsements to support these requirements. The minimum limits (inclusive of any amounts provided by an umbrella or excess policy) shall be \$1,000,000 per occurrence and in the aggregate

14. WAIVER OF BREACH

15.1 The waiver by either party of any breach of any provision of this Agreement shall not operate or be construed as a waiver of any subsequent breach of that same or any other provision.

15. INDEMNITY

15.1 The CONTRACTOR agrees to assume liability for and indemnify, hold harmless, and defend the CITY, its commissioners, mayor, officers, employees, and agents of, from, and against all liability and expense, including reasonable attorney's fees, in connection with any and all claims, demands, damages, actions, causes of action, and suits in equity of whatever kind or nature, including claims for personal injury, property damage, equitable relief, or loss of use, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the CONTRACTOR, its agents, officers, subcontractors, employees, or anyone else utilized by the CONTRACTOR in the performance of this Agreement. The CONTRACTOR's liability hereunder shall include all attorney's fees and costs incurred by the CITY in the enforcement of this indemnification provision. This includes claims made by the employees of the CONTRACTOR against the CITY, and the CONTRACTOR hereby waives its entitlement, if any, to immunity under Section 440.11, Florida Statutes. The obligations contained in this provision shall survive termination of this Agreement and shall not be limited by the amount of any insurance required to be obtained or maintained under this Contract.

Subject to the limitations set forth in this Section, the CONTRACTOR shall assume control of the defense of any claim asserted by a third party against the CITY and, in connection with such defense, shall appoint lead counsel, in each case at the CONTRACTOR's expense. The CITY shall have the right, at its option, to participate in the defense of any third party claim, without relieving Contractor of any of its obligations hereunder. If the CONTRACTOR assumes control of the defense of any third party claim in accordance with this paragraph, the CONTRACTOR shall obtain the prior written consent of the CITY before entering into any settlement of such claim. Notwithstanding anything to the contrary in this Section, the CONTRACTOR shall not assume or maintain control of the defense of any third party claim, but shall pay the fees of counsel retained by the CITY and all expenses, including experts' fees, if (i) an adverse determination with respect to the third party claim would, in the good faith judgment of the CITY, be detrimental in any material respect to the CITY's reputation; (ii) the third party claim seeks an injunction or equitable relief against the CITY; or (iii) the CONTRACTOR has failed or is failing to prosecute or defend vigorously the third party claim. Each party shall cooperate, and cause its agents to cooperate, in the defense or prosecution of any third party claim and shall furnish or cause to be furnished such records and information, and attend such conferences, discovery proceedings, hearings, trials, or appeals, as may be reasonably requested in connection therewith.

It is the specific intent of the parties hereto that the foregoing indemnification complies with Section 725.06, Florida Statutes, as amended. The CONTRACTOR expressly agrees that it will not claim, and waives any claim, that this indemnification violates Section 725.06, Florida Statutes. Nothing contained in the foregoing indemnification shall be construed as a waiver of any immunity or limitation of liability the CITY may have under the doctrine of sovereign immunity or Section 768.28, Florida Statutes.

15.2 Nothing contained in this Agreement shall create a contractual relationship with or a cause of action in favor of a third party against either the CITY or CONTRACTOR. Further, nothing contained in this Agreement shall be construed or interpreted as consent by the CITY to be sued, nor as a waiver of sovereign immunity beyond the waiver provided in section 768.28, Florida Statutes, as amended from time to time, the limitations of which the parties agree apply to all claims regardless of whether in contract or in tort.

15.3 The CONTRACTOR's failure to comply with this section's provisions shall constitute a material breach upon which the CITY may immediately terminate this Agreement.

16. ENTIRE AGREEMENT AND ORDER OF PRECEDENCE

16.1 This Agreement consists of the terms and conditions provided herein; the IFB (including all specifications, exhibits and addenda attached thereto or referenced therein); the scope of services attached as Exhibit "A"; all applicable federal grant requirements attached as Exhibit "B"; and, the CONTRACTOR's rate attached as Exhibit "C". 17. ASSIGNMENT

17.1 Nothing under this Agreement shall be construed to give any rights or benefits to any party other than the CITY and the CONTRACTOR. All duties and responsibilities under this Agreement shall be for the sole and exclusive benefit of the CITY and the CONTRACTOR and not for the benefit or any other party. The CONTRACTOR shall not assign any right or interest in this Agreement, and shall not delegate any duty owned, without the CITY's prior written consent. Any attempted assignment or delegation shall be void and totally ineffective for all purposes and shall constitute a material breach upon which the CITY may immediately terminate or suspend this Agreement.

17.2 In the event the CITY consents to an assignment or delegation, the assignee, delegate, or its legal representative shall agree in writing to personally assume, perform, and be bound by this Agreement's covenants, conditions, obligations and provisions.

18. SUCCESSORS AND ASSIGNS

18.1 Subject to the provision regarding assignment, this Agreement shall be binding on the heirs, executors, administrators, successors, and assigns of the respective parties.

19. WAIVER OF TRIAL BY JURY

19.1 TO ENCOURAGE PROMPT AND EQUITABLE RESOLUTION OF ANY LITIGATION, EACH PARTY HEREBY WAIVES ITS RIGHTS TO A TRIAL BY JURY IN ANY LITIGATION RELATED TO OR ARISING FROM THIS AGREEMENT.

No single or partial exercise by any party of any right, power, or remedy hereunder shall preclude any other or further exercise thereof.

24. DELAYS AND FORCES OF NATURE

24.1 The CONTRACTOR shall not be considered in default by reason of a delay in timely performance if such delay and failure arises out of causes reasonably beyond the control of the CONTRACTOR or its subcontractors and without their fault or negligence. Upon the CONTRACTOR's request, the CITY shall consider the facts and extent of any such delay and failure to timely perform the work for reason beyond the control of the CONTRACTOR and, if the CONTRACTOR's delay and failure to timely perform was without it or its subcontractors' fault or negligence, as determined by the CITY in its sole discretion, the time of completion shall be extended for any reasonable time that the CITY, in its sole discretion, may decide; subject to the CITY's rights to change, terminate, or stop any or all of the work at any time. If the CONTRACTOR is delayed at any time in the progress of the work by any act or neglect of the CITY or its employees, or by any other contractor employed by the CITY, or by changes ordered by the CITY or in an unusual delay in transportation, unavoidable casualties, or any causes beyond the CONTRACTOR'S control, or by delay authorized by the CITY pending negotiation or by any cause which the CITY, in its sole discretion, shall decide justifies the delay, then the time of completion shall be extended for any reasonable time the CITY, in its sole discretion, may decide. No extension of time shall be made for any delay occurring more than five (5) days before a claim therefore is made in writing to the CITY. In the case of continuing cause of delay, only one (1) claim is necessary. The CONTRACTOR's sole remedy for a delay in completion of the work for any reason will be an extension of time to complete the work and CONTRACTOR specifically waives any right to seek any monetary damages or losses for a delay in completion of the work, including, but not limited to, waiving any right to seek monetary amounts for lost profits, additional overhead, salaries, lost productivity, efficiency losses, or any other alleged monetary losses which may be allegedly suffered by CONTRACTOR due to a delay in completion of the work.

24.2 Neither party shall be considered in default in the performance of its obligations hereunder or any of them, if such obligations were prevented or delayed by any cause, existing or future beyond the reasonable control of such party which include but are not limited to acts of God, labor disputes or civil unrest.

Exhibit A
IFB Scope of Services

The City of Lake Worth Beach is expecting the CONTRACTOR to provide water damage remediation services to the City's owned facilities immediately after a hurricane, other disaster, or as needed by the City on an emergency basis. The objective of this Agreement is to secure the services of an experienced contractor(s) who is capable of efficiently providing water damage emergency remediation services in a timely and cost-effective manner. The awarded contractor(s) should be experienced and proficient in all phases of emergency remediation services including, but not limited to, securing of furniture and other freestanding assets from affected areas, removal of damaged structural coverings, including drywall, trim, flooring, and ceiling materials, mold remediation, water extraction, disinfection of damaged areas, and remediation of hazardous materials. The awarded contractor(s) must be capable of assembling, directing, and managing a work force that can complete the repairs in the assigned number of days or less.

This is an acknowledgement that FEMA financial assistance may be used to fund the resulting contract for emergency services. The awarded contractor(s) shall perform all work in compliance with all applicable federal law, regulations, executive orders, FEMA policies, procedures, and directives in order to maximize recovery of reimbursable expenses. This shall include the provision of audit quality documentation as required by and acceptable to FEMA for all work accomplished. This includes compliance with any disaster management or monitoring services the City may have under contract.

The contractor may be required, at the City's discretion, to be under the direction of an agent of the City.

While intended to cover water damage remediation needs in any major disaster scenario or other emergency, the primary focus is on the threat of hurricane damage to City property. The planning standards used for this project are based on the anticipated impacts of a named storm event or major flood impacting Palm Beach County, Florida.

The City envisions the need for a Contractor to carry out the water damage remediation work throughout the City owned facilities in the event of a major disaster or other emergency. The contractor must have the experience and capability to manage a major workforce with multiple subcontractors and to cover the expenses associated with a major recovery operation prior to the initial City payment and between subsequent payments, as well as the capacity to provide the necessary insurance. The contractor must also have an established management team, an established network of resources to provide the necessary equipment and personnel to complete water damage remediation and demonstrable experience in major disaster recovery projects.

This will be a contingency contract that will be activated via purchase order only in case of an emergency or immediately after an emergency as needed. As such, no compensation will accrue to the contractor unless and until a purchase order is issued either in anticipation of an emergency or immediately after such emergency. Each purchase order will contain a price ceiling (not-to-exceed amount) that the contractor exceeds at its own risk.

The City does not guarantee a contractor will be activated under this contract.

In addition to using City forces and equipment, the City intends to award one (but reserves the right to execute more) water damage remediation contract for the purpose of having the contractor immediately available and committed to assisting the City prior to or in the aftermath of an emergency. The contractor will serve as a General Contractor for the purpose of water damage remediation services and will be able to use his/her own resources and subcontractor resources to meet the obligations of the contract and specific purchase order. It is anticipated that the contractor will use both local and non-local subcontractors. Notwithstanding, the contractor must take all necessary affirmative steps to assure that small and minority

businesses, women's business enterprises and labor surplus area firms are solicited and used when possible.

When a major disaster or emergency occurs or is imminent, the City will initially send out an alert to the contractor(s). This Alert will serve to activate the lines of communication between the awarded contractor(s) representatives and the City. Subsequently, the City will issue the first Purchase Order which will authorize the awarded contractor(s) to send an Operations Manager to the City within twenty-four (24) hours of receiving such Purchase Order to begin planning for the operations and mobilizing the personnel and equipment as necessary to perform the stipulated work. The awarded contractor(s) should anticipate receiving this first Purchase Order twenty-four (24) to seventy-two (72) hours before projected landfall of a hurricane or indication of the damage. Depending on the nature of the emergency, storm and circumstances, the City may activate more than one (1) contractor.

Specific purchase orders will be issued to selected contractor(s) based on the best interest of the City. The City reserves the right to assign purchase orders to various contractor(s) based on awarded pricing submitted or Contractor's availability. The City does not guarantee a cradle to grave pricing arrangement but reserves the right to pick and choose awarded contractor(s) based on ranking.

The general concept of water damage remediation services shall include, but not limited to, securing of furniture and other freestanding assets from affected areas, removal of damaged structural coverings, including drywall, trim, flooring, and ceiling materials, mold remediation, water extraction, disinfection of damaged areas, and remediation of hazardous materials, among other tasks. The City will prescribe the specific schedule to be used after ascertaining the scope and nature of the anticipated disaster or emergency's impacts.

Reporting

The contractor shall submit a report to the City's Emergency Management Coordinator or designee by close of business each day of the term of an issued purchase order as requested or as required by FEMA or other grant funding. Each report shall contain, at a minimum, the following information:

Contractor's Name

Contract Number

Daily and cumulative hours for each piece of equipment, if appropriate

Daily and cumulative hours for personnel, by position, and tasks performed, if appropriate

Volumes of repairs handled

Failure to provide audit quality information by 5:00 p.m. of the following day of operation will subject the Contractor to non-payment in each instance at the sole discretion of the City.

Performance of Contractor

It is the intent of the Agreement to ensure that the Contractor provides a quality level of service. To this end, all complaints received by the Emergency Management Coordinator or designee and reported to the contractor shall be promptly resolved pursuant to the provisions of this Agreement.

The City's Emergency Management Coordinator or designee may levy administrative charges for the following infractions:

1. Inability to perform repairs due to the contractor's equipment or operational failures, liquidated damages of \$500 per day, for each day repair site must remain attended.
2. Failure to provide audit quality information by 5:00 p.m. of the following day of operation, liquidated damages of \$500 per day, for each day of failure to provide audit quality information.

The contractor may be immediately terminated and may not be paid for the following:

1. Starting repairs of any non-eligible, non-City approved areas.
2. Moving to another designated Work Area without prior City approval.
3. Failure to provide service in accordance to guidelines set forth by FEMA (or other grant provided) and the City.
4. Soliciting work from private citizens or others to be performed in the designated Service Area during the awarded contract term.

The City reserves the right to delete or amend any of the services listed and described herein in negotiations with the selected contractor(s) or in specific purchase orders.

The City reserves the right to add additional locations to the list below if/when deemed necessary.

INSTRUCTIONS FOR CERTIFICATION

- 1) By signing this Certification, the Contractor, also sometimes referred to herein as a prospective primary participant, is providing the certification set out below.
- 2) The inability of a Contractor to provide the certification required below will not necessarily result in denial of participation in the covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the City's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
- 3) The certification in this clause is a material representation of fact upon which reliance was placed when the City determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the City, the City may terminate this transaction for cause or default.
- 4) The prospective primary participant shall provide immediate written notice to the City if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- 5) The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal and voluntarily excluded, as used in this certification, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549.

If it is later determined that the prospective primary participant knowingly entered into such a transaction, in addition to other remedies available to the City, the City may terminate this transaction for cause or default.
- 7) The prospective primary participant further agrees by signing this Addendum that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transaction," as available through the United States Department of Homeland Security, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
- 8) A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Non-procurement Programs.

9) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause.
