Funding Sources Overview

Funding Sources (Revenues) - Overview

AD VALOREM TAXES

The City of Lake Worth Beach taxes property owners based on the assessed value of their properties. The Palm Beach County Property Appraiser sets the assessed value of the property and certifies the tax roll to the City. The City then sets the millage rate at which the property owners are taxed. Each mill generates \$1 of tax revenue for every \$1,000 of assessed property value.

The proposed millage rate is consistent with the prior year of 5.4945 mills.

FRANCHISE FEES

Franchise fees are charges to service providers for the right to operate within the boundaries of the City. The City has agreements to collect franchise fees for natural gas and cable. The revenue estimates are based on rate increase information received from the respective companies, expected growth, and historical trends.

UTILITY SERVICE TAX

The City owns all of its own utilities and has the right, by Florida State Law, to tax utility services provided. The current rates charged to customers within the City limits are as follows:

Electric - 8%

Water - 5%

Sewer - 9%

PROFESSIONAL AND BUSINESS TAX

The revenue received from issuing licenses to City businesses are estimated in FY 2025 based on license costs, historical, and recent collection trends.

WATER AND SEWER IMPACT FEES

The "In City" and "Out of City" impact fees are charges to new customers for the additional burden they place upon the infrastructure.

GOLF COURSE

The City of Lake Worth Beach owns and operates one municipal golf course. The course generates revenue from users for annual memberships, green fees, cart fees, and miscellaneous charges.

STORMWATER UTILITY

Stormwater utility fees are charged through the Palm Beach County Property Appraiser under the Uniform Assessment Collection Act. The recommended rate for FY 2026 is \$120.31 per ERU, which is an increase of 2.5% from the prior year.

REFUSE UTILITY

Residential refuse fees are charged through the Palm Beach County Property Appraiser under the Uniform Assessment Collection Act. The FY2026 special assessment is \$271.55 per residential unit, which remains the same

as the prior year. Commercial rates are charged through utility billing.

DISCRETIONARY SURTAX

In November 2016, Palm Beach County voters approved raising the sales tax from 6% to 7%. This 1-cent sales tax increase took effect January 1, 2017 and will sunset on December 31, 2026 unless \$2.7 billion is collected before then. The City of Lake Worth Beach is estimated to receive \$2.5 million per year. The City created a Discretionary Surtax Fund for the purpose of accepting and disbursing the funds. The City's Bond Oversight Committee includes the Financial Advisory Board and 7 additional members. The oversight is for the expenditures through this fund. Projects funded by the surtax funds have been identified in the proposed Capital Improvements Program Budget.

INTEREST ON INVESTMENTS

The revenue generated from interest on investments is estimated based on the investment market and cash flow forecasts. Interest income has fluctuated over the past years, mainly due to variances in interest rate.
