7 ETHICS REQUIREMENT

This ITN is subject to the State of Florida Code of Ethics for Public Officers and Employees and the Palm Beach County Code of Ethics. Accordingly, there are prohibitions and limitations on the employment of City officials and employees and contractual relationships providing a benefit to the same. 8. DISCLOSURE AND DISCLAIMER

Neither the City nor its agents provide any assurances as to the accuracy of any information in this ITN. Any reliance on the contents of this ITN, or on any communications with City representatives or agents, shall be at each Respondent's own risk. Respondents should rely exclusively on their own investigations, interpretations and analyses in connection with this matter. This ITN is being provided by the City without any warranty or representation, express or implied, as to its content, accuracy or completeness and no Respondent or other party shall have recourse to the City if any information herein contained shall be inaccurate or incomplete. 9. RESULTING CONTRACT

The terms and conditions of the resulting contract will be negotiated with the successful Respondent(s). If the City and the successful Respondent cannot agree on the terms and conditions of the resulting contract, the City reserves the right to terminate negotiations with the successful Respondent and move to the next ranked Respondent to commence negotiations. Negotiations may continue in this process until the City is able to enter into a contract with a Respondent that best meets the needs of the City.

While the City anticipates awarding one contract, the City reserves the right to award to more than one Respondent if it is considered to be in the best interests of the City.

The awarded contract(s) which will cross fiscal-years are subject to the City's annual budget and appropriation process. If an awarded contract(s) is not funded in whole or in part in a fiscal year, the City will have the right to terminate the contract without cause. The City need not include a lack of appropriations provision in the resulting contract to avail itself of such right.

10. LEGAL REQUIREMENTS

This ITN is being issued consistent with the requirements of section 287.05712, Florida Statutes, regarding public-private partnerships. While replies received in response to this ITN may not necessarily be a "qualifying project" as defined under said statute, it is anticipated that one or more replies may offer the building, upgrading, operating, and/or financing of facilities. Prior to awarding or executing a contract for a "qualifying project", the City Commission will need to make the determinations required by section 287.05712, Florida Statutes, in order to enter a comprehensive agreement with the selected Respondent.

All Respondents are advised that under the existing City Charter, the City may not sell, hypothecate, convey or lease (except a lease of less than 30 years) the City Municipal Beach Complex including the Casino Building and Pool Facility without an approved voter referendum. All Respondents are encouraged to review this Charter provision and all Charter and Code provisions regarding the City's beach complex.

For components of any proposed venture which will involve construction, the City will require a payment and performance bond consistent with section 255.05, Florida Statutes.

The City's 2013 renovation of the Municipal Beach Complex was due in part to a grant from Palm Beach County. To ensure grant requirements are not negatively impacted by any proposed venture, the City reserves the right to coordinate with Palm Beach County prior to the award of any resulting contract on the proposed venture and consistent with section 287.05712, Florida Statutes.

11. INSURANCE REQUIREMENTS

Prior to execution of the resulting contract derived from this ITN, the selected Respondent shall obtain and maintain in force at all times during the term of the resulting contract insurance coverage as required herein (or such additional insurance requirements as the City may determine depending on the proposed redevelopment project). All insurance policies shall be

issued by companies authorized to do business under the laws of the State of Florida. The Certificates shall clearly indicate that the selected Respondent has obtained insurance of the type, amount, and classification as required for strict compliance with this provision and that no material change or cancellation of the insurance shall be effective without thirty (30) days prior written notice to the City. Compliance with the foregoing requirements shall not relieve the selected Respondent of its liability and obligations under the resulting contract.

- A. General: The selected Respondent shall maintain, during the term of the contract, standard Professional Liability Insurance in the minimum amount of \$1,000,000.00 per occurrence **[if appropriate]**.
- B. Commercial: The selected Respondent shall maintain, during the life of the contract, commercial general liability, including public and contractual liability insurance in the amount of \$1,000,000.00 per occurrence (\$2,000,000.00 aggregate) to protect the Respondent from claims for damages for bodily and personal injury, including wrongful death, as well as from claims of property damages which may arise from any operations and completed operations under the resulting contract, whether such operations be by the Respondent or by anyone directly or indirectly employed by or contracting with the Respondent.
- C. Worker's Compensation: The selected Respondent shall carry Workers' Compensation Insurance and Employer's Liability Insurance for all employees as required by Florida Statutes.
- D. Automobile Liability: The selected Respondent shall maintain comprehensive automobile liability insurance in the minimum amount of \$1,000,000 combined single limit for bodily injury and property damages liability to protect from claims for damages for bodily and personal injury, including death, as well as from claims for property damage, which may arise from the ownership, use, or maintenance of owned and non-owned automobiles, including rented automobiles whether such operations be by the Respondent or by anyone directly or indirectly employed by the Respondent.

All insurance, other than Professional Liability and Workers' Compensation, to be maintained by the selected Respondent shall specifically include the CITY as an "Additional Insured" on a primary, non-contributing basis.

12. **EVALUATION AND AWARD**

The ITN process is comprised of at least (3) three steps prior to award:

Step 1: Initial Proposal Presentation and Evaluation.

When the City receives the initial proposals, the Procurement Division shall determine whether each proposal meets the minimum qualifications to be considered (**see Exhibit "A" for the minimum qualifications**). All Respondents whose proposals satisfy the minimum requirements will then be requested to provide a presentation to the City Commission in a **public meeting**. After the presentations, the initial Proposals will be evaluated by the City Commission in a **public meeting** based on the following **evaluation criteria**:

--	---------------------

Scoring is based on a 100-point scale. The following guidelines will be used for the evaluations (with associated weighting). **To be considered “Qualified”, a Respondent must receive a minimum aggregate average of 70 points.**

The City Commission may approve all proposals received to proceed to negotiations, may reject some or all proposals, or may create a short-list of proposals to proceed to negotiations. If two or more proposals offer the same or similar proposed venture, the City Commission shall endeavor to (but is not required to) to rank those proposals and proceed to negotiations with the highest ranked Respondent of the same or similar proposed venture. If a Respondent provides supporting documentation claiming veteran business enterprise, small business, or local business, the City Commission may provide a preference to such Respondent if it is ranked against another proposal proposing the same or similar proposed venture which does not claim a preference.

Once the City Commission determines whether any proposals are proceeding to negotiations, the City’s negotiation team shall meet privately in accordance with section 286.0113, Florida Statutes, to discuss negotiation strategies for each Respondent moving forward in the process. The City’s negotiation team will be comprised of City staff and possibly one (1) elected official or their designee.

Step 2: Negotiations.

In accordance with section 286.0113, Florida Statutes, the City’s negotiation team shall meet privately with each Respondent (as determined above) to ask questions regarding the proposed venture, answer Respondent’s questions, and provide suggestions on preparing a final proposal. The goal of each negotiation session with a Respondent shall be to clarify the proposed venture and establish basic terms and conditions for a resulting contract.

Step 3: Final Proposals.

After negotiations with the Respondent(s), the City shall request that each Respondent submit a final proposal by a date and time certain consisting of a term-sheet or the terms and conditions for a resulting contract with the City for the proposed venture. The City may also ask for another presentation from the Respondent based on their final proposal. Failure to submit a final proposal (or provide a requested presentation) by the date and time set will result in the disqualification of a Respondent from further consideration.

Final proposals shall be in the same format as the initial proposals and shall include the Respondent’s final Statement and Evidence of Financial Capability as follows:

- A statement and evidence of financial capability, including the ability to fund all project development costs.
- A "Letter of Intent" from a lender as to its interest in financing the development. The City considers a reputable lender as an intuition which has, in the opinion of the City, the

financial capability and experience to commit, loan and monitor the funding of loans necessary to complete the project.

- The Respondent's financial statement, with notes, and not older than one (1) year, and should indicate the resources and the necessary working capital to assure financial stability through the completion of the project.
- Financial capability shall also include an examination of the business plan and operating pro-forma for the project as revised.
- Respondent is required to provide a complete and detailed business plan and operating pro-forma that supports the development.

The City's negotiation team may engage in further private negotiation strategy meetings and private negotiations with the Respondent(s) based on their final proposal(s) to finalize contractual terms and conditions for the City Commission's evaluation. **In a public meeting**, the City Commission shall evaluate the final proposals and award a resulting contract to the Respondent or Respondents whose final proposal is in the best interests of the City based on the same **Evaluation Criteria set forth above.**

In an event of a tie in scoring, for the purpose of determining the best value in the award of an ITN where more than one respondent identifies a preference, the veteran business enterprise preference shall take precedence over the local business preference, and the local business preference shall take precedence over the small business preference.

While the City allows Respondents to specify any desired variances to the ITN terms, conditions, and specifications, the number and extent of variances specified will be considered in determining the Respondent who is most advantageous to the City.

Depending on the number of replies received and combined scores of the evaluations, the City's Evaluation Committee shall discuss whether they want to conduct negotiations with all Respondents or create a short-list of one or more Respondents. Evaluation Committee shall provide details of their specific changes and requirements related to each proposal that can be used for further negotiations.

13. PROPOSAL FORMAT

Each Respondent shall submit **one (1) original, six (6) copies, and one (1) electronic copy on USB drive of their proposal**, in a clear, concise format, on 8 1/2" x 11" paper, in English.

Each proposal (and all copies) shall contain all the information required herein to be considered for award. Omission of required data may be cause for disqualification. Any other information thought to be relevant, but not applicable to the enumerated sections, should be provided as an appendix to the proposal. If publications are supplied by a Respondent to respond to a requirement, the response should include reference to the document number and page number. Proposals not providing this reference will be considered to have no reference materials included in the additional documents.

Detailed Description of Options

Project Description:

The City of Lake Worth Beach ("City") is seeking competitive, sealed proposals from responsible respondents to commence negotiations regarding offers to manage, maintain, operate, redesign, renovate, expand, equip, and/or implement creative ventures at the Lake Worth Beach Municipal Beach Complex. The City is seeking such proposals for any or all of the following available options:

Option #1: Project proposal for the Casino Building's event space on the 2nd floor. This includes approximately 5,000 SF unfinished space and/or approximately 3,000 SF finished event space and kitchen. This may include restaurant/lounge/bar and/or other commercial-type ventures.

Option #2: Modernization/redevelopment of the pool facility area that would accommodate visitors and residents. Day options shall include public pool access for various types of activities and programs for children and adults. Afternoon and evening hours may be used for restaurant, tiki bar, cabana rentals, beverage service, and/or other commercial-type ventures. The Pool Facility including its supporting facilities covers approximately 34,000 sq. ft. Any proposed redevelopment option should provide external kiddie splash area for public access, improved storage, maintenance and lifeguard facilities, and any additional facilities to be constructed. Pool, facilities, and adjacent areas shall be redeveloped to be brought up to current codes and be fully ADA accessible.

Option #3: Combination of Option #1 and Option #2 above that includes plans for the 2nd floor event space of the Casino Building as well as plans for the adjacent pool facility area, and may include additional facilities to be renovated, redeveloped and/or constructed.

Location and Opportunity

The City of Lake Worth Beach is a coastal municipality of 7 square miles, located in Palm Beach County, Florida. The City's northern boundary is adjacent to the City of West Palm Beach's southern boundary and about 64 miles north of Miami. Downtown Lake Worth Beach is the artistic soul of Palm Beach County with a historic theater and a museum, live music clubs, coffee houses, art galleries, antique malls, retail stores, and many restaurants. The City's Municipal Beach Complex is located east of the Downtown area, adjacent to the Atlantic Ocean.

Property Description

The Municipal Beach Complex is a 19 ½ acres parcel owned by the City and generally located at 10 S. Ocean Blvd., Lake Worth Beach, Florida (Parcel Control Numbers: 38434426000010010 and 38434426000010070). The Complex includes the Casino Building, Pool Facility, waterfront park, parking area, picnic area, restrooms, municipal pier, and additional adjacent areas. The Casino Building includes a first floor area currently leased to commercial tenants and a second floor area of approximately 5,000 SF of unfinished space, approximately 3,000 SF of finished event space and a kitchen. The Pool Facility encompasses 32,500 SF (including the pool building). The City built and opened the Pool Facility to the community in the early 1970's, which the City continued to operate until its most recent closure in 2016. The Municipal Beach Complex has 713 paid public parking spaces available that are operated and enforced by the City, including 50 spaces reserved for Lake Work Beach residents with a valid parking decal. The remaining spaces are digitally metered and have a maximum allowance of 8 hours.

2013 Renovated Municipal Beach Complex

In 2013, the City renovated the Municipal Beach Complex, which officially re-opened to the public on March 1, 2013. The renovated Complex quickly became the new beach destination in South Florida. The renovated Casino Building is true to its original 1920's architecture; and, while there is no gambling at the renovated Casino Building, the name "Casino" remains as a reminder of the history and importance of the building to the citizens of Lake Worth Beach.

The renovated Municipal Beach Complex features an oceanfront park, restrooms, and picnic facilities, which complement the William O. Lockhart Municipal Pier. Beach chairs, lounges and cabanas are available to rent at the beach.

The first floor of the Casino Building is currently leased out by various commercial tenants. The first floor includes multiple restaurants, an ice cream shop, and a t-shirt store.

A unique distinction on the second floor of the Casino Building is a 3,000 SF event space/ballroom that offers breathtaking views of the Atlantic Ocean with wrap-around terraces and provides a perfect location for weddings, special occasions, and other events. The ballroom has won Wedding Wire's Couples Choice Award four years in a row in 2017, 2018, 2019 and 2020 and was also featured in Married in Palm Beach in 2017, 2018 and 2019. Adjacent to the ballroom on the second floor is 5,000 SF of unfinished space and a nearby kitchen.

The Pool Facility was not included in the 2013 Municipal Beach Complex renovation project.

Below is an aerial photograph of the Municipal Beach Complex post-renovation.

Lake Worth Beach - Beach and Casino Land Development Regulations

All development at the Municipal Beach Complex must comply with the City's land use and zoning categories. The land use and zoning categories for the Municipal Beach Complex, including development regulations and allowable uses, are detailed below. This information may also be found in the City of Lake Worth Beach's Code of Ordinances.

The Municipal Beach Complex encompasses approximately 19 ½ acres and includes a 20,861 SF reconstructed Casino Ballroom building as well as 7,284 SF of various other structures. The site floor area ratio (FAR) is 0.033 based on the gross leasable area limit on the site of 64,715 SF. There is approximately 35,000 and 40,000 of allowed new construction that can be leased. For the overall site at the current FAR, the total allowable area allowed on the site is 127,413 SF. Consequently, there is roughly 100,000 SF of allowable building on the site of which up to 64,715 SF is leasable.

Maximum height per the City's Comprehensive Plan is 45' and two stories. By utilizing a planned development scenario of the site, the overall height can be raised to 65'-0' and three stories (the Transfer Development Rights (TDR) option would have to be triggered to gain the additional story).

Future Land Use Element

Policy 1.1.13: Beach and Casino - The Beach and Casino land use category designates the area of public beach and casino building area. The term "Casino" is used in name only and reflects the historic name of the buildings and site. Designation of this area signifies the expectation that the public beach will be used for public recreation and use and specified accessory uses, and the casino area will be used for a combination of permitted private commercial and public uses. The gross leasable area of all buildings shall not exceed 64,715 SF. The implementing zoning district is BAC.

Policy 1.2.15: Locational Criteria for the Beach and Casino Designation - The Beach and Casino land use designation is mapped on sites where such uses already exist. The mapping of these uses on these sites indicates that public beach will be used for public recreation use and specified accessory uses and casino area for a combination of permitted private commercial and public uses. Per Table I the Beach and Casino (BAC) Future Land Use Designation allows for a maximum height of 45' and a FAR of 0.15
