Electric Utilities:

1. Prior to the issuance of a building permit,
 - a. Provide the voltage requirements of the three buildings proposed on the site. Building 2 will need to be three-phase since a single-phase transformer cannot handle the load of the building.
 - b. Provide the location requested for the padmount transformers and the meter centers for each building. The transformer locations must be accessible to our vehicles, and must have 8-ft minimum clearance in the front of them and 3-ft minimum clearance on the sides and rear, including landscaping. They also must not be under or inside any structure.
 - c. Provide the load calculations for all buildings, the electrical riser diagrams for all buildings, and the construction plans showing the water, sewer, drainage, paving, landscaping, and lighting for the project.
2. Before the issuance of a Certificate of Occupancy
 - a. A 10-ft-wide utility easement for all of the electric lines, transformers and other equipment will be required to be recorded. The easement is required to provide power to this project.
 - b. Install all schedule-40 gray conduit as required by Lake Worth Beach for this project for its primary cable. This conduit must be installed at a 42" minimum depth. Pad specs will be provided to show the proper orientation of conduit at the padmount transformers.
 - c. Lighting for the parking areas on the site shall be installed at the property owner/s' or developer/s' expense.
3. Costs associated with the City of Lake Worth Beach's materials and labor for this project shall be reimbursed to the Electric Utility prior to the issuance of a Certificate of Occupancy.

Planning and Zoning:

1. All lighting shall be shielded so as to not trespass upon neighboring residential properties or districts in excess of 12.57 lumens when measured from the property line and shall comply with lighting code regulations in [LDR Section 23.4-3](#). If using LED lighting, a warm light tone is required. Lighting fixtures should comply with dark skies fixture recommendation, including a 2700K and be consistent with the architectural style of the project.
2. All ground level mechanical and electrical equipment shall be screened with shrub hedging or opaque fencing or walls. Chain link or other similar type open fencing shall not be permitted. Additionally, per LDR Section 23.4-21(1), all roof-mounted equipment shall not be visible. Materials used for screening purposes shall be compatible with the architectural style, color, and materials of the principal building from adjacent property or an adjacent street shall be screened from view. The minimum height of such screening shall be equal to the highest point of the systems/equipment.
3. A Minor Site Plan amendment shall be required to review any design modifications that arise from the City Commission at public hearing.

4. A Minor Site Plan amendment is required to establish a Uniform Master Sign Program for individual tenants/businesses in accordance with the City's Land Development Regulations is required.
5. Prior to the issuance of a building permit:
 - a. Provide a traffic performance letter from Palm Beach County's Traffic Division. Should the letter recommend any changes or improvements to the site or surrounding area, the applicant shall enter into the applicable site plan amendment process to amend the site plan.
 - b. Provide for 4% of required parking as electric vehicle charging infrastructure spaces as per 23.4-10(g) and indicate on the site plan
 - c. Notification of intent to acquire Florida Green Building certification or payment in lieu of improvements required for the Sustainable Bonus Program.
 - d. Provide landscape screening at the base of all proposed monument signage.
6. Prior to certificate of occupancy, the applicant shall pay \$246,720 toward the city's Transfer of Development Rights program.
7. Propose murals shall be reviewed by the CRA's LULA program prior to installation.

Public Works:

1. The issuance of any permits shall comply with all provisions of the Lake Worth Municipal Code and all other applicable standards including but not limited to the Florida Department of Transportation (FDOT), Manual on Uniform Traffic Control Devices (MUTCD), and City of Lake Worth Public Works Construction Standards and Policy and Procedure Manual.
2. Prior to performing work in the right of way, the applicant shall apply for and receive issuance of a "Right of Way/Utility Permit" application.
3. Prior to the issuance of a building permit:
 - a. the applicant shall contact the Lake Worth Drainage (LWDD) District's Engineering Department and obtain any required permit(s), if necessary, and furnish to the City. Prior to the issuance of a building permit, the applicant shall contact the South Florida Water Management District's (SFWMD) Engineering Department and obtain any required permit(s), if necessary.
 - b. the Applicant shall contact and meet with a representative from the Public Works Solid Waste and Recycling Division to confirm dumpster enclosure location, accessibility and demand on property and that it is compatible with the requirements of the Department of Public Works. Solid Waste and Recycling Division contact number is 561-533-7344.
 - c. the applicant shall submit an Erosion Control plan and indicate the BMP's and NPDES compliance practices.
