The CITY's City Manager may approve changes in the CONTRACTOR's Schedule of Unit Prices based on the recommendation of the CITY's Water Utility Director or designee.

5.3 The CITY's ordering mechanism for the emergency utility repair services to be performed under this Agreement may be a Work Order or City Purchase Order; however, the terms and conditions stated in a City Purchase Order shall not apply. CONTRACTOR shall not exceed the amounts expressed on any Work Order or Purchase Order. The CITY's Fiscal Year ends on September 30<sup>th</sup> of each calendar year and the CITY cannot authorize the purchase of emergency utility repair services beyond September 30<sup>th</sup> of each calendar year, prior to the annual budget being approved by the CITY's City Commission. Additionally, the CITY must have budgeted appropriate funds for the emergency utility repair services in any subsequent Fiscal Year. If the budget is approved for said services, the CITY will issue a new Work Order or Purchase Order for the required and approved services.

5.4 This Agreement does not guarantee that the CITY will utilize the CONTRACTOR in any capacity or for any emergency utility repair services hereunder. When the CITY identifies a need for the CONTRACTOR's emergency utility repair services, the CITY will request a proposal from the CONTRACTOR to provide the services requested. In an event of declared disaster, the Work Order or a Purchase Order may be awarded by the CITY's City Manager. If the Work Order or Purchase Order is approved by the CITY, the CONTRACTOR shall commence the provision of the identified services upon the CITY's approval of the same. The CITY reserves the right to reject any and all proposals submitted by the CONTRACTOR. A CITY-approved Work Order or Purchase Order shall include (by reference) the plans and/or specifications provided by the CITY to the CONTRACTOR.

## **6. MAXIMUM COSTS**

6.1 The CONTRACTOR expressly acknowledges and agrees that the total cost to complete the emergency utility repair services in accordance with the IFB and this Agreement is not to exceed **the amount(s) set forth in the City-approved Work Order(s) or Purchase Order(s) issued to the CONTRACTOR**, and no additional costs shall be authorized without prior written approval from the CITY.

## **7. PAYMENT PROCEDURES**

7.1 Generally. The CONTRACTOR shall submit invoices on a monthly basis detailing all emergency utility repair services completed and in place in the prior month. The CONTRACTOR's invoices shall be submitted to:

City of Lake Worth Beach  
Attn: Financial Services Department/Procurement Division  
7 N. Dixie Highway  
Lake Worth Beach, FL 33460

7.2 The CITY's Contract Administrator will review each invoice submitted by the CONTRACTOR. If approved by the CITY's Contract Administrator and the Financial Services Department, the CITY will make payment in accordance with this Agreement. If not approved, the CITY will notify the CONTRACTOR within twenty (20) business days of the CITY's receipt and identify the action necessary to correct the invoice or a deficiency.

7.3 Payment to the CONTRACTOR shall be made pursuant Florida's Local Government Prompt Payment Act (for construction services), section 218.735, Florida Statutes (2023), except as provided herein. Specifically, the CITY will withhold five percent (5%) of each payment to the CONTRACTOR as retainage until fifty percent (50%) of the services are completed by the CONTRACTOR. After fifty percent (50%) of the services being completed, upon written request from the CONTRACTOR, the CITY's Contract Administrator may agree in writing with the CONTRACTOR to release a portion of the retainage not to exceed fifty percent (50%) of the total retainage amount. Within twenty (20) business days of the finalization of the punch-list described below and upon receipt of a payment request from the CONTRACTOR, the CITY will pay the CONTRACTOR all retainage held less an amount equal to 150% of the estimated cost to complete the items on the punch-list. Upon completion of all items on the finalized punch-list, the CONTRACTOR may submit a request for release of all retainage.

7.4 In accordance with section 218.735(7), Florida Statutes (2023), as soon as possible, but no later than ten (10) business days prior to reaching substantial completion, the CONTRACTOR shall create a proposed punch-list of items that must be completed by the CONTRACTOR prior to the CONTRACTOR submitting its final payment request. The CONTRACTOR's proposed punch-list must include all items of services which remain to be completed and the estimated cost to complete each item on the list. Upon receipt of the CONTRACTOR's proposed punch-list, the CITY will have five (5) business days to review, make modifications, or agree to the proposed punch-list and estimated cost. If the CITY does not make any modifications to the CONTRACTOR's proposed punch-list within five (5) business days of receipt, the proposed punch-list will be deemed accepted by the CITY. The CITY's Contract Administrator or designee will resolve any disputes in the punch-list and determine the final punch-list for the parties no later than five (5) days after the CITY's review and deliver the same to the CONTRACTOR. Once the punch-list is finalized and delivered to the CONTRACTOR, the CONTRACTOR shall have thirty (30) days to complete all items on the punch-list or until the time set for final completion of the services (if the final completion date provides for more time). The failure of either party to include any corrective services or pending items on the finalized punch-list does not alter the responsibility of the CONTRACTOR to complete all services. The CONTRACTOR's proposed punch-list and modifications by the CITY may be by informal written

notice (e.g., email, fax, or hand-delivery); however, proof of delivery shall be kept by the party providing the informal written notice to the other party.

7.5 Final Payment. Upon final completion and acceptance of the services in accordance with issued Work Order or Purchase Order (including all punch-list items) and final inspection by all appropriate agency with jurisdiction over the project (if other than the CITY), the CONTRACTOR shall submit a "final invoice" to the CITY. In order for both parties to close their books and records, the CONTRACTOR will clearly state "FINAL" on the CONTRACTOR's final invoice. This certifies that all services under the applicable Work Order or Purchase Order have been properly completed and all charges have been invoiced to the CITY. Since this account will thereupon be closed, any and other further charges if not properly included in this final invoice are waived by the CONTRACTOR. If the CONTRACTOR's Final Invoice is approved as set forth above, the CITY shall pay the remainder of the Work Order or Purchase Order price including any amount held as retainage.

7.6 Notwithstanding the foregoing, the CITY shall not be required to pay or release any amount of retainage that is subject of a good faith dispute made in writing, the subject of a claim brought pursuant to section 255.05, Florida Statutes, or otherwise the subject of a written claim or demand by the CITY.

7.7 Final payment shall not become due until the CONTRACTOR and all of its subcontractors submit to the CITY releases and waivers of liens, and data establishing payment or satisfaction of obligations, such as receipts, claims, security interests or encumbrances arising out of the applicable Work Order, Purchase Order, or is Agreement.

7.8 **Acceptance of final payment by the CONTRACTOR or a subcontractor shall constitute a waiver of claims by that payee except those previously made in writing and identified by that payee as unsettled at the time of final invoice.**

## **8. PUBLIC CONSTRUCTION BOND**

8.1 It is anticipated that the emergency utility repair services awarded under this Agreement may require a public construction bond under section 255.05, Florida Statutes. Due to the likelihood of services having to be performed on an emergency basis, the CONTRACTOR must provide the CITY with a public construction bond in amount of \$200,000 at the beginning of the hurricane season (no later than June 1 of each year) which is in accordance with section 255.05, Florida Statutes. Said bond amendment must be recorded in the Official Records in and for Palm Beach County and a copy of the recorded bond amendment must be provided to the CITY prior to the CONTRACTOR providing any services under the Purchase Order or Work Order. The CITY reserves the right to request a separate public construction bond for any Purchase Order or Work Order which is less than \$200,000. The cost of the public construction bond(s) as required under this section shall be a direct pass through cost to the CITY without any mark-up by the CONTRACTOR.

8.3 The public construction bond shall be on forms attached hereto as **Exhibit "E"** or substantially similar as approved by the CITY and shall incorporate by reference the terms of this Agreement in its entirety. To be acceptable to the CITY, a Surety Company shall comply with the following provisions:

- (f) The Surety Company shall not expose itself to any loss on any one risk in an amount exceeding ten (10) percent of its surplus to policyholders, provided:

1. Any risk or portion of any risk being reinsured shall be deducted in determining the limitation of the risk as prescribed in this section. These minimum requirements shall apply to the reinsuring carrier providing authorization or approval by the State of Florida, Department of Insurance to do business in this state have been met.
2. In the case of the surety insurance company, in addition to the deduction for reinsurance, the amount assumed by any co-surety, the value of any security deposited, pledged or held subject to the consent of the surety and for the protection of the surety shall be deducted.

## **9. AUDIT BY CITY**

10.1 Copies or original documents prepared by the CONTRACTOR in relation to services associated with this Agreement shall be provided to the CITY. Data collected, stored, and/or provided shall be in a form acceptable to the CITY and agreed upon by the CITY.

11.1 Each and every report, draft, work product, map, record, and other document reproduced, prepared, or caused to be prepared by the CONTRACTOR pursuant to or in connection with this Agreement shall be the exclusive property of the CITY.

## **12. WRITTEN AUTHORIZATION REQUIRED**

12.1 The CONTRACTOR shall not make changes in the emergency utility repair services or perform any additional services or provide any additional material under this Agreement without first obtaining written authorization from the CITY for such additional services or materials. Additional services or materials provided without written authorization shall be done at the CONTRACTOR's sole risk and without payment from the CITY.

## **13. DEFAULTS, TERMINATION OF AGREEMENT**

13.1 If the CONTRACTOR fails to timely perform the emergency utility repair services as agreed to in a City-approved Work Order or Purchase Order or has failed in any other respect to satisfactorily perform in accordance with this Agreement; or, is in material breach of a term or condition of this Agreement, the City Manager or designee may give written notice to the CONTRACTOR specifying defaults to be remedied. Such notice shall set forth the basis for any dissatisfaction and suggest corrective measures. If the CONTRACTOR does not remedy defaults within the allotted time or commence good faith steps to remedy the default to the reasonable satisfaction of the City Manager or designee, the CITY may take such action to remedy the default and all expenses related thereto shall be borne by the CONTRACTOR including, without limitation, utilization of another contractor to provide for such work; and/or, the CITY

may withhold any money due or which may become due to the CONTRACTOR for such expense and/or work related to the claimed default. Alternatively, or in addition to the foregoing, if after three (3) days the CONTRACTOR has not remedied defaults or commenced good faith steps to remedy defaults to the satisfaction of the City Manager or designee, the CITY may elect to terminate this Agreement. No compensation shall be paid for de-mobilization, take-down, disengagement wind-down, lost profits or other costs incurred due to termination of this Agreement under this paragraph.

13.2 Notwithstanding paragraph 13.1, the CITY reserves the right and may elect to terminate this Agreement at any time, with or without cause. At such time, the CONTRACTOR would be compensated only for those emergency utility repair services which have been satisfactorily completed to the date of termination. No compensation shall be paid for de-mobilization, take-down, disengagement wind-down, lost profits or other costs incurred due to termination of this Agreement under this paragraph.

Prior to commencing the emergency utility repair services under a City-issued Purchase Order or Work Order, the CONTRACTOR shall provide certificates evidencing insurance coverage as required hereunder. All insurance policies shall be issued by companies authorized to do business under the laws of the State of Florida. The Certificates shall clearly indicate that the CONTRACTOR has obtained insurance of the type, amount, and classification as required for strict compliance with this Section and that no material change or cancellation of the insurance shall be effective without thirty (30) days' prior written notice to the CITY. Failure to comply with the foregoing requirements shall not relieve the CONTRACTOR of its liability and obligations under this Contract. All insurance, other than Workers' Compensation, required hereunder shall specifically include the "City of Lake Worth Beach" as an "Additional Insured" on a primary, non-contributory basis, and the CONTRACTOR shall provide additional insured endorsements section of Certificates of Insurance.

#### **15. WAIVER OF BREACH**

15.1 The waiver by either party of any breach of any provision of this Agreement shall not operate or be construed as a waiver of any subsequent breach of that same or any other provision.

#### **16. INDEMNITY**

16.1 The CONTRACTOR agrees to assume liability for and indemnify, hold harmless, and defend the CITY, its commissioners, mayor, officers, employees, and agents of, from, and against all liability and expense, including reasonable attorney's fees, in connection with any and all claims, demands, damages, actions, causes of action, and suits in equity of whatever kind or nature, including claims for personal injury,

property damage, equitable relief, or loss of use, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the CONTRACTOR, its agents, officers, subcontractors, employees, or anyone else utilized by the CONTRACTOR in the performance of this Agreement. The CONTRACTOR's liability hereunder shall include all attorney's fees and costs incurred by the CITY in the enforcement of this indemnification provision. This includes claims made by the employees of the CONTRACTOR against the CITY, and the CONTRACTOR hereby waives its entitlement, if any, to immunity under Section 440.11, Florida Statutes. The obligations contained in this provision shall survive termination of this Agreement and shall not be limited by the amount of any insurance required to be obtained or maintained under this Contract.

It is the specific intent of the parties hereto that the foregoing indemnification complies with Section 725.06, Florida Statutes, as amended. The CONTRACTOR expressly agrees that it will not claim, and waives any claim, that this indemnification violates Section 725.06, Florida Statutes. Nothing contained in the foregoing indemnification shall be construed as a waiver of any immunity or limitation of liability the CITY may have under the doctrine of sovereign immunity or Section 768.28, Florida Statutes.

16.2 Nothing contained in this Agreement shall create a contractual relationship with or a cause of action in favor of a third party against either the CITY or CONTRACTOR. Further, nothing contained in this Agreement shall be construed or interpreted as consent by the CITY to be sued, nor as a waiver of sovereign immunity beyond the waiver provided in section 768.28, Florida Statutes, as amended from time to time.

16.3 The CONTRACTOR's failure to comply with this section's provisions shall constitute a material breach upon which the CITY may immediately terminate this Agreement.

All duties and responsibilities under this Agreement shall be for the sole and exclusive benefit of the CITY and the CONTRACTOR and not for the benefit or any other party. The CONTRACTOR shall not assign any right or interest in this Agreement, and shall not delegate any duty owned, without the CITY's prior written consent. Any attempted assignment or delegation shall be void and totally ineffective for all purposes, and shall constitute a material breach upon which the CITY may immediately terminate or suspend this Agreement.

#### **25. DELAYS AND FORCES OF NATURE**

25.1 The CONTRACTOR shall not be considered in default by reason of a delay in timely performance if such delay and failure arises out of causes reasonably beyond the control of the CONTRACTOR or its subcontractors and without their fault or negligence. Upon the CONTRACTOR's request, the CITY shall consider the facts and extent of any such delay and failure to timely perform the work for reason beyond the control of the CONTRACTOR and, if the CONTRACTOR'S delay and failure to timely perform was without it or its subcontractors' fault or negligence, as determined by the CITY in its sole discretion, the time of completion shall be extended for any reasonable time that the CITY, in its sole discretion, may decide; subject to the CITY'S rights to change, terminate, or stop any or all of the work at any time. **IFB Scope of Services**

The City of Lake Worth Beach is expecting the CONTRACTOR to provide repairs to the City's water distribution, wastewater collection and stormwater collection systems immediately after a hurricane, other disaster, or as needed by the City on an emergency basis. The objective of this contracting activity is to secure the services of an experienced contractor(s) who is capable of efficiently repairing aforementioned water systems in a timely and cost-effective manner. The awarded contractor(s) should be experienced and proficient in all phases of construction and repairs of water systems, including but not limited to: furnishing and installing various sizes of pipe for gravity sewer main and force main, water distribution lines and storm sewer mains; and concrete structures for the wastewater and storm water systems. Set up and monitoring of bypass pumping; dewatering systems; and restoration related to landscaping, asphalt and concrete work may also be required as needed. The awarded contractor(s) must be capable of assembling, directing, and managing a work force that can complete the repairs in the assigned number of days or less.

This is an acknowledgement that FEMA financial assistance may be used to fund the resulting contract for emergency services. The awarded contractor(s) shall perform all work in compliance with all applicable federal law, regulations, executive orders, FEMA policies, procedures, and directives in order to maximize recovery of reimbursable expenses. This shall include the provision of audit quality documentation as required by and acceptable to FEMA for all work accomplished. This includes compliance with any disaster management or monitoring services the City may have under contract.

The awarded contractor(s) may be required, at the City's discretion, to be under the direction of an agent of the City.

While intended to cover water, wastewater and stormwater repair needs in any major disaster scenario or other emergency, the primary focus is on the threat of hurricane damage to the City. The planning standards used for this project are based on the anticipated impacts of a named storm event or major flood impacting Palm Beach County, Florida.

The City envisions the need for multiple contracts to carry out the water utility systems work throughout the City in the event of a major disaster or other emergency. The awarded contractor(s) must have the experience and capability to manage a major workforce with multiple subcontractors and to cover the expenses associated with a major recovery operation prior to the initial City payment and between subsequent payments, as well as the capacity to provide the necessary insurance. The awarded contractor(s) must also have an established management team, an established network of resources to provide the necessary equipment and personnel to complete comprehensive water utility system repairs and demonstrable experience in major disaster recovery projects.

The resulting contract(s) will be activated via purchase order only in the case of an emergency or immediately after an emergency as needed. As such, no compensation will accrue to the contractor(s) unless and until a purchase order is issued either in anticipation of an emergency or immediately after such emergency. Each purchase order will contain a price ceiling (not-to-exceed amount) that the awarded contractor(s) exceeds at its own risk.

The City does not guarantee the Contractor will be activated if awarded a contract. The Contractor awarded a contract by the City will serve as a General Contractor for the purpose of water utility systems repair operations and will be able to use his/her own resources and subcontractor resources to meet the obligations of the contract and specific purchase order. It is anticipated that the awarded contractors will use both local and non-local subcontractors. Notwithstanding, the contractors must take all necessary affirmative steps to assure that small and minority businesses, women's business enterprises and labor surplus area firms are solicited and used when possible.

When a major disaster or emergency occurs or is imminent, the City intends to contact the Contractor(s) a repair contract to advise them of the City's intent to utilize the contracts via purchase order.

When a major disaster or emergency occurs or is imminent, the City will initially send out an alert to the awarded contractor(s). This Alert will serve to activate the lines of communication between the awarded contractor(s) representatives and the City. Subsequently, the City will issue the first Purchase Order which will authorize the awarded contractor(s) to send an Operations Manager to the City within twenty-four (24) hours of receiving such Purchase Order to begin planning for the operations and mobilizing the personnel and equipment as necessary to perform the stipulated work. The awarded contractor(s) should anticipate receiving this first Purchase Order twenty-four (24) to seventy-two (72) hours before projected landfall of a hurricane or indication of the damage. Depending on the nature of the emergency, storm and circumstances, the City may activate more than one (1) contractor.

Specific purchase orders will be issued to selected contractor(s) based on the best interest of the City. The City reserves the right to assign purchase orders to various contractor(s) based on awarded pricing submitted or Contractor's availability. The City does not guarantee a cradle to grave pricing arrangement but reserves the right to pick and choose awarded contractor(s) based on ranking.

The general concept of water utility systems repairs shall include pipe break repair, pipe collapse repair, sections of pipe replacement, cleaning and lining of existing mains, among other tasks. The City will prescribe the specific schedule to be used after ascertaining the scope and nature of the anticipated or disaster's or emergency's impacts.

The City reserves the right to utilize the contractors awarded for other urgent repair work consistent with this Scope of Work even if the repair work is not an emergency. Said work will be awarded via Purchase Order or a Work Order in the City's sole discretion.

#### Reporting

The awarded contractor(s) shall submit a report to the City's Emergency Management Coordinator or designee by close of business each day of the term of an issued purchase order as requested or as required by FEMA or other grant funding. Each report shall contain, at a minimum, the following information:

1. Contractor's Name
2. Contract Number
3. Daily and cumulative hours for each piece of equipment, if appropriate
4. Daily and cumulative hours for personnel, by position, and tasks performed, if appropriate
5. Volumes of repairs handled

Failure to provide audit quality information by 5:00 p.m. of the following day of operation will subject contractor to non-payment in each instance at the sole discretion of the City.

#### Performance of Contractor

It is the intent of the awarded contract(s) to ensure that the awarded contractor(s) provides a quality level of service. To this end, all complaints received by the Emergency Management Coordinator or designee and reported to the contractor(s) shall be promptly resolved pursuant to the provisions of the awarded contract(s).

The City's Emergency Management Coordinator or designee may levy administrative charges for the following infractions:

1. Inability to perform repairs due to awarded contractor(s) equipment or operational failures, liquidated damages of \$500 per day, for each day repair site must remain attended.
2. Failure to provide audit quality information by 5:00 p.m. of the following day of operation, liquidated damages of \$500 per day, for each day of failure to provide audit quality information.

The awarded contractor(s) may be immediately terminated and may not be paid for the following:

1. Starting repairs of any non-eligible, non-City approved areas.
2. Moving to another designated Work Area without prior City approval.
3. Failure to provide service in accordance to guidelines set forth by FEMA (or other grant provided) and the City.
4. Soliciting work from private citizens or others to be performed in the designated Service Area during the awarded contract term.

The City reserves the right to delete or amend any of the services as listed and described herein in negotiations with the selected contractor(s) or in specific purchase orders.

#### **END OF SCOPE OF SERVICES**

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon

contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

This document is a covered transaction for purposes of the debarment and suspension regulations implementing Executive Order 12549, Debarment and Suspension (1986) and Executive Order 12689, Debarment and Suspension (1989) at 2 C.F.R. Part 3000 (Non- procurement Debarment and Suspension). As such, Contractor is required to confirm that none of the Contractor, its principals (defined at 2 C.F.R. § 180.995), or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).

#### **INSTRUCTIONS FOR CERTIFICATION**

- 1) By signing this Certification, the Contractor, also sometimes referred to herein as a prospective primary participant, is providing the certification set out below.
- 2) The inability of a Contractor to provide the certification required below will not necessarily result in denial of participation in the covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the City's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
- 3) The certification in this clause is a material representation of fact upon which reliance was placed when the City determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the City, the City may terminate this transaction for cause or default.
- 4) The prospective primary participant shall provide immediate written notice to the City if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- 5) The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal and voluntarily excluded, as used in this certification, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549.
- 6) The prospective primary participant agrees by signing the Addendum that it shall not knowingly enter into any lower tier covered transactions with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible or voluntarily excluded from participation in this covered transaction. If it is later determined that the prospective primary participant knowingly entered into such a transaction, in addition to other remedies available to the City, the City may terminate this transaction for cause or default.
- 7) The prospective primary participant further agrees by signing this Addendum that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transaction," as available through the United States Department of Homeland Security, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
- 8) A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Non-procurement Programs.

9) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

### SAMPLE WORK ORDER

#### CONTRACTOR AGREEMENT (EMERGENCY UTILITY REPAIRS FOR WATER, WASTEWATER AND STORMWATER) WORK ORDER NO. \_\_\_\_\_

THIS WORK ORDER for Emergency Utility Repairs for Water, Wastewater and Stormwater (“Work Order” hereafter) is made on the \_\_\_\_\_, between the **City of Lake Worth Beach**, a Florida municipal corporation located at 7 North Dixie Highway, Lake Worth Beach, Florida 33460 (“City” hereafter) and **Hinterland Group, Inc.** a Florida corporation (“Contractor” hereafter).

#### **1.0     Project Description:**

The City desires the Contractor to provide all goods, services, materials and equipment as identified herein related to the Emergency Utility Repairs for Water, Wastewater and Stormwater project generally described as: \_\_\_\_\_

(the “Project”). The Project is more specifically described in the plans prepared by \_\_\_\_\_, dated \_\_\_\_\_, and which are incorporated herein by reference.

#### **2.0     Scope**

Under this Work Order, the Contractor will provide the City of Lake Worth Beach with construction services for the Project as specified in the **Contractor’s proposal attached hereto and incorporated herein as Exhibit “1”**.

#### **3.0     Schedule and Liquidated Damages**

Substantial completion of all services and work under this Work Order shall be within \_\_\_\_\_ **calendar days** from the Effective Date of this Work Order. Final completion of all services and work (and all punch-list items (if any)) under this Work Order shall be within \_\_\_\_\_ **calendar days** from the Effective Date of this Work Order. The Effective Date of this Work Order is the date following the parties’ execution of this Work Order and the City’s delivery of a Notice to Proceed to the Contractor via e-mail, facsimile or other form of delivery as documented by the City. Substantial completion occurs when the services and work has progressed to the point where, in the opinion of the City, the work is sufficiently complete in accordance with the Contract Documents and this Work Order, so that the Project can be utilized for the purposes for which it is intended. Final completion occurs when all services and work (including punch-list items) has been completed and the project becomes fully operational and accepted by the City.

**Liquidated Damages.** The City and Contractor recognize that time is of the essence under this Work Order and the Contract Documents, and that the City will suffer financial loss if the services and work described in this Work Order and the Contract Documents are not completed within the times specified in this Work Order. The City and Contractor recognize, agree and acknowledge that it would be impractical and extremely difficult to ascertain and fix the actual damages that the City would suffer in the event Contractor neglects, refuses, or otherwise fails to complete the services and work within the time specified. Accordingly, instead of requiring any such proof, the City and Contractor agree that as liquidated damages for delay (but not as a penalty) Contractor shall pay the City \_\_\_\_\_ hundred dollars (\$ \_\_\_\_\_ .00) for each day that expires after the time specified in this Work Order.

#### **4.0 Compensation and Direct Purchases**

This Work Order is issued for a lump sum, not to exceed amount of \$\_\_\_\_\_  
(\_\_\_\_\_). The attached proposal identifies all costs and expenses included in the lump sum, not to exceed amount.

The CONTRACTOR expressly acknowledges and agrees that the total cost to complete the emergency utility repair services in accordance with this Agreement is not to exceed the amount(s) set forth in this Work Order, and no additional costs shall be authorized without prior written approval from the CITY.

The following Direct Purchases are to be made under this Work Order by the City:

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

7.1 Contractor has familiarized itself with the nature and extent of the Contract Documents including this Work Order, work, site, locality, and all local conditions and laws and regulations that in any manner may affect cost, progress, performance or furnishing of the work.

7.2 Contractor has obtained at his/her own expense and carefully studied, or assumes responsibility for obtaining and carefully studying, soil investigations, explorations, and test reports which pertain to the subsurface conditions at or contiguous to the site or otherwise may affect the cost, progress, performance or furnishing of the work as Contractor considers necessary for the performance or furnishing of the work at the stated work order price within the Work Order stated time and in accordance with the other terms and conditions of the Contract Documents, including specifically the provisions of the IFB; and no additional examinations, investigations, explorations, tests, reports, studies or similar information or data are or is deemed necessary by Contractor for such purposes.

7.3 Contractor has reviewed and checked all information and data shown or indicated on the Contract Documents with respect to existing Underground Facilities at or contiguous to the site and

assumes responsibility for the accurate location of said Underground Facilities. No additional examinations, investigations, explorations, tests, reports, studies or similar information or data in respect of said Underground Facilities are or is deemed necessary by the Contractor in order to perform and furnish the work under this Work Order price, within the Work Order time and in accordance with the other terms and conditions of the Contract Documents.

7.4 Contractor has correlated the results of all such observations, examinations, investigations, explorations, tests, reports and studies with the terms and conditions of the Contract Documents.

7.5 Contractor has given the City's Contract Administrator written notice of all conflicts, errors or discrepancies that he or she has discovered in the Contract Documents and the written resolution thereof by City or its designee is acceptable to the Contractor.

**8.0 Warranty.** The Contractor warrants and guarantees to the City that all services and work provided under this Work Order will be in accordance with this Work Order and the other Contract Documents. The Contractor warrants that (a) all materials and parts supplied under this Work Order shall be free from defects for one (1) year from the final completion of all work (unless a longer manufacturer warranty applies); (b) all services and work performed under this Work Order will be free from defects for one (1) year from the final completion of all work and the project shall be fully operational without unreasonable downtime or failures; and (c) that the services and work will conform to the requirements of the Contract Documents. If, at any time prior to the expiration of the one (1) year warranty period, the City discovers any failure or breach of the Contractor's warranties or the Contractor discovers any failure or breach of the Contractor's warranties, the Contractor will, upon written notice from City or of its own accord, at the Contractor's sole cost and expense, promptly correct such failure or breach (which corrective action must include, without limitation, any necessary removal, disassembly, reinstallation, repair, replacement, reassembly, retesting, and/or re-inspection of any part or portion of the work and any other property damaged or affected by such failure, breach, or corrective action). The Contractor will remedy any such failure or breach so, to the extent possible, to avoid unnecessary disruptions to the operations of City or its systems. In the event the Contractor fails to initiate and diligently pursue corrective action within five (5) days of the Contractor's receipt of the City's notice or the Contractor's discovery of the same, the City may undertake such corrective action at the Contractor's expense.
